Atomic War In Korea Is Topic Anew

Question Arises at News Russia Explodes Its Second Bomb—Will Arms Be Used?

Need Is Pointed

International Control Problem Stressed in Statement

Washington, Oct. 4—(AP)—Word that Russia has exploded another atomic bomb, coupled with other developments at home and abroad, raised anew today the question whether atomic warfare might flare in Korea.

There Russia's satellite troops and United Nations forces are in stalemated battle; bitter fighting and mounting casualties bring victory no nearer for either side. Is resort to atomic arms contemplated? There are these facts:

1. A White House announcement that "another atomic bomb has recently been exploded within the Soviet Union" and that Russia, despite pretensions that her atomic energy program is only for peaceful purposes, "is continuing to make atomic weapons."

2. An assertion by Senator Hickenlooper (R.-Iowa), member and former chairman of the Senate-House Atomic Committee, that powerful new atomic weapons are available for use in Korea; that he favors using them; but that it is a military decision.

3. The claim by Gen. Omar Bradley, chairman of the joint chiefs of staff, while on a Far East war zone trip, that UN forces can fight the war to a successful "military conclusion" if truce talks fail finally. The general did not make any explanation of how this would be done against a numerically superior enemy. Bradley left Washington for talks with commanders in Korea last Wednesday night, presumably before the report on the latest Russian atomic explosion was made. He returned today.

Contains No Details

Except for the single opening sentence saying another bomb has been exploded within the Soviet Union, the White House statement issued at direction of President Truman contained no details.

The balance of the brief statement was devoting to stressing "again the necessity for that effective, enforceable international control of atomic energy which the United States and a large majority of the members of the United Nations support."

However, White House use of the phrase "atomic bomb" was significant. The President announced two years ago—on Sept. 23, 1949—that evidence had been obtained of an "atomic explosion." He cautiously refrained from the use of the word "bomb." This time, the American scientists whose duty it is to maintain constant vigil for such things, apparently were sure it was an actual bomb.

'Very Successful'

Apparently evidence of the release of atomic energy into the upper atmosphere, where traces are picked up by delicate instruments even though the explosion may occur thousands of miles distant, was fortified by an actual record of the explosive shock. A congressional source said a seismographic record, like that used for earthquakes, was obtained and showed the explosion was "very successful."

It appeared to have occurred within the last few days.

And it was of the nuclear fission type, not a hydrogen bomb explosion, it was explained in other authoritative quarters.

There was also some evidence that the Russians had failed in another atomic explosive test before the successful one announced by the White House. Experts in a position to know said there seemed to be evidence that the first of the two experimental bombs fizzled, failing to produce an actual detonation.

In general, news of the new Soviet test produced no great surprise in Congress or elsewhere in the capital. Reports from intelligence sources had indicated the Russians were working hard to perfect the weapon type they used two years ago.

PSC Rejects Bid For Rate Boost by Phone Company

Sought 57 Millions Increase—Door Not Closed for Future

Albany, Oct. 4 (AP)—The Public Service Commission today rejected a request by the New York Telephone Company for a rate increase of $57,000,000 a year.

The commission indicated, however, that it would reconsider an application for a rate increase if Congress should boost corporate taxes.

The commission said it considered "the present rates of the company . . . just and reasonable and sufficient to provide it with adequate earnings."

The commission added in its unanimous decision that during the first six months this year, under present rates, the company received a return of slightly more than six per cent.

Granted Rise in 1950

The commission granted the telephone company an 11 per cent rate increase in May, 1950. This amounted to extra income of about $48,500,000 on an annual basis.

That was the company's first rate increase in 20 years.

The utility, with 5,500,000 telephones, provides telephone service in most of New York state. About 4,000,000 of its customers are in New York city and on Long Island.

In reaching its decision, the PSC rejected the company's claim that its returns under present rates were inadequate and would make it impossible to obtain funds for needed expansion.

The second major point advanced by the company, that inflation had reduced the purchasing power of the dollar, also was rejected by the PSC as a compelling reason for granting a rate increase.

The decision said the commission had not considered the effect of pending tax legislation in Congress on the company's revenue needs.

Early this year the company asked for boosts totaling $44,000,000. In July, it requested an additional boost of $13,000,000.

Says Revenue Needed

UN Forces Stopped by Red Drive

U. S. 8th Army Headquarters, Korea, Oct. 4 (AP)—Flame-throwing infantry men from nine United Nations burned two narrow wedges in Chinese defenses on the western front today in some of the fiercest fighting of the Korean war.

But smashing Red counterattacks stopped the two-day old Allied offensive cold along much of its 40-mile front.

Gains up to four miles were hammered out in the two days. At other points gains were so limited the yardage was not announced.

See-saw battles ranged over all of the shrub-covered hills in the Imjin river sector northeast of Kaesong, site of the disrupted truce talks.

The Allied offensive was launched by five divisions behind one of the heaviest artillery barrages of the war. American, British, Canadian, Australia, New Zealand, Greek, Turk, South Korean and Filipino troops participated in the attack. Tanks and planes supported them.

The Chinese fought so stubborn-

Mrs. Adams Named Red Cross Leader

Mrs. Samuel J. Adams of Saugerties, who served as vice-chairman of the Ulster County Chapter, American National Red Cross, during the past year, was elected chairman of the Chapter Wednesday evening at a meeting of the board of directors. Mrs. Adams succeeds G. Wallace Codwise of this city.

Mrs. Adams has been active in Red Cross circles for several years, and served as chairman of the Town of Saugerties Branch. She is an active member of the board of directors and the executive committee and a first aid instructor. It was through her efforts that the children of Saugerties have been given a protected swimming area and the opportunity to receive Red Cross swimming instructions. During World War II, Mrs. Adams played an active part in the blood program in Saugerties.

At the annual meeting of the Ulster County Chapter held recently she was awarded a "Certificate of Appreciation" from the National Red Cross in recognition of her outstanding volunteer services to Red Cros..

To succeed Alexander B. Shufeldt as vice chairman, Frederick Hoffman of this city was named. Mrs. Gertrude B. Merrill, Kingston, who served as chairman of the Volunteer Services Committee since last March, was named vice-chairman to succeed Mrs. Adams.

Oscar Lawatsch was elected treasurer to succeed Robert C. Murray and Miss Sara J. Israel was named secretary, succeeding Mrs. Charlotte W. Tappen.

Proposed changes in the by-laws of the Chapter were discussed and other business pertaining to the program for the year came before the board.

Car Owners Warned: Theft Season Nears

Washington, Oct. 4 (AP)—Car owners today were reminded officially that auto theft appears to follow a seasonal trend and usually takes an upturn in the cold months.

FBI Director J. Edgar Hoover said in a statement that statistics for the past five years show December leading in such thefts for two of the years and October, January and April at the top during the other three. The low months were June, July and August.

Hoover suggested special care in keeping parked cars locked, avoiding exposure of packages or luggage in parked cars, and the least possible use of dark streets for night parking.

Action Is Delayed In House on Big Money Measure

Rayburn Says Conferees Have Trouble Over Provisions on Reservists

Washington, Oct. 4 (AP)—Inability of Senate-House conferees to reach final agreement delayed House action today on the compromise $57,200,000,000 defense money bill.

Speaker Sam Rayburn said the conferees had run into difficulties in ironing out differences over Senate and House provisions on the release of reservists involuntarily recalled to duty.

Once the measure reaches the House, a speedy vote is expected especially in view of the word that Russia has exploded a second atom bomb.

"I can't conceive of any opposition to building up quickly our defenses and our offensive power," Rep. Mahon (D.-Tex.) told newsmen. "It is obvious that Russia isn't devoting her energies and money to peaceful pursuits. If Russia is developing and perfecting atom bombs, she isn't doing it for scientific purposes."

There are no funds in the big bill for the Atomic Energy Commission, which has been financed in a separate measure and has more money coming in another bill.

A compromise between the Senate and the House on bills passed previously, the defense budget measure still needs Senate approval before it goes to President Truman. It finances the army, the navy and the air force, and related defense activities, for the fiscal year which started July 1.

That Is Stand Taken by Justice Regarding Reports Carried by Daily Freeman

Jurors Available

Elsworth Says Panel in Excess of 600 Is at Hand

Application for change of venue in the Edward H. Kelly first degree murder case has been denied by Supreme Court Justice Roscoe V. Elsworth and his second trial will remain in Ulster county.

An application for a change of place of trial was made by Whitman Knapp of New York and Howard C. St. John, Kingston attorney, who were assigned to defendant by the court on July 17, last. Knapp had previously been assigned by the court to represent the defendant on appeal from the conviction had in County court last September.

Edward H. Kelly, 51, Shokan, former Kingston real estate broker, was indicted by the grand jury on a first degree murder charge, charging that he shot to death Mrs. Eloise McHugh, 44, of Kingston, as she was walking to work on the morning of May 22, 1950. They had been friendly over a period of years but had broken off friendship. Kelly is alleged to have fired a deer rifle from a car across the street from where Mrs. McHugh was walking on her way to work. The shooting took place on Main street between Wall and Fair streets. After allegedly firing the shot at Mrs. McHugh, Kelly, according to the information, turned the gun on himself and inflicted a slight wound in the forehead.

Indictment Returned

The indictment was returned on May 29, 1950. The case was moved for trial on September 11, and a jury was completed on September 20. The testimony was concluded on September 28 and the summations and charge by County Judge John M. Cashin came the following day. After deliberating one hour and 40 minutes the jury returned a verdict of guilty as indicted and on October 2, 1950, Kelly was sentenced to be electrocuted during the week of November 30.

On the trial William A. Kelly, Charles J. Saccoman and Guido J. Napoletano appeared for the defendant and District Attorney Louis G. Bruhn and Assistant District Attorney Vincent G. Connelly appeared for The People.

An appeal from the conviction was heard by the Court of Appeals and the judgment of conviction was reversed and a new trial granted.

Application Made

An application was then made by defendant's counsel for removal of the trial from Ulster county on the grounds a fair and impartial trial could not be had here. Reasons in support of the motion were that the trial had received great publicity and that a few months prior a defendant accused of shooting a woman, had been acquitted on a murder charge and this had "caused a strong feeling of resentment against the defendant to prevail." Securing a jury for the new trial would be difficult, counsel argued and as a third point counsel argued that the obtaining of jurors "whose minds could exclude subconscious bias in dealing with the abstract proposition of insanity" which was and is to be the defendant's only defense, would be difficult, if not impossible, in view of the publicity given the case during trial and on the reversal of the conviction, and a general feeling that the reversal was granted merely on "technical" grounds because of the use of the word "or" instead of "and" in the trial court's charge. Counsel argued on the appeal that the press and radio had ignored the

President Blames Papers, Magazines for Recent Order

Declares 95 Per Cent of U. S. Secrets Are Published by Media

Washington, Oct. 4 (AP)—President Truman said today that his executive order tightening control over government information grew out of publication of 95 per cent of our secrets "by the newspapers and slick magazines."

In a news conference which started late and lasted longer than usual, the President sparred with newspapermen over the order and declared he had no desire to suppress freedom of speech.

The order was issued Sept. 25. It empowers civilian as well as military of the government agencies to withhold information which they think might endanger the national security, and establishes uniform methods of "classifying" such information.

Although the President's announcement of the new order said censorship was not involved, the order has been widely attacked by editors, publishers and many members of Congress as establishing censorship at the source of information to which the public is entitled.

Should Withhold News

Mr. Truman suggested today that newsmen should withhold even some information made available to them by authorized government agencies.

Various reporters at the news conference then expressed puzzlement over just what the Presi-

Austin Upholds Jessup as Loyal

Former GOP Senator Says U. S. Needs Men Like Him in Paris

Washington, Oct. 4 (AP)—Warren R. Austin told senators today the United States needs men like Ambassador-at-large Philip C. Jessup on its delegation to the forthcoming United Nations General Assembly in Paris.

Austin, former Republican senator from Vermont and now the chief U. S. delegate to the UN, testified at a Senate foreign relations subcommittee hearing on President Truman's nomination of Jessup to be one of the 11 delegates and alternates to the general assembly.

Saying that more mouthing of Communist propaganda can be expected at the Paris meeting, in addition to the many important items on the agenda, Austin said the U. S. delegation:

Says Jessup Needed

"Needs a man like Dr. Philip C. Jessup and these others here who have the principles and policies of the United States as part of the fiber of their beings so that at no time during the great storm and stress we are sure to experience, there will be no failure of ability, morality, courage, or the skill to represent this great country."

Austin, speaking without a prepared statement, went before the subcommittee before Jessup himself returned to resume the day-long testimony he gave yesterday.

Jessup declared under oath yesterday that Senator McCarthy (R.-Wis.) gave false testimony in swearing earlier that Jessup has been associated with six Communist-front organizations.

Woodstock to Get New Swimming Pool

Woodstock, Oct. 4—Supervisor Kenneth L. Wilson announced announced Wednesday that by reason of a gift, a new swimming and wading pool is to be built by November 15 on the Woodstock Recreation Field. In making the gift known Wilson said:

"Due to the generosity of Anthony DeLisio, the town of Woodstock is to have a new swimming and wading pool which is to be built on the Recreation Field. Mr. DeLisio is donating the entire cost of the pool as a memorial to his late wife, Hazel DeLisio, who died in August.

"The need for a safe place at which the children and younger people of the community could swim has long been felt but the money to build such a pool has not been available.

"The new pool will be approximately 58 by 20 feet in dimensions and it will be built in two sections. One section will be a wading pool for the very small children. A separating wall will be erected between this wading pool and a larger pool which will be for the older children. The use of the pool will be under the supervision of playground supervisors."

Bronx Strike Spreads

New York, Oct. 4 (AP)—A strike of Bronx apartment house workers spread to another 450 buildings today, making a total of 900 buildings without heat, hot water or elevator service. Thomas F. Lewis, president of AFL Building Service Workers, Local 32-E, threatened further extension tomorrow of the two-day old strike, which has deprived thousands of residents of maintenance services.

Moretti Is Slain

Cliffside Park, N. J., Oct. 4 (AP)—Willie Moretti, self-admitted gambler and crony of underworld bigshots, was shot to death today in a restaurant.

Employes' Division Starts Solicitation

The public employes division of the $600,000 Benedictine Hospital campaign, under the chairmanship of Ernest Steuding, superintendent of the Board of Public Works, started its work in the campaign this afternoon with a kickoff meeting at City Hall.

Thomas Bohan is in charge of the solicitation of county employes; Philip McDonald and William Kraft in charge of federal employes; Harry Krom will direct the solicitation of state workers and James M. Brett heads city workers.

Joseph Honig, chairman of the industrial division, held a second meeting with his workers today and announced that active solicitation is now under way in 82 Kingston industries.

Giants Score Two In Series Opener

Thompson and Irvin Cross Plate, Latter Steals Home

Yankee Stadium, New York, Oct. 4 (AP)—Allie Reynolds (17-8), an old hand at pitching in World Series, was the Yankee starter as the 6th all New York World Series opened today at Yankee Stadium. The Indian righthander from Oklahoma City, Okla., was opposed by Dave Koslo (10-9), 31-year-old southpaw from Menasha, Wis.

The lineups:

Giants	Yanks
Stanky, 2b	Mantle, rf
Dark, ss	Rizzuto, ss
Thompson, rf	Bauer, lf
Irvin, lf	DiMaggio, cf
Lockman, 1b	Berra, c
Thomson, 3b	McDougald, 3b
Mays, cf	Coleman, 2b
Westrum, c	Collins, 1b
Koslo, p	Reynolds, p

Umpires: Bill Summers (AL) plate; Lee Ballafant (NL) first base; Joe Paparella (AL) second base; Al Barlick (NL) third base; John Stevens (A) left field foul line; Art Gore (NL) right field foul line.

First inning Giants:

Reynolds' first pitch to Stanky was a fast ball that cut heart of plate for strike.

Stanky took a called ball, then sent an easy roller to Rizzuto who threw him out.

Dark, hitting the first pitch, sent soft fly to Mantle in short right.

Thompson walked on five pitches.

With two strikes and no balls, Irvin lined single over Coleman's head.

Lockman smashed a ground rule double that bounced into the left field seats scoring Thompson, who had gone to third on Irvin's single, while Irvin stopped at third.

Irvin took advantage of Reynolds' semi windup and stunned huge crowd by stealing home.

Thomson walked on five pitches.

The Yankee bullpen began stirring up. Johnny Sain was seen to take his jacket off.

Mays raised high fly to Mantle in short right.

Two runs, two hits, no errors, two left.

First Inning Yankees

Thompson came in fast for Mantle's fly to short right.

Rizzuto lined a single off Dark's glove who barely missed a spectacular catch.

Irvin raced back to the left field corner to make a spectacular leaping catch of Bauer's bid for a

Anglo Oil Interests Finish Withdrawal From Abadan

Abadan, Iran, Oct. 4 (AP)—British oilmen completed their withdrawal from Abadan today and the chief of Iran's oil nationalization program said they would never return, except possibly as Iranian company employes.

Hussein Makki, right hand man of Premier Mohammed Mossadegh in the oil nationalization drive, said the Iranian navy would shoot it out if any British warships tried to blockade oil shipments from Iran. The British claim the oil stored in Abadan is the property of the Anglo-Iranian Oil Company, which Iran seized.

But an informed British source here said even the British Navy had withdrawn. Earlier plans had been to keep two destroyers anchored off the refinery area after the cruiser Mauritius took away the British employes.

Ten of the top Anglo-Iranian Company executives left by automobile for Basra, Iraq, this morning. They were to leave soon after by plane from Basra to London, along with Maj. C. F. Capper, British consul-general in Abadan, who arranged to leave Abadan in a launch. He has been ordered out of the country by Iran, and Consul L. G. Phinney already is here to take his place.

The British manager for the refineries, K. B. Ross, said before leaving that Premier Mossadegh was "digging Iran's grave." Most of the other Britons felt the same way.

Ross indicated to reporters he believed the 40 years of the Anglo-Iranian Company in Iran are all over, and the Britishers never would return as company men.

Alec Mason, acting AIOC chief in Abadan, commented on leaving that "as a commercial firm we have been hitting our head against a brick wall for the last six months."

"It became a political issue beyond our control," he said of Mossadegh's concerted drive to nationalize the country's oil.

The departure of the executives, rear guard of 315 British employes at the great refinery, left the Abadan oilfields and refinery completely in Iranian hands.

Registration Days

Friday will be the first day of registration in the City of Kingston for the important election to be held November 6. Tomorrow polls will be open throughout the 13 wards of the city from 10 a. m. to 10 p. m.

Saturday will be the second day of registration, when the polls also will be open from 10 o'clock in the morning until 10 o'clock in the evening.

Voting is the responsibility of every citizen eligible to cast his ballot. Unless you register, you cannot vote.

Plan to register tomorrow or Saturday so that you may vote in this important election to be held next month.

Each Side Proposes Talks Be Renewed; Site Is Crux

Tokyo, Oct. 4 (AP)—In an abrupt exchange of messages today, Red and Allied commanders each proposed that Korean truce talks be resumed immediately—but disagreed on a site.

Gen. Matthew B. Ridgway injected a new note into the situation by telling the Reds to pick a new site—as long as it was in no-man's land. If it looks OK to him, he said, armistice negotiations could resume at once.

Earlier Communist commanders proposed immediate reopening of talks at the original site, Red-controlled Kaesong.

The talks were broken off abruptly by the Communists Aug. 23.

The Reds started today's rapid exchange by suddenly breaking a week-long silence. As a new allied offensive roared within earshot of Kaesong, they answered a message of Ridgway sent them last Thursday.

The Reds rejected Ridgway's suggestion that talks start anew near Songhyon, a no-man's land village six miles southeast of Kaesong. They said the suggestion was "devoid of reason."

The Communists said it would provide no new assurance that neutrality agreements would be observed. Instead they suggested:

"Both sides immediately resume the conference at Kaesong. At the first meeting * * * appropriate machinery should be established to stipulate a strict agreement concerning the neutralization of Kaesong."

Two hours after announcing the text of the Communist communication, Ridgway replied. He told North Korean Premier Kim Il Sung and Chinese Gen. Peng Teh-huai:

"I have already made clear to you my views regarding the unsuitability of Kaesong as a conference site. * * * satisfactory conditions for the resumption of the armistice talks can only be insured by moving the conference site to an area where it is not under the exclusive control of either side.

"Since you reject my suggestion to meet at Songhyon, I propose that our delegations meet at a site selected by you and acceptable to me, approximately midway between our respective front lines, where the armistice discussions can be promptly resumed."

Ridgway's answer thus gave the Reds the surprising privilege of selecting the truce site but still held to the United Nations command's stand that Kaesong was no longer in the running.

Elsworth Says Panel in Excess of 600 Is at Hand

Application for change of venue in the Edward H. Kelly first degree murder case has been denied by Supreme Court Justice Roscoe V. Elsworth and his second trial will remain in Ulster county.

An application for a change of place of trial was made by Whitman Knapp of New York and Howard C. St. John, Kingston attorney, who were assigned to defendant by the court on July 17, last. Knapp had previously been assigned by the court to represent the defendant on appeal from the conviction had in County court last September.

Edward H. Kelly, 51, Shokan, former Kingston real estate broker, was indicted by the grand jury on a first degree murder charge, charging that he shot to death Mrs. Eloise McHugh, 44, of Kingston, as she was walking to work on the morning of May 22, 1950. They had been friendly over a period of years but had broken off friendship. Kelly is alleged to have fired a deer rifle from a car across the street from where Mrs. McHugh was walking on her way to work. The shooting took place on Main street between Wall and Fair streets. After allegedly firing the shot at Mrs. McHugh, Kelly, according to the information, turned the gun on himself and inflicted a slight wound in the forehead.

Indictment Returned

The indictment was returned on May 29, 1950. The case was moved for trial on September 11, and a jury was completed on September 20. The testimony was concluded on September 28 and the summations and charge by County Judge John M. Cashin came the following day. An application was then made by defendant's counsel for removal of the trial from Ulster county on the grounds a fair and impartial trial could not be had here. Reasons in support of the motion were that the trial had received great publicity and that a few months prior a defendant accused of shooting a woman, had been acquitted on a murder charge and this had "caused a strong feeling of resentment against the defendant to prevail." Securing a jury for the new trial would be difficult, counsel argued and as a third point counsel argued that the obtaining of jurors "whose minds could exclude subconscious bias in dealing with the abstract proposition of insanity" which was and is to be the defendant's only defense, would be difficult, if not impossible, in view of the publicity given the case during trial and on the reversal of the conviction, and a general feeling that the reversal was granted merely on "technical" grounds because of the use of the word "or" instead of "and" in the trial court's charge. Counsel argued on the appeal that the press and radio had ignored the

President Blames Papers, Magazines for Recent Order

Austin Upholds Jessup as Loyal

Former GOP Senator Says U. S. Needs Men Like Him in Paris

Washington, Oct. 4 (AP)—Warren R. Austin told senators today the United States needs men like Ambassador-at-large Philip C. Jessup on its delegation to the forthcoming United Nations General Assembly in Paris.

Austin, former Republican senator from Vermont and now the chief U. S. delegate to the UN, testified at a Senate foreign relations subcommittee hearing on President Truman's nomination of Jessup to be one of the 11 delegates and alternates to the general assembly.

Saying that more mouthing of Communist propaganda can be expected at the Paris meeting, in addition to the many important items on the agenda, Austin said the U. S. delegation:

Says Jessup Needed

"Needs a man like Dr. Philip C. Jessup and these others here who have the principles and policies of the United States as part of the fiber of their beings so that at no time during the great storm and stress we are sure to experience, there will be no failure of ability, morality, courage, or the skill to represent this great country."

Austin, speaking without a prepared statement, went before the subcommittee before Jessup himself returned to resume the day-long testimony he gave yesterday.

Jessup declared under oath yesterday that Senator McCarthy (R.-Wis.) gave false testimony in swearing earlier that Jessup has been associated with six Communist-front organizations.

Declares 95 Per Cent of U. S. Secrets Are Published by Media

Washington, Oct. 4 (AP)—President Truman said today that his executive order tightening control over government information grew out of publication of 95 per cent of our secrets "by the newspapers and slick magazines."

In a news conference which started late and lasted longer than usual, the President sparred with newspapermen over the order and declared he had no desire to suppress freedom of speech.

The order was issued Sept. 25. It empowers civilian as well as military of the government agencies to withhold information which they think might endanger the national security, and establishes uniform methods of "classifying" such information.

Although the President's announcement of the new order said censorship was not involved, the order has been widely attacked by editors, publishers and many members of Congress as establishing censorship at the source of information to which the public is entitled.

Should Withhold News

Mr. Truman suggested today that newsmen should withhold even some information made available to them by authorized government agencies.

Various reporters at the news conference then expressed puzzlement over just what the Presi-

Giants Score Two In Series Opener

Thompson and Irvin Cross Plate, Latter Steals Home

Yankee Stadium, New York, Oct. 4 (AP)—Allie Reynolds (17-8), an old hand at pitching in World Series, was the Yankee starter as the 6th all New York World Series opened today at Yankee Stadium. The Indian righthander from Oklahoma City, Okla., was opposed by Dave Koslo (10-9), 31-year-old southpaw from Menasha, Wis.

The lineups:

Giants	Yanks
Stanky, 2b	Mantle, rf
Dark, ss	Rizzuto, ss
Thompson, rf	Bauer, lf
Irvin, lf	DiMaggio, cf
Lockman, 1b	Berra, c
Thomson, 3b	McDougald, 3b
Mays, cf	Coleman, 2b
Westrum, c	Collins, 1b
Kosio, p	Reynolds, p

Umpires: Bill Summers (AL) plate; Lee Ballafant (NL) first base; Joe Paparella (AL) second base; Al Barlick (NL) third base; John Stevens (A) left field foul line; Art Gore (NL) right field foul line.

First inning Giants:

Reynolds' first pitch to Stanky was a fast ball that cut heart of plate for strike.

Stanky took a called ball, then sent an easy roller to Rizzuto who threw him out.

Dark, hitting the first pitch, sent soft fly to Mantle in short right.

Thompson walked on five pitches.

With two strikes and no balls, Irvin lined single over Coleman's head.

Lockman smashed a ground rule double that bounced into the left field seats scoring Thompson, who had gone to third on Irvin's single, while Irvin stopped at third.

Irvin took advantage of Reynolds' semi windup and stunned huge crowd by stealing home.

Thomson walked on five pitches.

The Yankee bullpen began stirring up. Johnny Sain was seen to take his jacket off.

Mays raised high fly to Mantle in short right.

Two runs, two hits, no errors, two left.

First Inning Yankees

Thompson came in fast for Mantle's fly to short right.

Rizzuto lined a single off Dark's glove who barely missed a spectacular catch.

Irvin raced back to the left field corner to make a spectacular leaping catch of Bauer's bid for a

UN Forces Stopped by Red Drive

U. S. 8th Army Headquarters, Korea, Oct. 4 (AP)—Flame-throwing infantry men from nine United Nations burned two narrow wedges in Chinese defenses on the western front today in some of the fiercest fighting of the Korean war.

But smashing Red counterattacks stopped the two-day old Allied offensive cold along much of its 40-mile front.

Gains up to four miles were hammered out in the two days. At other points gains were so limited the yardage was not announced.

See-saw battles ranged over all of the shrub-covered hills in the Imjin river sector northeast of Kaesong, site of the disrupted truce talks.

The Allied offensive was launched by five divisions behind one of the heaviest artillery barrages of the war. American, British, Canadian, Australia, New Zealand, Greek, Turk, South Korean and Filipino troops participated in the attack. Tanks and planes supported them.

The Chinese fought so stubborn-

Mrs. Adams Named Red Cross Leader

Mrs. Samuel J. Adams of Saugerties, who served as vice-chairman of the Ulster County Chapter, American National Red Cross, during the past year, was elected chairman of the Chapter Wednesday evening at a meeting of the board of directors. Mrs. Adams succeeds G. Wallace Codwise of this city.

Mrs. Adams has been active in Red Cross circles for several years, and served as chairman of the Town of Saugerties Branch. She is an active member of the board of directors and the executive committee and a first aid instructor. It was through her efforts that the children of Saugerties have been given a protected swimming area and the opportunity to receive Red Cross swimming instructions. During World War II, Mrs. Adams played an active part in the blood program in Saugerties.

At the annual meeting of the Ulster County Chapter held recently she was awarded a "Certificate of Appreciation" from the National Red Cross in recognition of her outstanding volunteer services to Red Cros..

To succeed Alexander B. Shufeldt as vice chairman, Frederick Hoffman of this city was named. Mrs. Gertrude B. Merrill, Kingston, who served as chairman of the Volunteer Services Committee since last March, was named vice-chairman to succeed Mrs. Adams.

Oscar Lawatsch was elected treasurer to succeed Robert C. Murray and Miss Sara J. Israel was named secretary, succeeding Mrs. Charlotte W. Tappen.

Proposed changes in the by-laws of the Chapter were discussed and other business pertaining to the program for the year came before the board.

Action Is Delayed In House on Big Money Measure

Rayburn Says Conferees Have Trouble Over Provisions on Reservists

Washington, Oct. 4 (AP)—Inability of Senate-House conferees to reach final agreement delayed House action today on the compromise $57,200,000,000 defense money bill.

Speaker Sam Rayburn said the conferees had run into difficulties in ironing out differences over Senate and House provisions on the release of reservists involuntarily recalled to duty.

Once the measure reaches the House, a speedy vote is expected especially in view of the word that Russia has exploded a second atom bomb.

"I can't conceive of any opposition to building up quickly our defenses and our offensive power," Rep. Mahon (D.-Tex.) told newsmen. "It is obvious that Russia isn't devoting her energies and money to peaceful pursuits. If Russia is developing and perfecting atom bombs, she isn't doing it for scientific purposes."

There are no funds in the big bill for the Atomic Energy Commission, which has been financed in a separate measure and has more money coming in another bill.

A compromise between the Senate and the House on bills passed previously, the defense budget measure still needs Senate approval before it goes to President Truman. It finances the army, the navy and the air force, and related defense activities, for the fiscal year which started July 1.

Each Side Proposes Talks Be Renewed; Site Is Crux

Tokyo, Oct. 4 (AP)—In an abrupt exchange of messages today, Red and Allied commanders each proposed that Korean truce talks be resumed immediately—but disagreed on a site.

Gen. Matthew B. Ridgway injected a new note into the situation by telling the Reds to pick a new site—as long as it was in no-man's land. If it looks OK to him, he said, armistice negotiations could resume at once.

Earlier Communist commanders proposed immediate reopening of talks at the original site, Red-controlled Kaesong.

The talks were broken off abruptly by the Communists Aug. 23.

The Reds started today's rapid exchange by suddenly breaking a week-long silence. As a new allied offensive roared within earshot of Kaesong, they answered a message of Ridgway sent them last Thursday.

The Reds rejected Ridgway's suggestion that talks start anew near Songhyon, a no-man's land village six miles southeast of Kaesong. They said the suggestion was "devoid of reason."

The Communists said it would provide no new assurance that neutrality agreements would be observed. Instead they suggested:

"Both sides immediately resume the conference at Kaesong. At the first meeting * * * appropriate machinery should be established to stipulate a strict agreement concerning the neutralization of Kaesong."

Two hours after announcing the text of the Communist communication, Ridgway replied. He told North Korean Premier Kim Il Sung and Chinese Gen. Peng Teh-huai:

"I have already made clear to you my views regarding the unsuitability of Kaesong as a conference site. * * * satisfactory conditions for the resumption of the armistice talks can only be insured by moving the conference site to an area where it is not under the exclusive control of either side.

"Since you reject my suggestion to meet at Songhyon, I propose that our delegations meet at a site selected by you and acceptable to me, approximately midway between our respective front lines, where the armistice discussions can be promptly resumed."

Ridgway's answer thus gave the Reds the surprising privilege of selecting the truce site but still held to the United Nations command's stand that Kaesong was no longer in the running.

Woodstock to Get New Swimming Pool

Woodstock, Oct. 4—Supervisor Kenneth L. Wilson announced announced Wednesday that by reason of a gift, a new swimming and wading pool is to be built by November 15 on the Woodstock Recreation Field. In making the gift known Wilson said:

"Due to the generosity of Anthony DeLisio, the town of Woodstock is to have a new swimming and wading pool which is to be built on the Recreation Field. Mr. DeLisio is donating the entire cost of the pool as a memorial to his late wife, Hazel DeLisio, who died in August.

"The need for a safe place at which the children and younger people of the community could swim has long been felt but the money to build such a pool has not been available.

"The new pool will be approximately 58 by 20 feet in dimensions and it will be built in two sections. One section will be a wading pool for the very small children. A separating wall will be erected between this wading pool and a larger pool which will be for the older children. The use of the pool will be under the supervision of playground supervisors."

Bronx Strike Spreads

New York, Oct. 4 (AP)—A strike of Bronx apartment house workers spread to another 450 buildings today, making a total of 900 buildings without heat, hot water or elevator service. Thomas F. Lewis, president of AFL Building Service Workers, Local 32-E, threatened further extension tomorrow of the two-day old strike, which has deprived thousands of residents of maintenance services.

Moretti Is Slain

Cliffside Park, N. J., Oct. 4 (AP)—Willie Moretti, self-admitted gambler and crony of underworld bigshots, was shot to death today in a restaurant.

Employes' Division Starts Solicitation

The public employes division of the $600,000 Benedictine Hospital campaign, under the chairmanship of Ernest Steuding, superintendent of the Board of Public Works, started its work in the campaign this afternoon with a kickoff meeting at City Hall.

Thomas Bohan is in charge of the solicitation of county employes; Philip McDonald and William Kraft in charge of federal employes; Harry Krom will direct the solicitation of state workers and James M. Brett heads city workers.

Joseph Honig, chairman of the industrial division, held a second meeting with his workers today and announced that active solicitation is now under way in 82 Kingston industries.

Anglo Oil Interests Finish Withdrawal From Abadan

Abadan, Iran, Oct. 4 (AP)—British oilmen completed their withdrawal from Abadan today and the chief of Iran's oil nationalization program said they would never return, except possibly as Iranian company employes.

Hussein Makki, right hand man of Premier Mohammed Mossadegh in the oil nationalization drive, said the Iranian navy would shoot it out if any British warships tried to blockade oil shipments from Iran. The British claim the oil stored in Abadan is the property of the Anglo-Iranian Oil Company, which Iran seized.

But an informed British source here said even the British Navy had withdrawn. Earlier plans had been to keep two destroyers anchored off the refinery area after the cruiser Mauritius took away the British employes.

Ten of the top Anglo-Iranian Company executives left by automobile for Basra, Iraq, this morning. They were to leave soon after by plane from Basra to London, along with Maj. C. F. Capper, British consul-general in Abadan, who arranged to leave Abadan in a launch. He has been ordered out of the country by Iran, and Consul L. G. Phinney already is here to take his place.

The British manager for the refineries, K. B. Ross, said before leaving that Premier Mossadegh was "digging Iran's grave." Most of the other Britons felt the same way.

Ross indicated to reporters he believed the 40 years of the Anglo-Iranian Company in Iran are all over, and the Britishers never would return as company men.

Alec Mason, acting AIOC chief in Abadan, commented on leaving that "as a commercial firm we have been hitting our head against a brick wall for the last six months."

"It became a political issue beyond our control," he said of Mossadegh's concerted drive to nationalize the country's oil.

The departure of the executives, rear guard of 315 British employes at the great refinery, left the Abadan oilfields and refinery completely in Iranian hands.

Registration Days

Friday will be the first day of registration in the City of Kingston for the important election to be held November 6. Tomorrow polls will be open throughout the 13 wards of the city from 10 a. m. to 10 p. m.

Saturday will be the second day of registration, when the polls also will be open from 10 o'clock in the morning until 10 o'clock in the evening.

Voting is the responsibility of every citizen eligible to cast his ballot. Unless you register, you cannot vote.

Plan to register tomorrow or Saturday so that you may vote in this important election to be held next month.

"South made his contract in this hand," writes a Montreal correspondent, "but he could have been beaten. I don't say that he should have been beaten, because that's really what I'm writing to you about.

"West opened the ace of diamonds, and dummy played the queen. West thought this over for a second or two and then laid down the ace of clubs, continuing with the eight of clubs. He hoped that East would produce the king of clubs or a trump, but he was disappointed on both counts.

"South tok the king of clubs and led a trump at once. West could take his ace of hearts, but nothing else.

"When the play of the hand had ended, West confessed that he could have defeated the contract. He could have led the queen of clubs (instead of the ace) at the second trick, forcing out South's king. South would lead a trump, and West would hop up with the ace to lead the six of clubs. This would put East in with the seven of clubs to return a diamond.

"Would a real expert make this play, or is it strictly a pipe dream?"

It's a hard question to answer. The play is very logical, but difficult to see. I can think of a few experts who might find the play in a very important match, but they'd probably overlook the play in a casual game.

West can see that he needs a diamond ruff to beat the contract. He can give the lead to his partner only with a high club or a club ruff.

When he leads the queen of clubs, West is asking East to overtake with the king if he can. After that play loses to South's king, West leads the six of clubs to allow East to win if he has the seven or if he can ruff.

What if East has a singeton club and a singleton trump? That is impossible. East would have six or more cards in either spades or diamonds and would bid his long suit over the double of one club.

What if South has a singleton king of clubs or the doubleton king-seven? That would be hard luck for West—but in either of those cases the situation would be hopeless unless East had a trump trick. That would be far too much to hope for.

Father, Son Suit

An action for personal injuries brought by Benjamin Castellano against his father, John Castellano of the town of Lloyd, was taken up for trial in Supreme Court Wednesday afternoon before Justice Hamm and a jury. Plaintiff alleges he was injured while transporting a heavy object on the property. Roy L. Featherstone appears for plaintiffs and A. R. MacKennan for defendant.

New Course to Open

A new Dale Carnegie course in memory training will begin in Poughkeepsie Friday. The course will be conducted in a similar fashion to the speaking courses previously offered in Kingston under the sponsorship of the American Legion. The public is invited to attend the demonstration session of the memory training course at 6 p. m. Friday, October 5, at the Nelson House, 28 Market street, Poughkeepsie.

STICKS TO THE JOB—If you're musically inclined and have the patience, you can make yourself a fine guitar out of 3000 ice cream sticks, like Earl Swafford, of Anniston, Ala., did. Using only a knife, keyhole saw, a vise and glue, he built the instrument with sticks saved for him by fellow mill workers. He plans to make a mandolin, a violin and a bass fiddle.

Women's Work

In Kibero, East Africa, the dusky ladies completely own, manage and work the one industry, salt-making, while the gentlemen gather firewood and run errands to earn their salt, the medium of exchange.

YOUR NEWSPAPERBOY

Each year during the observance of National Newspaper Week, the newspaperboy is honored on National Newspaperboy Day, which will be observed this Saturday.

It is generally agreed that any boy who carries or manages a newspaper route gains experience that is of value to him in later life. It is true, of course, that not all boys who attempt the job are successful at it, just as it is true that not all adults are successful at their chosen work.

The number of men in this community who testify to their newsboy experience and training is sometimes startling. Values involved in newsboy work are many. They include training in punctuality, in accuracy, in responsibility, in efficiency, in neatness, in manners. The newsboy gains a priceless insight into human nature and learns how to meet and deal with people. He is encouraged by his employer to be thrifty. He is reminded of his errors of omission and held accountable for the responsibilities of his job. And the time involved, dovetails his work nicely between the close of school and the dinner hour.

It is with real pride that we salute the American Newspaperboy. The Freeman joins its subscribers in paying tribute to these faithful and loyal little businessmen.

EYE ON PUBLIC OFFICE

Gov. Frank J. Lausche of Ohio withdrew his name from consideration for the job of baseball commissioner a few days before Ford Frick was chosen. The reason he gave was that he believed he should serve out his term, thereby fulfilling his implied promise to the voters.

Some have speculated that he may think the governorship a better stepping stone to further political advancement than the baseball commissionership. He has been reported planning to run either for a fourth term as governor, an unprecedented stretch in Ohio, or for senator; even, if the fates are kind, for vice-president.

The semi-autocratic commissionerships, such as that in baseball, are a comparatively new development whose political importance is uncertain. For keeping in the public eye the directorship of the movies should outrank many political posts. Will H. Hays, Republican national chairman and postmaster-general under President Harding, may have thought so when he gave up his federal post for Hollywood. Or he may simply have been attracted by the higher pay. Eric Johnston, his successor, has been reported to have political ambitions; if so, he seems to think Washington appointments preferable to any post that private industry could offer.

Some day a czar of the movies or of some other branch of private business will perhaps step directly from it into a campaign for office, and then the political possibilities of such posts can be judged better.

TEN-WORD TELEGRAM

The ten-word telegram may soon disappear from the American scene and leave to the crossword puzzle and the cryptogram the work it has done to keep people's minds sharp and alert. Western Union has announced that its users will be allowed fifteen words at the minimum rate instead of the traditional ten, under the company's new rule.

Sending the ten-word telegram used to be quite a job. It called for an imaginative mind, a stack of blank forms and a sharp pencil. Armed with this equipment, a man might sit for hours and try to figure out just which ten words, out of all the thousands and thousands in the language, would best inform his uncle in a far-off city that he intended to visit him. If the problem became too difficult the man could always use additional words or send a night letter in which more words were allowed. But to do that would have been to admit failure, and the true artist stuck to his task until he boiled the message down to ten words.

Understanding the ten-word message at the receiving end was sometimes as much of a chore as composing it. A real devotee of word economy in sending telegrams could so scrimp on verbs and punctuation as to confound an experienced cryptanalist. It may all be changed by the new fifteen-word telegram, unless it turns out that the language also has succumbed to inflation, and that now no more can be said in fifteen word than used to be said in ten.

'These Days'

By GEORGE E. SOKOLSKY

DOWN TO FUNDAMENTALS

The word, news, gives the impression that what is reported has something to do with the new, the exceptional, the novel, the different. Thus, some believe that a divorce is better news than a marriage because it is more startling or that a picture of a half-clothed starlet is terrifically interesting and exciting no such photograph will attract the permanent interest nor the unfathomable beauty of Whistler's "Mother."

We have also been taught in this trade that names make news, that the more names one mentions, the more interesting the story. In fact, some newsworthy characters are so anxious to be mentioned that even unfavorable comment is preferable to none at all. They hire press agents to make certain that they are mentioned, no matter why.

Yet, there is much more to report upon than the mere listing of names. What, for instance, is so important about the silly gal who so badly manages her life that she runs through three or four marriages in a decade? Perhaps she would stay put if she were not encouraged in her escapades by being made a celebrity for her sins.

This, of course, is a matter of opinion on which many differ, but what I am searching for is news which explains to my son and yours why their world is so confused, why years of their youth have been captured by war. Why must they be at war or ready to be called up again? Who got them into this? That is the reporter's job these days.

There are dynamic forces that move swiftly and decisive events that require analysis and understanding. For instance, Dr. Charles Malik of Lebanon, looking out upon our western world, once said:

"There is a general weakening of moral fiber. One gains the impression that the great fund of moral strength which has been handed down from the tears and labors of the ages is not being creatively replenished. There is thus unregeneration, a terrific wastage of substance. Quality is in eclipse. Quantity and size dominate. . . ."

Our universities and colleges face this probem, both as a cultural and financial one, at this time. Many of them permitted themselves the luxury of the G.I. Bill of Rights, which was as much a subsidy for schools as it provided aid to former soldiers. They expanded to accept increased attendance. They took on additional staff, often not of the quality and maturity of those who had slowly established themselves as scholars by achievement in general or particular fields.

In the lower schools, the degeneration of quality set in long before in the growth of what is generally called progressive education and in the elimination of such specific subjects as history, geography and civics, the cumulative subject called the social sciences having been substituted.

But the very worst defect in general school education, from the standpoint of quality, is the assumption that children must remain at school, often up to 18 years of age, whether they are able to absorb knowledge or not, and that none may be held back, no matter how stupid, first because it is anti-social to punish the lazy, the idle and the incompetent, and secondly because unless whole classes are pushed ahead, there can be no seats for the oncoming classes.

Thus, for education is substituted regimentation; for scholarship, mere attendance. Some colleges are correcting these defects by stiffening the required courses during the first two years. Another check on the exaltation of the stupid is the special examination of smart boys in connection with the draft.

I once heard a mother object to giving the smart boys increased opportunity on the grounds that it was undemocratic. Of course, learning has never been democratic, only one Aristotle having been produced in 4,000 years, and an army is not related to equality but to special abilities, finely trained and capable of utilization at the precise moment of necessity.

Quality is always rare, but it is always worth the effort. There have only been half a dozen such musicians as Mozart, Bach, Beethoven and Brahms, and they are worth discovering anew in each generation. Maybe, it is exciting to discover that somebody made a fortune out of "Come On-a My House," if that is what the thing is called. But there is no news in that. Somebody is always making a fortune. It is news when Grandma Moses at 90 paints a great portrait of America. It is a matter of quality.

That Body of Yours

EXTRA SYSTOLES—EXTRA HEART BEATS

Because most men and women know that heart disease is now the commonest cause of death and see many of their friends attacked by heart strokes (coronary thrombosis), we can readily understand their fear when any symptoms occurs in the heart or the region of the heart. One of the symptoms that upsets many people is the "skipping" of a beat of the heart called extra systole (extra beat on the first beat of the heart). As the individual listens to his heartbeat or feels the heartbeat, he finds that his heart will beat evenly for a number of beats and then there willl be a pause, an actual stopping of the heartbeat, and then two beats occur close together, a skipped beat and then an extra beat.

While there may be various causes of these extra systoles, they are thought to occur when the irritability of the heart temporarily is greater than usual thus upsetting the heart's regular rhythm.

In Psychosomatic (mind and body) Medicine, Drs. Ian F. Stevenson, Charles H. Duncan, Stewart Wolf, Herbert S. Ripley and Harold G. Wolff (Cornell University) report their investigation of 12 cases as to the possibility of extra systoles occurring as part of the heart's reaction to life situations. Anxiety was prominent in 11 and was displayed in speech, behavior, posture and muscle tension. The patients were usually timid and dependent on others. Extra systoles and associated anxiety were observed in all 11 patients during the discussion of any topic to which they were sensitive, such as those relating to heart disease.

These research workers report that practically the whole body reacts to life situations; that the heart and circulation of the blood are affected by unpleasant life situations was evidenced by increased heart rate and stroke volume as a defense mechanism to these life structures. In mild cases there is only the increase in the heart rate (tachycardia). However, the doctors say, "if the disturbance is sufficiently intense and lasts for a considerable time, the irritability of the heart may be increased to the point where it produces extra systoles." Should stress become even greater, more serious disturbance of the heart's rhythm may occur.

"Treatment of patients with extra systoles should include attention to the life situation and the patient's adjustment to it, not only for its effect upon the rhythm or regularity of heart beat but in relieving heart stress as shown by the extra systoles.

"Quick! Mossadegh's Fainted Again!"

The Washington Merry-Go-Round

By DREW PEARSON

Washington—Sen. Owen Brewster of Maine is leading an undercover drive to depose GOP National Chairman Guy Gabrielson — because Gabrielson won't join the covert anti-Eisenhower campaign.

This is what was back of the slam-bang attack on Gabrielson by isolationist Republican Senators Dirksen of Illinois, Welker of Idaho and Jenner of Indiana, all faithful friends of Brewster.

For some time there has been bad blood between the amiable, conservative Gabrielson — who feels he must be neutral as to all GOP candidates — and Brewster, who is both the strategist for extreme right-wing forces in the Senate and likewise Taft's campaign adviser. Gabrielson is privately pro-Taft, but he refused to go along on the anti-Eisenhower smear campaign recently distributed in Maine.

In fact, Gabrielson told a Senate Elections Subcommittee he was "surprised and shocked" at the circulation of the "partisan Republicans" pamphlet linking Eisenhower with the Communists.

Therefore when conscientious Republican Senator Williams of Delaware criticized Gabrielson's connection with RFC loans to Carthage Hydrocol, Brewster saw his chance. He called in other Republican senators, asked them to join Williams "for the good of the party."

Sam Rayburn Rages

Speaker Sam Rayburn, usually an easygoing soul, gave Congressman Clarence Cannon of Missouri, chairman of the House Appropriations Committee, a private dressing-down last week.

Cannon, who has had a tough time getting appropriations okayed in his committee, dropped into Rayburn's office to ask for a fourth 30-day extension to permit the government to operate another month while waiting for its appropriation bills to pass Congress. The bills were supposed to pass by the end of the fiscal year, June 30, and ever since that date, the government has been operating on a month-to-month piecemeal basis.

The speaker listened to Cannon's request and then hit the ceiling. He told the startled Missourian that this is the first time in history that Congress has had to give four extensions on appropriations bills. Then he ordered Cannon bluntly to hurry up and finish the appropriations bill so Congress could go home.

Too Late in Iran

Sorest people against the British in the Iranian oil dispute are other oil men in the Middle East. They point out that the British oil concession in Iran was obtained by corruption, that Britain kept certain members of the Iranian Parliament on its payroll for years, and that everyone in Teheran knows this.

They also point out that the royalties paid by the British are so niggardly that the Iranians were bound to kick over the traces.

In Indonesia, American companies pay 60 per cent royalty to the Indonesian government, keep 40 per cent. In Arabia the split is fifty-fifty. But in Iran, Britain officially pays only 25 per cent to Iran, though unofficially and through secret bookkeeping the split is reported nearer 12 per cent for Iran; 88 per cent for Britain. The Anglo-Iranian Oil Company, of course, is government-owned.

Worst tragedy is that the State Department failed to move in with our British friends long ago to head off obvious disaster.

Justice Douglas Warned

In recent months the State Department has been on the ball, but this was far too late. In 1949, for instance, Justice William O. Douglas came back from Iran to warn the State Department what was bound to happen. On January 30, this column also warned: "Moscow is waging an extremely effective campaign to take over Iran by friendly infiltration. Simultaneously, the United States has so bungled its diplomacy that Iran is on the verge of tossing aside its traditional friendship with the U.S.A. . . . Iran has cut the Voice of America, given free play to the Moscow radio, has negotiated a new trade treaty with Russia. . . ."

For months, however, U. S. ambassadors in Teheran had instructions not to discuss the British oil problem. This was Britain's baby, they were advised, and we should keep hands off.

Premier Ali Razmara, our great friend, was assassinated partly because he made no progress solving the British oil problem. We refused to discuss it with him.

Now, however, the entire Middle East is on the verge of a crisis —and possible war—because of this bungling.

Note—British doctors were wise enough to operate on the King of England before it was too late. Diplomacy is much like medicine. If there is too much delay the patient never recovers. And in the case of Iran, the sore has been allowed to fester so long that almost no diplomacy can save it.

A-Bomb Report

The Atomic Energy Commission has sent President Truman an extremely encouraging report on the atomic race with Russia. This is the inside reason behind the enthusiastic statements recently about our fantastic A-bomb progress.

The report to the President says flatly that the United States has now regained the tremendous atomic superiority it had over Russia in August of 1949 when the first Soviet atomic bomb was exploded. Furthermore a round-the-clock watch by Allied seismographs and geiger counters indicates that the Russians have not tested or exploded another bomb since then.

This probably means that the only atomic bomb the Russians have been able to produce and stockpile is the old-model Hiroshima-type bomb they set off in 1949. The Hiroshima-type bomb is now about as old fashioned as a model T Ford.

It's reported that the Russians have perhaps a minimum of 50 of these on hand, with a possible maximum of 200. In contrast, it's no secret that the United States has many, many times that number, an unlimited supply of uranium, and at least half a dozen new-type atomic weapons that Russia hasn't even got on the drafting board yet.

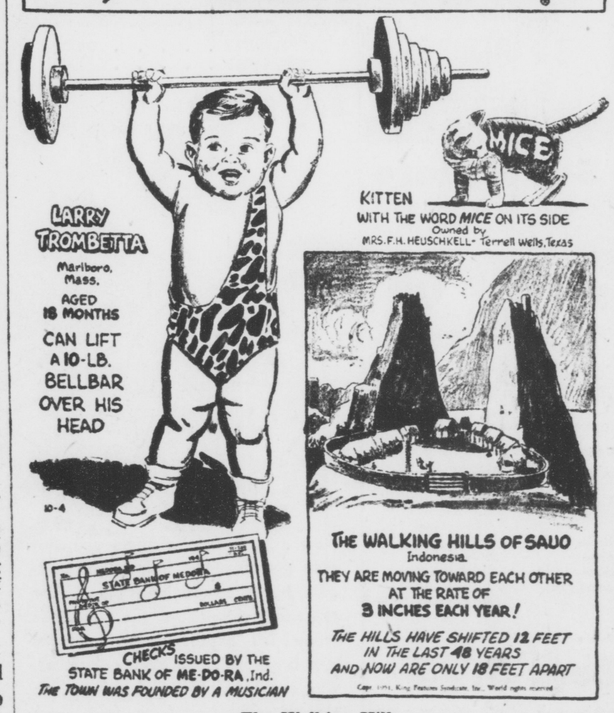
Ripley's—Believe It or Not!



The Walking Hills

The stronghold of the Datu (ruler) of Saua, Indonesia, is framed by twin hills which the rulers have long used as tombs for their ancestors. The women are buried in the left hill while the men rest in the hill on the right. Since 1902 it has been noticed that these hills are slowly moving toward one another at the rate of 3 inches per year. They have covered 12 feet since 1903. Since the remaining distance, between them is 18 feet, it is expected that they will clash in 72 years.

Twenty and Ten Years Ago

Oct. 4, 1931—Fourteen passengers of a Greyhound bus were injured slightly when it struck a tree on Flatbush avenue.

John T. Tonskey, superintendent of mails at central post office, died at his Hasbrouck avenue home.

Joseph Levine was elected president of the Jewish Community Center.

Miss Florence Lutz, of Prince street, and Frank P. Ward, of Kansas City, Mo., were married in New York.

Andrew Patchell died at his Blue Mountain home.

Oct. 4, 1941—Andrew Gilday was elected president of the Board of Governors of the Catholic Athletic Association.

Rear Admiral Richard E. Byrd told a Lions Club audience here that 20 branches of sciences gained information from the Byrd Antarctic expeditions.

Helen Morgan, noted singer, who had been living near High Falls, was reported in grave condition at a Chicago hospital.

Members of the Immaculate Conception parish here planned to participate in the Oct. 5. Pulaski Memorial Day parade in New York.

Work was in progress at the Hutton brick yard on the installation of new systems for burning and loading brick.

Neither Russians Nor Americans Doing Things Needed to Prevent Atomic Warfare

By DAVID LAWRENCE

Washington, Oct. 4—The reporters who were clustered around a television set in the press room of the White House, watching the Dodgers-Giants baseball game, didn't want to be disturbed—but a super-sensational piece of information was given them officially and they had to scamper to their telephones to flash the news that the Soviets had exploded "another atomic bomb."

This incident may be said to be symbolic of the reaction of the American people—nobody in free America wants to be disturbed by the unpleasant prospect of an atomic war.

If the truth were known, probably nobody in Russia wants to see atomic bombs dropped there either.

Yet neither the Russian people nor the American people are doing the things that have to be done to avert an atomic war.

About the only concrete reaction here was among members of the Senate and House, who began urging that our atomic program be stepped up with increased funds and that particular attention be given to the hydrogen bomb which, it is assumed, the Russians haven't yet learned how to make.

With billions being spent for defense—and properly so—it might be thought that the most important task that would be under way in government would be a program to reach the hearts and minds of the Russian people. For the atom bomb itself is harmless—it is the hand that throws the bomb that must be persuaded not to throw it.

For years now the American government has known that the Russian government does not reflect the wishes of the Russian people and that only a process of coercion keeps the men in the Kremlin in power.

For years, too, the world has known that war itself never settles anything and that, while the armies cease their fighting, the problems of reconstruction and the economic chaos that has been generated are bigger than the problems of war itself. Armies can be vanquished but peoples cannot be destroyed.

Knowing now that neither World War I nor World War II settled the problems that had arisen among the rapidly growing populations of the various countries involved, it might be thought that the No. 1 objective today would be to devise ways and means to prevent another war. But the idea of reaching the hearts and minds of peoples now caught temporarily in the trap of Communist imperialism has been bandied about in the Democratic countries as if it were just a side issue. Thus the "Voice of America" has been relied upon to do this job. The theory of such a "voice" is good, but the basic concept and the execution are faulty. What is needed is not more transmitters and buildings to house the "Voice of America" apparatus and personnel but new concepts of policy that are tuned to the realism of the situation in which the peoples of the satellite countries find themselves.

Not long ago the President showed his awareness of the problem to the extent that he set up a Psychological Warfare Board under Gordon Gray, president of the University of North Carolina and formerly secretary of the army. Mr. Gray is an able man, but the setup will never work because it is just a piece of incidental governmental machinery. Instead of a representative on the new board from the Defense Department and another from the State Department to recommend and suggest programs of action in the psychological field, the board should consist of at least a dozen prominent Americans who are qualified by experience in these matters to undertake the direction of this tremendously vital counter-effort against an atomic war. The board should by statute be an integral part of the National Security Council.

The American people are helpless to speak to the Russian people except through agencies set up here for that purpose. But the agencies thus far set up are inadequate and cannot do the job that has to be done. The Department of State, for instance, with bureaucratic zeal still insists on controlling the entire propaganda effort. Hence, the most important counter-move that could be made to prevent World War 3 fails even to get started on the comprehensive basis that it deserves.

There is enough ingenuity in the world to persuade the peoples of the satellite countries not to tolerate tyrannical governments, but evidently there isn't enough imagination and boldness in the American government to put that job at the top of the agenda today. Maybe another atom bomb will have to be exploded by Russia before there is a shakeup here of the complacency that prevails inside the government and before advantage will be taken of the many opportunities arising every day to reach the peoples of the satellite nations.

AS PEGLER SEES IT

By WESTBROOK PEGLER

New York, Oct. 3—Lest it be thought that the Marshall girls, of Marshall, Tex., are a lawless lot of molls who are violating the baby-sitters' and lawn-boys' extension of the Social Security Act out of sheer meanness, it should be stated that all they have asked for is an opportunity to test the law in the courts. They are advised that the law is unconstitutional.

Vivien Kellems, who fought the withholding tax on the same ground and for patriotic reasons, entreated her government to grant her a test in that case. The government, however, lacks confidence in the validity of either law in a formal trial even before the partisan judges of its own packed federal courts. For this reason, it declines to submit the question to the test that most controversial laws must meet when a constitutional question is involved.

The Marshall girls committed an overt act in a negative way.

They made correct returns but notified the Treasury that they believed the law violated the Constitution in certain particulars. So they asked the Treasury to meet them in court. Instead, the Treasury, after very complicated procedure, attached their bank accounts for the amounts deemed to be due, all of which were petty.

Now it is their move. They will continue to refuse to pay as each quarter rolls around but meantime they are going into court as plaintiffs demanding the return of the money taken by attachment.

Martin Dies, after long retirement from politics, has taken the case of the Marshall girls, intending to carry it to the Supreme Court. Personal expenses of lawyers and witnesses while traveling, printing and of legal services cannot be precisely estimated in advance, but he believes that if the case goes all the way the Marshal girls will have to dig up about $25,000. So far, they have received about $1,100 in contributions. Most of them are young, the wives of young husbands of modest earnings, just getting a start in life and are simply unable to find their pro rata shares. There are many small children in these good American families.

The government has not shown good faith in any of these dealings with the Marshall girls or Miss Kellems. It has been devious and tricky and it has been notably timid about the criminal penalties, afraid to arrest any of these women lest the whole business get into the courts and go to the Supreme Court on a habeas corpus issue, the route that Harry Bridges took after his first deportation order. Bridges then was no less a Communist then he is today but Communists were in high standing under Roosevelt and in Truman's early days and the court gave him a favorable political decision.

In the present problems there is a danger that the same court, with unimportant changes, will write a specious political opinion torturing the constitution with ideological babble to uphold the baby-sitters' and lawn-boys' tax. But it is, so to speak, the only roulette wheel in town.

There are many ways to lick this law by sabotage. The Marshall girls' plan would wreck it if it were adopted by a million or more women. The legal and clerical services that would be required to repeat in a million cases the steps taken in Marshall, Tex., would make a farce of this thing. Mr. Dies says that not more than half of the women of Texas who are required by this law to reckon the figures, write out returns and send remittances have paid the slightest attention to it. In time, under this condition, it would go the way of Prohibition.

Another device of harassment would be to miscalculate the amount due by 15 or 30 cents each quarter. These amounts would be so small that the courts would

YOUR NEWSPAPERBOY

Each year during the observance of National Newspaper Week, the newspaperboy is honored on National Newspaperboy Day, which will be observed this Saturday.

It is generally agreed that any boy who carries or manages a newspaper route gains experience that is of value to him in later life. It is true, of course, that not all boys who attempt the job are successful at it, just as it is true that not all adults are successful at their chosen work.

The number of men in this community who testify to their newsboy experience and training is sometimes startling. Values involved in newsboy work are many. They include training in punctuality, in accuracy, in responsibility, in efficiency, in neatness, in manners. The newsboy gains a priceless insight into human nature and learns how to meet and deal with people. He is encouraged by his employer to be thrifty. He is reminded of his errors of omission and held accountable for the responsibilities of his job. And the time involved, dovetails his work nicely between the close of school and the dinner hour.

It is with real pride that we salute the American Newspaperboy. The Freeman joins its subscribers in paying tribute to these faithful and loyal little businessmen.

EYE ON PUBLIC OFFICE

Gov. Frank J. Lausche of Ohio withdrew his name from consideration for the job of baseball commissioner a few days before Ford Frick was chosen. The reason he gave was that he believed he should serve out his term, thereby fulfilling his implied promise to the voters.

Some have speculated that he may think the governorship a better stepping stone to further political advancement than the baseball commissionership. He has been reported planning to run either for a fourth term as governor, an unprecedented stretch in Ohio, or for senator; even, if the fates are kind, for vice-president.

The semi-autocratic commissionerships, such as that in baseball, are a comparatively new development whose political importance is uncertain. For keeping in the public eye the directorship of the movies should outrank many political posts. Will H. Hays, Republican national chairman and postmaster-general under President Harding, may have thought so when he gave up his federal post for Hollywood. Or he may simply have been attracted by the higher pay. Eric Johnston, his successor, has been reported to have political ambitions; if so, he seems to think Washington appointments preferable to any post that private industry could offer.

Some day a czar of the movies or of some other branch of private business will perhaps step directly from it into a campaign for office, and then the political possibilities of such posts can be judged better.

TEN-WORD TELEGRAM

The ten-word telegram may soon disappear from the American scene and leave to the crossword puzzle and the cryptogram the work it has done to keep people's minds sharp and alert. Western Union has announced that its users will be allowed fifteen words at the minimum rate instead of the traditional ten, under the company's new rule.

Sending the ten-word telegram used to be quite a job. It called for an imaginative mind, a stack of blank forms and a sharp pencil. Armed with this equipment, a man might sit for hours and try to figure out just which ten words, out of all the thousands and thousands in the language, would best inform his uncle in a far-off city that he intended to visit him. If the problem became too difficult the man could always use additional words or send a night letter in which more words were allowed. But to do that would have been to admit failure, and the true artist stuck to his task until he boiled the message down to ten words.

Understanding the ten-word message at the receiving end was sometimes as much of a chore as composing it. A real devotee of word economy in sending telegrams could so scrimp on verbs and punctuation as to confound an experienced cryptanalist. It may all be changed by the new fifteen-word telegram, unless it turns out that the language also has succumbed to inflation, and that now no more can be said in fifteen word than used to be said in ten.

'These Days'

By GEORGE E. SOKOLSKY

DOWN TO FUNDAMENTALS

The word, news, gives the impression that what is reported has something to do with the new, the exceptional, the novel, the different. Thus, some believe that a divorce is better news than a marriage because it is more startling or that a picture of a half-clothed starlet is terrifically interesting and exciting no such photograph will attract the permanent interest nor the unfathomable beauty of Whistler's "Mother."

We have also been taught in this trade that names make news, that the more names one mentions, the more interesting the story. In fact, some newsworthy characters are so anxious to be mentioned that even unfavorable comment is preferable to none at all. They hire press agents to make certain that they are mentioned, no matter why.

Yet, there is much more to report upon than the mere listing of names. What, for instance, is so important about the silly gal who so badly manages her life that she runs through three or four marriages in a decade? Perhaps she would stay put if she were not encouraged in her escapades by being made a celebrity for her sins.

This, of course, is a matter of opinion on which many differ, but what I am searching for is news which explains to my son and yours why their world is so confused, why years of their youth have been captured by war. Why must they be at war or ready to be called up again? Who got them into this? That is the reporter's job these days.

There are dynamic forces that move swiftly and decisive events that require analysis and understanding. For instance, Dr. Charles Malik of Lebanon, looking out upon our western world, once said:

"There is a general weakening of moral fiber. One gains the impression that the great fund of moral strength which has been handed down from the tears and labors of the ages is not being creatively replenished. There is thus unregeneration, a terrific wastage of substance. Quality is in eclipse. Quantity and size dominate. . . ."

Our universities and colleges face this probem, both as a cultural and financial one, at this time. Many of them permitted themselves the luxury of the G.I. Bill of Rights, which was as much a subsidy for schools as it provided aid to former soldiers. They expanded to accept increased attendance. They took on additional staff, often not of the quality and maturity of those who had slowly established themselves as scholars by achievement in general or particular fields.

In the lower schools, the degeneration of quality set in long before in the growth of what is generally called progressive education and in the elimination of such specific subjects as history, geography and civics, the cumulative subject called the social sciences having been substituted.

But the very worst defect in general school education, from the standpoint of quality, is the assumption that children must remain at school, often up to 18 years of age, whether they are able to absorb knowledge or not, and that none may be held back, no matter how stupid, first because it is anti-social to punish the lazy, the idle and the incompetent, and secondly because unless whole classes are pushed ahead, there can be no seats for the oncoming classes.

Thus, for education is substituted regimentation; for scholarship, mere attendance. Some colleges are correcting these defects by stiffening the required courses during the first two years. Another check on the exaltation of the stupid is the special examination of smart boys in connection with the draft.

I once heard a mother object to giving the smart boys increased opportunity on the grounds that it was undemocratic. Of course, learning has never been democratic, only one Aristotle having been produced in 4,000 years, and an army is not related to equality but to special abilities, finely trained and capable of utilization at the precise moment of necessity.

Quality is always rare, but it is always worth the effort. There have only been half a dozen such musicians as Mozart, Bach, Beethoven and Brahms, and they are worth discovering anew in each generation. Maybe, it is exciting to discover that somebody made a fortune out of "Come On-a My House," if that is what the thing is called. But there is no news in that. Somebody is always making a fortune. It is news when Grandma Moses at 90 paints a great portrait of America. It is a matter of quality.

That Body of Yours

EXTRA SYSTOLES—EXTRA HEART BEATS

Because most men and women know that heart disease is now the commonest cause of death and see many of their friends attacked by heart strokes (coronary thrombosis), we can readily understand their fear when any symptoms occurs in the heart or the region of the heart. One of the symptoms that upsets many people is the "skipping" of a beat of the heart called extra systole (extra beat on the first beat of the heart). As the individual listens to his heartbeat or feels the heartbeat, he finds that his heart will beat evenly for a number of beats and then there willl be a pause, an actual stopping of the heartbeat, and then two beats occur close together, a skipped beat and then an extra beat.

While there may be various causes of these extra systoles, they are thought to occur when the irritability of the heart temporarily is greater than usual thus upsetting the heart's regular rhythm.

In Psychosomatic (mind and body) Medicine, Drs. Ian F. Stevenson, Charles H. Duncan, Stewart Wolf, Herbert S. Ripley and Harold G. Wolff (Cornell University) report their investigation of 12 cases as to the possibility of extra systoles occurring as part of the heart's reaction to life situations. Anxiety was prominent in 11 and was displayed in speech, behavior, posture and muscle tension. The patients were usually timid and dependent on others. Extra systoles and associated anxiety were observed in all 11 patients during the discussion of any topic to which they were sensitive, such as those relating to heart disease.

These research workers report that practically the whole body reacts to life situations; that the heart and circulation of the blood are affected by unpleasant life situations was evidenced by increased heart rate and stroke volume as a defense mechanism to these life structures. In mild cases there is only the increase in the heart rate (tachycardia). However, the doctors say, "if the disturbance is sufficiently intense and lasts for a considerable time, the irritability of the heart may be increased to the point where it produces extra systoles." Should stress become even greater, more serious disturbance of the heart's rhythm may occur.

"Treatment of patients with extra systoles should include attention to the life situation and the patient's adjustment to it, not only for its effect upon the rhythm or regularity of heart beat but in relieving heart stress as shown by the extra systoles.

"Quick! Mossadegh's Fainted Again!"

The Washington Merry-Go-Round

By DREW PEARSON

Washington—Sen. Owen Brewster of Maine is leading an undercover drive to depose GOP National Chairman Guy Gabrielson — because Gabrielson won't join the covert anti-Eisenhower campaign.

This is what was back of the slam-bang attack on Gabrielson by isolationist Republican Senators Dirksen of Illinois, Welker of Idaho and Jenner of Indiana, all faithful friends of Brewster.

For some time there has been bad blood between the amiable, conservative Gabrielson — who feels he must be neutral as to all GOP candidates — and Brewster, who is both the strategist for extreme right-wing forces in the Senate and likewise Taft's campaign adviser. Gabrielson is privately pro-Taft, but he refused to go along on the anti-Eisenhower smear campaign recently distributed in Maine.

In fact, Gabrielson told a Senate Elections Subcommittee he was "surprised and shocked" at the circulation of the "partisan Republicans" pamphlet linking Eisenhower with the Communists.

Therefore when conscientious Republican Senator Williams of Delaware criticized Gabrielson's connection with RFC loans to Carthage Hydrocol, Brewster saw his chance. He called in other Republican senators, asked them to join Williams "for the good of the party."

Sam Rayburn Rages

Speaker Sam Rayburn, usually an easygoing soul, gave Congressman Clarence Cannon of Missouri, chairman of the House Appropriations Committee, a private dressing-down last week.

Cannon, who has had a tough time getting appropriations okayed in his committee, dropped into Rayburn's office to ask for a fourth 30-day extension to permit the government to operate another month while waiting for its appropriation bills to pass Congress. The bills were supposed to pass by the end of the fiscal year, June 30, and ever since that date, the government has been operating on a month-to-month piecemeal basis.

The speaker listened to Cannon's request and then hit the ceiling. He told the startled Missourian that this is the first time in history that Congress has had to give four extensions on appropriations bills. Then he ordered Cannon bluntly to hurry up and finish the appropriations bill so Congress could go home.

Too Late in Iran

Sorest people against the British in the Iranian oil dispute are other oil men in the Middle East. They point out that the British oil concession in Iran was obtained by corruption, that Britain kept certain members of the Iranian Parliament on its payroll for years, and that everyone in Teheran knows this.

They also point out that the royalties paid by the British are so niggardly that the Iranians were bound to kick over the traces.

In Indonesia, American companies pay 60 per cent royalty to the Indonesian government, keep 40 per cent. In Arabia the split is fifty-fifty. But in Iran, Britain officially pays only 25 per cent to Iran, though unofficially and through secret bookkeeping the split is reported nearer 12 per cent for Iran; 88 per cent for Britain. The Anglo-Iranian Oil Company, of course, is government-owned.

Worst tragedy is that the State Department failed to move in with our British friends long ago to head off obvious disaster.

Justice Douglas Warned

In recent months the State Department has been on the ball, but this was far too late. In 1949, for instance, Justice William O. Douglas came back from Iran to warn the State Department what was bound to happen. On January 30, this column also warned: "Moscow is waging an extremely effective campaign to take over Iran by friendly infiltration. Simultaneously, the United States has so bungled its diplomacy that Iran is on the verge of tossing aside its traditional friendship with the U.S.A. . . . Iran has cut the Voice of America, given free play to the Moscow radio, has negotiated a new trade treaty with Russia. . . ."

For months, however, U. S. ambassadors in Teheran had instructions not to discuss the British oil problem. This was Britain's baby, they were advised, and we should keep hands off.

Premier Ali Razmara, our great friend, was assassinated partly because he made no progress solving the British oil problem. We refused to discuss it with him.

Now, however, the entire Middle East is on the verge of a crisis —and possible war—because of this bungling.

Note—British doctors were wise enough to operate on the King of England before it was too late. Diplomacy is much like medicine. If there is too much delay the patient never recovers. And in the case of Iran, the sore has been allowed to fester so long that almost no diplomacy can save it.

A-Bomb Report

The Atomic Energy Commission has sent President Truman an extremely encouraging report on the atomic race with Russia. This is the inside reason behind the enthusiastic statements recently about our fantastic A-bomb progress.

The report to the President says flatly that the United States has now regained the tremendous atomic superiority it had over Russia in August of 1949 when the first Soviet atomic bomb was exploded. Furthermore a round-the-clock watch by Allied seismographs and geiger counters indicates that the Russians have not tested or exploded another bomb since then.

This probably means that the only atomic bomb the Russians have been able to produce and stockpile is the old-model Hiroshima-type bomb they set off in 1949. The Hiroshima-type bomb is now about as old fashioned as a model T Ford.

It's reported that the Russians have perhaps a minimum of 50 of these on hand, with a possible maximum of 200. In contrast, it's no secret that the United States has many, many times that number, an unlimited supply of uranium, and at least half a dozen new-type atomic weapons that Russia hasn't even got on the drafting board yet.

The Walking Hills

The stronghold of the Datu (ruler) of Saua, Indonesia, is framed by twin hills which the rulers have long used as tombs for their ancestors. The women are buried in the left hill while the men rest in the hill on the right. Since 1902 it has been noticed that these hills are slowly moving toward one another at the rate of 3 inches per year. They have covered 12 feet since 1903. Since the remaining distance, between them is 18 feet, it is expected that they will clash in 72 years.

Neither Russians Nor Americans Doing Things Needed to Prevent Atomic Warfare

By DAVID LAWRENCE

Washington, Oct. 4—The reporters who were clustered around a television set in the press room of the White House, watching the Dodgers-Giants baseball game, didn't want to be disturbed—but a super-sensational piece of information was given them officially and they had to scamper to their telephones to flash the news that the Soviets had exploded "another atomic bomb."

This incident may be said to be symbolic of the reaction of the American people—nobody in free America wants to be disturbed by the unpleasant prospect of an atomic war.

If the truth were known, probably nobody in Russia wants to see atomic bombs dropped there either.

Yet neither the Russian people nor the American people are doing the things that have to be done to avert an atomic war.

About the only concrete reaction here was among members of the Senate and House, who began urging that our atomic program be stepped up with increased funds and that particular attention be given to the hydrogen bomb which, it is assumed, the Russians haven't yet learned how to make.

With billions being spent for defense—and properly so—it might be thought that the most important task that would be under way in government would be a program to reach the hearts and minds of the Russian people. For the atom bomb itself is harmless—it is the hand that throws the bomb that must be persuaded not to throw it.

For years now the American government has known that the Russian government does not reflect the wishes of the Russian people and that only a process of coercion keeps the men in the Kremlin in power.

For years, too, the world has known that war itself never settles anything and that, while the armies cease their fighting, the problems of reconstruction and the economic chaos that has been generated are bigger than the problems of war itself. Armies can be vanquished but peoples cannot be destroyed.

Knowing now that neither World War I nor World War II settled the problems that had arisen among the rapidly growing populations of the various countries involved, it might be thought that the No. 1 objective today would be to devise ways and means to prevent another war. But the idea of reaching the hearts and minds of peoples now caught temporarily in the trap of Communist imperialism has been bandied about in the Democratic countries as if it were just a side issue. Thus the "Voice of America" has been relied upon to do this job. The theory of such a "voice" is good, but the basic concept and the execution are faulty. What is needed is not more transmitters and buildings to house the "Voice of America" apparatus and personnel but new concepts of policy that are tuned to the realism of the situation in which the peoples of the satellite countries find themselves.

Not long ago the President showed his awareness of the problem to the extent that he set up a Psychological Warfare Board under Gordon Gray, president of the University of North Carolina and formerly secretary of the army. Mr. Gray is an able man, but the setup will never work because it is just a piece of incidental governmental machinery. Instead of a representative on the new board from the Defense Department and another from the State Department to recommend and suggest programs of action in the psychological field, the board should consist of at least a dozen prominent Americans who are qualified by experience in these matters to undertake the direction of this tremendously vital counter-effort against an atomic war. The board should by statute be an integral part of the National Security Council.

The American people are helpless to speak to the Russian people except through agencies set up here for that purpose. But the agencies thus far set up are inadequate and cannot do the job that has to be done. The Department of State, for instance, with bureaucratic zeal still insists on controlling the entire propaganda effort. Hence, the most important counter-move that could be made to prevent World War 3 fails even to get started on the comprehensive basis that it deserves.

There is enough ingenuity in the world to persuade the peoples of the satellite countries not to tolerate tyrannical governments, but evidently there isn't enough imagination and boldness in the American government to put that job at the top of the agenda today. Maybe another atom bomb will have to be exploded by Russia before there is a shakeup here of the complacency that prevails inside the government and before advantage will be taken of the many opportunities arising every day to reach the peoples of the satellite nations.

Bridges then was no less a Communist then he is today but Communists were in high standing under Roosevelt and in Truman's early days and the court gave him a favorable political decision.

In the present problems there is a danger that the same court, with unimportant changes, will write a specious political opinion torturing the constitution with ideological babble to uphold the baby-sitters' and lawn-boys' tax. But it is, so to speak, the only roulette wheel in town.

There are many ways to lick this law by sabotage. The Marshall girls' plan would wreck it if it were adopted by a million or more women. The legal and clerical services that would be required to repeat in a million cases the steps taken in Marshall, Tex., would make a farce of this thing. Mr. Dies says that not more than half of the women of Texas who are required by this law to reckon the figures, write out returns and send remittances have paid the slightest attention to it. In time, under this condition, it would go the way of Prohibition.

Another device of harassment would be to miscalculate the amount due by 15 or 30 cents each quarter. These amounts would be so small that the courts would

Questions — Answers

Q—Has the burial place of Pocahontas been located?

A—Yes. She is buried beneath St. George's Church in Gravesend, 24 miles down the Thames from London. She died in England while preparing to return to America in 1617.

• • •

Q—Has Tennyson's phrase "zones of progress" been defined?

A—One critic has identified them as follows: The savage state, the state in which man lords it over the beast, the state of man's full development, the state of man's progress toward the spiritual ideal.

• • •

Q—Was any British soil occupied by German troops in World War 2?

A—The Channel Islands, off the northwest coast of France, were the only British soil occupied by German troops in World War 2.

Weekly Food Review

(By The Associated Press)

New retail ceilings on beef hiked the prices of many popular cuts by several cents a pound this week and reduced the prices of a few others, mostly the more expensive items like porterhouse steaks.

Pork, veal and lamb held generally unchanged. Frying and broiling chickens were one to six cents a pound lower in many areas as production continued heavy. Eggs and butter remained about steady.

On most fresh produce counters, advances in the prices of cabbage, melons, tomatoes, grapefruit and plums were offset by minor reductions in carrots, cauliflower, green peas, oranges and pears. These changes reflected seasonal supply trends.

While the Office of Price Stabilization estimated that the average boost on choice beef—the largest-selling grade — probably averaged not more than one cent a pound, the increases looked sizable in some cases. Rib roasts, for example, were up five to eight cents a pound in major chains across the country. Lean hamburger (up to 12 per cent fat) rose two to five cents a pound.

Ceilings on Some Cuts

The new retail regulations, resulting from a recent boost in maximum wholesale beef prices, also put ceilings on certain prime grade cuts which formerly were grouped with choice grades. The prime ceilings on ribs and loins average about four cents a pound higher. Advances ranging up to 29 cents a pound were allowed on some utility grade cuts which are used mostly for sausage and other processed products. Declines amounting to as much as 20 cents a pound applied to a few choice grade cuts like brisket or stewing beef.

While the beef price pattern on the whole was upward for the consumer, the changes differed from area to area and store to store under pricing regulations. Also, many stores still were selling certain cuts below the ceilings, either because of consumer price resistance or to meet competitive conditions. One large store chain, for example, reported that the price juggling this week left sirloin steak as much as nine cents a pound higher in some cities, and nine cents lower in others.

The beef supply picture also was spotty. Some dealers said they were getting enough beef to supply the limited demand at present prices, while others reported they were able to get only about half of their needs.

The sales manager of a large chain operating in the New York area said he was forced to buy prime beef and sell it at choice-grade prices. "I'm taking it on the chin financially, but not as much of a beating as I'd take if my customers went somewhere else because they couldn't get meat in my stores," he said.

The Agriculture Department reported that production of broiling and frying chickens is expected to be substantially larger this month than a year ago, with marketing about one-third heavier. A record crop of turkeys also was in prospect, the department said.

Ceiling Prices Issued

New ceiling prices were issued for ducks dressed and prepared for the market. Officials said the change would reduce consumer prices about one cent a pound. Soup manufacturers were granted a 10 per cent boost in their ceilings because of increased raw materials costs, but little effect was foreseen in retail prices of soup.

OPS this week began a survey of grocery store prices to see if percentage mark-ups assure fair profit margins as required in the price control law. Ceilings on many items are based on costs plus specific percentage markups, and OPS will try to determine how these markups compared with those used by grocers before the Korean war started. Chain stores have complained that the mark-ups are too small and their prices should be generally raised.

The survey is being tested in New York and Columbus, O., and then will be broadened to include many other cities and rural areas, with the final results expected some time in December.

Married Women Better

New York, Oct. 3 (AP)—The Automobile Club of New York says women are more thorough than men in learning to drive — and that married women do better than single women. The finding was based on studies in the club's driving courses. Women as a rule are less easily discouraged than men in the first hours of learning to drive, said Martin Klein, the club's director of traffic engineering and safety. He said the women showed marked steadiness, good reaction timing and a resistance to bewilderment caused by the glare of oncoming headlights.

New Plate Required

The Agriculture Department reported that production of broiling and frying chickens is expected to be substantially larger this month than a year ago, with marketing about one-third heavier. A record crop of turkeys also was in prospect, the department said.

Ceiling Prices Issued

New ceiling prices were issued for ducks dressed and prepared for the market. Officials said the change would reduce consumer prices about one cent a pound. Soup manufacturers were granted a 10 per cent boost in their ceilings because of increased raw materials costs, but little effect was foreseen in retail prices of soup.

OPS this week began a survey of grocery store prices to see if percentage mark-ups assure fair profit margins as required in the price control law. Ceilings on many items are based on costs plus specific percentage markups, and OPS will try to determine how these markups compared with those used by grocers before the Korean war started. Chain stores have complained that the mark-ups are too small and their prices should be generally raised.

The survey is being tested in New York and Columbus, O., and then will be broadened to include many other cities and rural areas, with the final results expected some time in December.

Married Women Better

New York, Oct. 3 (AP)—The Automobile Club of New York says women are more thorough than men in learning to drive—and that married women do better than single women. The finding was based on studies in the club's driving courses. Women as a rule are less easily discouraged than men in the first hours of learning to drive, said Martin Klein, the club's director of traffic engineering and safety. He said the women showed marked steadiness, good reaction timing and a resistance to bewilderment caused by the glare of oncoming headlights.

New Plate Required

When an iron falls accidentally and acquires dents or rough places there's no remedy but to have a new sole plate put on.

Registration Days

Friday and Saturday of this week are the first two days of registration in the City of Kingston. Polls will be open from 10 in the morning until 10 in the evening. If you do not register, you cannot vote in the November 6 election. Plan to register Friday or Saturday.

If you want YOUR serviceman's Christmas package to arrive overseas in good time, mail it between Oct. 15 and Nov. 15, warns the Post Office Department. Illustrated above are official requirements for packing and addressing. Parcels for Korea, Japan and the Pacific islands should be mailed as early as possible and not later than Nov. 1. Do not mail matches, lighter fluid or other inflammables. Cigarettes and other tobacco products may not be mailed to European APO's. It's a good idea to check with your local postmaster to make sure you comply with all the regulations, because there are special rules that apply only to certain APO's and customs declarations are required for certain APO's, too. It's also a good idea to clip this illustration and have it handy when packing your gifts.

Registration Days

Friday and Saturday of this week are the first two days of registration in the City of Kingston. Polls will be open from 10 in the morning until 10 in the evening. If you do not register, you cannot vote in the November 6 election. Plan to register Friday or Saturday.

Degree Is Conferred

Bethany, W. Va., Oct. 4 (AP)—Bethany College yesterday conferred an honorary doctor of laws degree to Lawrence A. Appley of New York city. Appley, a native of Nyack, is president of the American Management Association. He spoke at the formal convocation opening the 111th academic year at the college.

Boy Scout News

Rally Scheduled At Kingston High

Rip Van Winkle Council, Boy Scouts of America, will have a rally at the Kingston High School auditorium on Wednesday, Oct. 10, from 7:30 p. m. to 9 p. m.

The program will be in connection with Fire Prevention Week. A. H. Walsh, district forest ranger from the Conservation Department, State of New York, will be the speaker of the evening. Mr. Walsh comes from Middletown, headquarters of district 13, which includes the counties of Rockland, Sullivan, Orange and Ulster. He has been with the Bureau of Forest Fire Control for 20 years. The program will include motion pictures describing the actions of his department. After a short background talk, there will be a question and answer period.

All Cub Scouts, Boy Scouts, Explorer Scouts and Scouters will be in uniform. Parents and friends are cordially invited.

Do You Remember

BY SOPHIE MILLER

Just the other day a few of us were discussing the days when transportation was mostly with horse and buggy and auto plates did not mean much to any of us. Today it is a horse of a different color. Even in my day when I drove my back-shift Dodge, I took whichever plates were given me. The numbers did not matter and I never remembered them anyway. As time went on, I was surprised to see friends of mine with their telephone number on their plates. Some with their own initials. I never did really find out how anyone goes about getting their favorite or lucky or low numbers on their license plates. It certainly is a very modern pastime.

So it was interesting to run across the "Saturday Evening Post" of November 1950, on page 47, with an article called "The Low-Plate Muddle" by Murray Teigh Bloom. . . . The childish competition to drive a car sporting a low license number costs taxpayers extraordinary sums. The article stated in part: "That special license plates should be worth much more than the 12 to 20 cents that each costs to make it in a state penitentiary has long been recognized. In one state recently, the 'rights' to a plate with a single letter and a numeral were sold for $500 by a man who had kept it on his cars for 10 years."

I did not know that the Motor Vehicle Bureau had a Low Number Department, of which Howard P. Miles, deputy commissioner of motor vehicles, is the supervisor. Miss Rose Wexler is the veteran office chief.

The author of the article gives anecdotes from various states but mostly from our own Albany, New York. He says, "You ought to listen sometimes," Rose Wexler told me, "to some assemblyman arguing about his seniority rights to a lower plate because he's a committee chairman. . . . He quotes from another source, "L. S. (Pete) Harris, executive director of the American Assn. of Motor Vehicle Administrators, told me recently in Washington. "What a headache those plates can be. . . . There can never be enough low plates. So for every plate you hand out you've got to make 10 enemies of people you can't give them to."

As I read on further, I see not only have autos become streamlined but even license plates have gone social climbing. The authors tell about MD on physician's cars which of course is fine in case of emergency their cars can rush through without question. There are also some 2,500 RX for pharmacists now. My father would have been entitled to one. I don't think even that would have given dignity to our old Dodge sedan. DD plate series is given to leading priests, ministers and rabbis. Top American Legion officials get the new AL 1-100 series. And DA goes for district attorneys. Even the United Nations have their UN plates.

The author advises anyone who is anxious to have a certain plate to start about July or August and write to the Commissioner, Clifford J. Fletcher, for his needs. The author also tells about Harry F. Kelly who in 1939 was Michigan's Secretary of State, with the motor vehicle registration under his jurisdiction, and how he ended the special privileges of low numbers. He became so popular because of it, that he was elected in 1942 governor mainly on the platform of "Now your license plate is as good as your neighbor's." For many good laughs the article must be read in its entirety.

Health for All

BEWARE 'HEALTH CURES'

The traveling medicine man, selling bottles of elixir or panacea, is largely a thing of the past. Today we are amazed that people of past generations were "taken in" with claims of cures by these charlatans.

As a result of public education and legislation, comparatively few people nowadays are victimized by peddlers of false "health cures." But despite nationwide efforts to protect the public against harmful or useless drugs, contrivances, and cosmetics for which extravagant claims are made, a few quacks still sell fake medicines and "medical devices."

The fact that people waste money on these fake cures is serious enough in itself. But the real danger of these fraudulent claims is that they tempt people to "doctor" themselves instead of seeking professional advice, frequently with tragic results.

Certain limited, small scale forms of self-medication are harmless. Most of us keep iodine, bandages, and headache remedies and laxatives in the medicine cabinet for minor accidents and ailments. But even in matters of headache relievers and laxatives (which can be habit-forming or dangerous) the guidance of the doctor should be sought. The doctor is the one qualified source of advice and treatment for disorders, especially in the event of symptoms or suspicions of serious illness.

For example, with so many people seeking slim, youthful figures, scores of companies have "reducing remedies" on the market today. Again, whether his overweight be due to gland or gluttony, a person can reduce safely only under the advice and supervision of the doctor.

Incredible as it sounds, some swindlers try to get away with selling fake drugs or devices to "cure" serious illnesses like cancer, arthritis, tuberculosis, and kidney disease. Even if the "quick cures" are worthless rather than dangerous in themselves, much harm is done when the sick person substitutes purchase of the useless product for a visit to the doctor.

But the federal and local laws made to protect the people against such frauds are constantly being strengthened. Moreover, post office employes and reputable advertisers and business men are always on the alert to crush this modern version of the old-time "medicine man." The consumer himself can help in this crusade by refusing to patronize medical frauds and reporting them without delay to the proper authorities.

Two Men Are Killed

Salt Lake City, Oct. 4 (AP)—An air force B-26 bomber crashed into the desert near the Salt Lake Municipal Airport last night, killing the two men aboard. An air force spokesman said the plane was based at Edwards Air Force Base at Muroc, Calif. It was on a routine training mission. The air force withheld names of the two airmen until next of kin have been notified.

Pennies, Nickles Shortage Reported

Due to the shortage of copper, Mrs. Nellie Taylor Ross, director of the United States Mint, reports that the mint is unable to meet the present extraordinary demand for pennies and nickles.

It is believed that there are enough of these coins laying idle in various home containers to alleviate the shortage. Efforts now are being made to have such coins returned to circulation.

The shortage is so acute that the United States Treasury's Bureau of the Mint is operating double shifts to increase production, while in New York the Federal Reserve Bank is rationing its supplies of pennies, nickles and quarters.

The shortage, it is said, arises from inflationary developments throughout the United States. Money in circulation which amounted to 27 billion dollars in June 1950, now totals over 28 billion dollars. Retail sales are up and prices are higher. Odd-penny prices, reflecting cost increases, sales taxes and the increased use of parking meters and vending machines, whose cash boxes immobilizes coins are all factors in the situation.

Throughout the country, the authorities have asked local banks and merchants to limit their own needs to an absolute minimum and to urge their patrons to empty their cookie jars, piggy banks and other household savings repositories so that the situation will be eased.

Do You Remember

BY SOPHIE MILLER

Just the other day a few of us were discussing the days when transportation was mostly with horse and buggy and auto plates did not mean much to any of us. Today it is a horse of a different color. Even in my day when I drove my back-shift Dodge, I took whichever plates were given me. The numbers did not matter and I never remembered them anyway. As time went on, I was surprised to see friends of mine with their telephone number on their plates. Some with their own initials. I never did really find out how anyone goes about getting their favorite or lucky or low numbers on their license plates. It certainly is a very modern pastime.

So it was interesting to run across the "Saturday Evening Post" of November 1950, on page 47, with an article called "The Low-Plate Muddle" by Murray Teigh Bloom. . . . The childish competition to drive a car sporting a low license number costs taxpayers extraordinary sums. The article stated in part: "That special license plates should be worth much more than the 12 to 20 cents that each costs to make it in a state penitentiary has long been recognized. In one state recently, the 'rights' to a plate with a single letter and a numeral were sold for $500 by a man who had kept it on his cars for 10 years."

I did not know that the Motor Vehicle Bureau had a Low Number Department, of which Howard P. Miles, deputy commissioner of motor vehicles, is the supervisor. Miss Rose Wexler is the veteran office chief.

The author of the article gives anecdotes from various states but mostly from our own Albany, New York. He says, "You ought to listen sometimes," Rose Wexler told me, "to some assemblyman arguing about his seniority rights to a lower plate because he's a committee chairman. . . . He quotes from another source, "L. S. (Pete) Harris, executive director of the American Assn. of Motor Vehicle Administrators, told me recently in Washington. "What a headache those plates can be. . . . There can never be enough low plates. So for every plate you hand out you've got to make 10 enemies of people you can't give them to."

As I read on further, I see not only have autos become streamlined but even license plates have gone social climbing. The authors tell about MD on physician's cars which of course is fine in case of emergency their cars can rush through without question. There are also some 2,500 RX for pharmacists now. My father would have been entitled to one. I don't think even that would have given dignity to our old Dodge sedan. DD plate series is given to leading priests, ministers and rabbis. Top American Legion officials get the new AL 1-100 series. And DA goes for district attorneys. Even the United Nations have their UN plates.

The author advises anyone who is anxious to have a certain plate to start about July or August and write to the Commissioner, Clifford J. Fletcher, for his needs. The author also tells about Harry F. Kelly who in 1939 was Michigan's Secretary of State, with the motor vehicle registration under his jurisdiction, and how he ended the special privileges of low numbers. He became so popular because of it, that he was elected in 1942 governor mainly on the platform of "Now your license plate is as good as your neighbor's." For many good laughs the article must be read in its entirety.

SHOKAN

Shokan, Oct. 3—Mr. and Mrs. Michael Farrell and daughter, Joan, motored to New York Tuesday to spend a few days with relatives in the metropolitan area. The Farrells' son and daughter-in-law, Mr. and Mrs. James Farrell, and three children of New Hyde Park, L. I., were recent visitors here. James, who was in the army three years, has been a member of the police force nearly four years and is now stationed in the Jamaica precinct.

Sam Mann, Kingston War 1 veteran and businessman, was a caller in the village Saturday.

Volker Dohler was given a party Monday in honor of his seventh birthday. His mother, Mrs. Otto Dohler, and sister, Mona, helped entertain a number of Volker's schoolmates. He came here with his parents last year from Williams Lake.

Irving Weeks who with his family returned to Shokan from Florida during the summer, has employment on the Onteora schoolhouse job at Boiceville.

It was cold down in Ashokan early Sunday morning, according to William Knecht who says a skim of ice formed at his place on the trail.

Postmaster Betsy Vonderosten attended the postmasters' convention in Washington, D. C., last week. Mrs. Vonderosten saw President Truman during her stay in the national capital.

Mr. and Mrs. Roger Loughran of Hurley called on friends in the village center Monday evening. The Loughrans spent a week at Cape Cod last month.

Collector R. B. Thompson of Pine Hill will sit at Winchell's Store this Friday between the hours of 10 and 4, for the convenience of taxpayers of the Onteora central school district. Saturday is registration day in the hall over the store.

Friday, Oct. 5 marks the 43rd wedding anniversary of Mr. and Mrs. Larry Bishop of the Boiceville hill road. Mrs. Bishop is the former Blanche Churchill of the old village of Boiceville.

Louis Thiel was brought home Saturday from a Kingston hospital where he had been a patient since his motor bike accident in Kingston August 24, and on Monday he was taken by his daughter, Mrs. James Armstrong, to her home in New Jersey.

Giants Score Two

home run in front of the 402-foot sign.

DiMaggio raised a high pop to Thompson.

No runs, one hit, no errors, one left.

Second Inning Giants

Westrum walked on a full count.

Koslo, attempting to sacrifice, bunted sharply to Reynolds who threw to Rizzuto forcing Westrum at second. Koslo barely beat Rizzuto's throw to first.

Stanky grounded sharply into the hole but McDougald made a brilliant stop and threw to Coleman forcing Koslo. Coleman relayed to Collins at first to double up Stanky.

No runs, no hits, no errors, none left.

Second Inning, Yankees

Lockman scooped up Berra's hot smash down first base line and beat runner for the unassisted putout.

McDougald lined a double off the low screen just inside left field foul line.

Coleman singled to right sending McDougald to third. When Thompson experienced difficulty in picking up ball, McDougald continued home on Thompson's error for the Yankees first run.

Collins grounded to Thomson who threw to Stanky forcing Coleman. Stanky's relay was too late to double up Collins.

Reynolds drilled a ground single into right field, Collins stopping at second.

Mantle walked on five pitches to load bases.

Rizzuto sent a slow bounder to Lockman who flipped underhand to Koslo, covering first, for putout.

One run, three hits, one error, three left.

Engineers Scheduled To Hear of Petroleum

A joint meeting has been scheduled for Monday, Oct. 8, at 8 p. m. of the Institute of Radio Engineers and American Institute of Electrical Engineers, Hudson Valley Division.

The gathering will be held in the auditorium at the general office of Central Hudson Gas & Electric Corporation, South Road, Poughkeepsie.

F. S. Petersen of the Beacon laboratory of the Texas Company will discuss Petroleum Discovery, Production and Research in Saudi-Arabia and the United States. There will be two films shown.

Hodes Is Named

U. S. Eighth Army Headquarters, Korea, Oct. 4 (AP)—Maj. Gen. Henry I. Hodes today was named deputy commander of the Eighth Army. He succeeds Lt. Gen. John B. Coulter, who returns to the United States. Hodes is one of the United Nations delegates to the suspended Korean truce talks. He also was Eighth Army chief of staff. He was graduated from West Point in 1920.

Treasury Receipts

Washington, Oct. 4 (AP) — The position of the treasury Oct. 2:

Net budget receipts, $205,896,811,23. Budget expenditures, $240,605,528.66. Cash balance, $6,319,389,352.01. Customs receipts for month, $4,781,426.02. Budget receipts fiscal year July 1, $12,763,165,740.60. Budget expenditures, fiscal year $15,609,016,422.95. Budget deficit, $2,843,850,682.35. Total debt, $257,262,554,397.16. Decrease under previous day, $16,147,357.77. Gold assets, $22,013,192,311.46.

Financial and Commercial

New York, Oct. 4 (AP) — The stock market fought back a slipping tendency today and managed to stay on the higher side only with the help of the railroads.

Railroads made a fairly vigorous although limited advance, and they were joined by the aircrafts.

Motors and air lines were ahead most of the time but they lacked force. Steels teetered back and forth between plus and minus, and utilities were largely neglected.

Oils sagged as did copper and gold shares together with radio-television and merchandising issues.

The spottiness of the market was attributed to fairly broad profit-taking brought on by a three-day advance this week that sent the Associated Press average of 60 stocks to a new 1951 high of $101.20, the best level in 21 years.

Buying in the rails was founded in part on the decision of the carriers to ask the Interstate Commerce Commission to give them all of the 15 per cent freight rate increase they asked for last March. They got only 6 to 9 per cent of the total.

Cancer Delays Costly

New York (AP)—A main reason why people delay in seeking treatment for cancer is poor health habits, the American Cancer Society reports. "Fear of facing reality" is another reason, but apparently less important. Other reasons given are lack of funds, or fear of being called neurotic or a hypochondriac. The study of reasons was made because early dectection and treatment of cancer is a principal factor in curing most cancers.

SHOKAN

Shokan, Oct. 3—Mr. and Mrs. Michael Farrell and daughter, Joan, motored to New York Tuesday to spend a few days with relatives in the metropolitan area. The Farrells' son and daughter-in-law, Mr. and Mrs. James Farrell, and three children of New Hyde Park, L. I., were recent visitors here. James, who was in the army three years, has been a member of the police force nearly four years and is now stationed in the Jamaica precinct.

Sam Mann, Kingston War 1 veteran and businessman, was a caller in the village Saturday.

Volker Dohler was given a party Monday in honor of his seventh birthday. His mother, Mrs. Otto Dohler, and sister, Mona, helped entertain a number of Volker's schoolmates. He came here with his parents last year from Williams Lake.

Irving Weeks who with his family returned to Shokan from Florida during the summer, has employment on the Onteora schoolhouse job at Boiceville.

It was cold down in Ashokan early Sunday morning, according to William Knecht who says a skim of ice formed at his place on the trail.

Postmaster Betsy Vonderosten attended the postmasters' convention in Washington, D. C., last week. Mrs. Vonderosten saw President Truman during her stay in the national capital.

Mr. and Mrs. Roger Loughran of Hurley called on friends in the village center Monday evening. The Loughrans spent a week at Cape Cod last month.

Collector R. B. Thompson of Pine Hill will sit at Winchell's Store this Friday between the hours of 10 and 4, for the convenience of taxpayers of the Onteora central school district. Saturday is registration day in the hall over the store.

Friday, Oct. 5 marks the 43rd wedding anniversary of Mr. and Mrs. Larry Bishop of the Boiceville hill road. Mrs. Bishop is the former Blanche Churchill of the old village of Boiceville.

Louis Thiel was brought home Saturday from a Kingston hospital where he had been a patient since his motor bike accident in Kingston August 24, and on Monday he was taken by his daughter, Mrs. James Armstrong, to her home in New Jersey.

Giants Score Two

home run in front of the 402-foot sign.

DiMaggio raised a high pop to Thompson.

No runs, one hit, no errors, one left.

Second Inning Giants

Westrum walked on a full count.

Koslo, attempting to sacrifice, bunted sharply to Reynolds who threw to Rizzuto forcing Westrum at second. Koslo barely beat Rizzuto's throw to first.

Stanky grounded sharply into the hole but McDougald made a brilliant stop and threw to Coleman forcing Koslo. Coleman relayed to Collins at first to double up Stanky.

No runs, no hits, no errors, none left.

Second Inning, Yankees

Lockman scooped up Berra's hot smash down first base line and beat runner for the unassisted putout.

McDougald lined a double off the low screen just inside left field foul line.

Coleman singled to right sending McDougald to third. When Thompson experienced difficulty in picking up ball, McDougald continued home on Thompson's error for the Yankees first run.

Collins grounded to Thomson who threw to Stanky forcing Coleman. Stanky's relay was too late to double up Collins.

Reynolds drilled a ground single into right field, Collins stopping at second.

Mantle walked on five pitches to load bases.

Rizzuto sent a slow bounder to Lockman who flipped underhand to Koslo, covering first, for putout.

One run, three hits, one error, three left.

Engineers Scheduled To Hear of Petroleum

A joint meeting has been scheduled for Monday, Oct. 8, at 8 p. m. of the Institute of Radio Engineers and American Institute of Electrical Engineers, Hudson Valley Division.

The gathering will be held in the auditorium at the general office of Central Hudson Gas & Electric Corporation, South Road, Poughkeepsie.

F. S. Petersen of the Beacon laboratory of the Texas Company will discuss Petroleum Discovery, Production and Research in Saudi-Arabia and the United States. There will be two films shown.

Hodes Is Named

U. S. Eighth Army Headquarters, Korea, Oct. 4 (AP)—Maj. Gen. Henry I. Hodes today was named deputy commander of the Eighth Army. He succeeds Lt. Gen. John B. Coulter, who returns to the United States. Hodes is one of the United Nations delegates to the suspended Korean truce talks. He also was Eighth Army chief of staff. He was graduated from West Point in 1920.

Budget receipts fiscal year July 1, $12,763,-165,740.60. Budget expenditures, fiscal year $15,609,016,422.95. Budget deficit, $2,843,850,682.35. Total debt, $257,262,554,397.16. Decrease under previous day, $16,-147,357.77. Gold assets, $22,013,-192,311.46.

Financial and Commercial

New York, Oct. 4 (AP) — The stock market fought back a slipping tendency today and managed to stay on the higher side only with the help of the railroads.

Railroads made a fairly vigorous although limited advance, and they were joined by the aircrafts.

Motors and air lines were ahead most of the time but they lacked force. Steels teetered back and forth between plus and minus, and utilities were largely neglected.

Oils sagged as did copper and gold shares together with radio-television and merchandising issues.

The spottiness of the market was attributed to fairly broad profit-taking brought on by a three-day advance this week that sent the Associated Press average of 60 stocks to a new 1951 high of $101.20, the best level in 21 years.

Buying in the rails was founded in part on the decision of the carriers to ask the Interstate Commerce Commission to give them all of the 15 per cent freight rate increase they asked for last March. They got only 6 to 9 per cent of the total.

Cancer Delays Costly

New York (AP)—A main reason why people delay in seeking treatment for cancer is poor health habits, the American Cancer Society reports. "Fear of facing reality" is another reason, but apparently less important. Other reasons given are lack of funds, or fear of being called neurotic or a hypochondriac. The study of reasons was made because early dectection and treatment of cancer is a principal factor in curing most cancers.

Proposes Committee

Washington, Oct. 4 (AP)—Senator Moody (D-Mich.) suggested yesterday that a committee of top-ranking newspapermen — possibly Washington correspondents —be named to review President Truman's order restricting government information. He said he was convinced the President's order carried no "sinister intent" but he felt it needed checking.

Registration Days

Friday and Saturday of this week are the first two days of registration in the City of Kingston. Polls will be open from 10 in the morning until 10 in the evening. If you do not register, you cannot vote in the November 6 election. Plan to register Friday or Saturday.

not entertain suits and the absurdity of mounting folders of correspondence and of collectors whipping hundreds of miles from town to town to serve attachments on bank accounts need not be labored.

On top of that, the Treasury would have to write millions of formal letters pointing out these petty discrepancies. The girls could then write back defending their original miscalculations or inventing new ones to prolong the correspondence. The possibilities are infinite. The result would seem to be inevitably a retreat by Congress from its arrogant, paternal attitude toward the citizens.

The sentimental proposition that the Marshall plan and all kindred oppositions are based on the greed of ill-disposed women who would willingly watch their faithful domestic employes starve to death in their old age is a fraud. In the first place there are so few domestic servants these days that they do not constitute a substantial industrial group. Many, probably most of them, have no such bonds of personal loyalty as are attributed to them in the sentimental propaganda. That is all right, of course, but it is the fact, nevertheless, and the false issue of ingratitude and heartlessness on the part of the housewife is a propaganda fake.

Finally, it is conceded by the very text of the law that these employes are paid appropriate or agreed wages. This being granted, there is not conceivable obligation on the employer to buy the employe a free present in the form of an old-age pension.

The disreputable methods and bankrupt condition of the government company which writes this insurance are beside the mark. It would be just as reasonable to reverse the situation and require the worker to buy the same policy for the employer.

These fallacies and errors are so flagrant that the Treasury has not attempted to refute them.

In the first place there are so few domestic servants these days that they do not constitute a substantial industrial group. Many, probably most of them, have no such bonds of personal loyalty as are attributed to them in the sentimental propaganda. That is all right, of course, but it is the fact, nevertheless, and the false issue of ingratitude and heartlessness on the part of the housewife is a propaganda fake.

Finally, it is conceded by the very text of the law that these employes are paid appropriate or agreed wages. This being granted, there is not conceivable obligation on the employer to buy the employe a free present in the form of an old-age pension.

The disreputable methods and bankrupt condition of the government company which writes this insurance are beside the mark. It would be just as reasonable to reverse the situation and require the worker to buy the same policy for the employer.

These fallacies and errors are so flagrant that the Treasury has not attempted to refute them.

Kauder Birds Are First Three Times

An Ulster county poultryman lays claim to an unusual achievement at the 1951 official laying tests.

He is Irving Kauder of New Paltz, internationally famous breeder of pedigreed poultry, who has shipped stock to 41 foreign countries.

Three Kauder pens, one in each breed, placed first in their class for the year.

His white leghorn pen at Rhode Island was first by a wide margin, with a score of 2704 eggs and 2921 points.

A Kauder pen of New Hampshires at the Pennsylvania test did even better, with a final record for the year of 2916 eggs and 3099 points.

In Georgia, a pen of Kauder barred rocks was first in that class with a final score of 2600 eggs and 2810 points.

Kauder considers that the results demonstrate the prowess of his birds, and the soundness of his breeding program with this series of first places, an achievement that adds further laurels to the thousands of first places already earned by Kauder chickens.

The equipment and the high calibre of the people working at the laboratory he said had been known to him before he came here and this knowledge of the local conditions had prompted him to come to Kingston and take over the directorship.

Taxpayers Pay $13,000

Speaking on the financial end of the program, he said to many the budget of $137,000 for 1951 on which the laboratory operates, may seem quite high but he said of this sum the taxpayers of the city pay only $13,000 and the county a like sum. This is only about 10 cents on a dollar of the total operating budget. Much of the income toward the budget figure comes from fees and payments made by individuals who use the facilities.

Maintenance of the blood bank is one of the most important functions of the laboratory at the present time. He explained the setup of the blood bank and stated that the blood bank here was prepared to send to any hospital blood if it were asked for.

Blood for the blood bank may be donated through the laboratory by citizens of Kingston and the immediate vicinity who find it convenient to visit the laboratory. However, in the townships there exists small committees who will receive and list the names of any blood donor who will contribute to the bank. These names are collected and when approximately 10 donors have been listed the laboratory will send technicians to the community to secure the blood donations. This system is maintained since it is not consistent with efficiency to send technicians to a community for a lesser number.

Ways Blood Is Obtained

At present there are three ways in which blood for the bank is obtained. First there are the voluntary donors who are secured through the Voluntary Blood Bank workers. Second, the community bank donors secured through the townships. Third, and the largest source at present, is through the replacement program of used blood which is given back by friends and relatives of those who have called on the bank for blood donations.

Dr. Derman pointed out that in 1950 the laboratory had handled the issuance of 2,300 pints of blood. The total cash income from blood supplied was about $10,000, paid by those who were unable to secure replacement blood. This sum he said was a comparatively low figure when the cost of getting a pint of blood for replacement was considered. Following his talk a question period was conducted.

FAT FOLKS! Your Dream Has Come True!

HOW TO LOSE UGLY FAT Without Dieting-Hunger!

NO CALORIE COUNTING! NO DIETS! NO EXERCISES!

If you are a non-glandular overweight man or woman by all means read about this amazing, new, clinically tested medical discovery, that is already creating a sensation all over the country.

Forget all about diets, hunger, calorie counting, massage, drugs, exercise and all other unpleasant, unnecessary things usually associated with reducing.

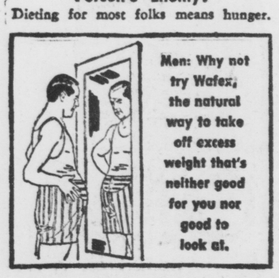
For a great medical discovery now makes it possible for you to lose pounds of excess fat safely—without dieting, without having a single hungry moment.

Doctors Discover Wafex

Most doctors agree that the best way to lose excess fat is to eat less—to go on a restricted diet. A group of New York doctors, making a special study of obesity, realized however that while dieting was desirable it wasn't as easy or as simple as it sounds for most overweight people.

Hunger—The Fat Person's Enemy!

Dieting for most folks means hunger.



Men: Why not try Wafex, the natural way to take off excess weight that's neither good for you nor good to look at.

And few people can resist hunger. So they appease it by eating between meals, by going off their diets. And back comes the unwanted pounds and inches.

So these New York doctors worked for years searching for a formula that would lick hunger and make people lose fat safely without dieting. They finally announced success in a food adjunct called WAFEX.

Clinical Tests Proved Their Discovery

The doctors clincally tested WAFEX on a large group of normal, healthy overweight men and women.

The group undergoing the tests were instructed by the doctors to chew or suck a tasty WAFEX Wafer half an hour before each meal. but not to go on any special diet, not to cut out any special foods—just sit down at the table and eat until satisfied.

Results Amazing!

Every member of the group lost 8 to 20 pounds in a short period of time; in fact satisfactory weight losses were noticed the very first week. And not a single person said she had a hungry moment.

WAFEX STOPS HUNGER

This Wafex Wafer has according to scientific calculations, the hunger satisfying capacity of 2 ham sandwiches or 4 eggs or 5 slices of white bread. Yet contains only 5 calories.

Wafex as Harmless as A Glass of Water

A Food Adjunct Not A Drug

During the tests the doctors carefully checked the physical condition of each person, took electro-cardiograms and did not find a single case of ill effect. Everyone said, she never felt better.

So at last, the fat person's dream has come true—a way to lose excess fat without dieting, without hunger, without giving up the food he likes.

Start slimming down your figure right now. Get WAFEX today. $3.00 for a month's supply. GUARANTEE if you aren't pleased with the weight you lost after using one bottle of WAFEX you get your money back.

This Wafex Wafer has according to scientific calculations, the hunger satisfying capacity of 2 ham sandwiches or 4 eggs or 5 slices of white bread. Yet contains only 5 calories.

And few people can resist hunger. So they appease it by eating between meals, by going off their diets. And back comes the unwanted pounds and inches.

So these New York doctors worked for years searching for a formula that would lick hunger and make people lose fat safely without dieting. They finally announced success in a food adjunct called WAFEX.

Clinical Tests Proved Their Discovery

The doctors clinically tested WAFEX on a large group of normal, healthy overweight men and women.

The group undergoing the tests were instructed by the doctors to chew or suck a tasty WAFEX Wafer half an hour before each meal, but not to go on any special diet, not to cut out any special foods—just sit down at the table and eat until satisfied.

Results Amazing!

Every member of the group lost 8 to 20 pounds in a short period of time; in fact satisfactory weight losses were noticed the very first week. And not a single person said she had a hungry moment.

DOCTORS! Write on your letterhead for professional samples and clinical data.

Wafex as Harmless as A Glass of Water

A Food Adjunct Not A Drug

During the tests the doctors carefully checked the physical condition of each person, took electro-cardiograms and did not find a single case of ill effect. Everyone said, she never felt better.

So at last, the fat person's dream has come true—a way to lose excess fat without dieting, without hunger, without giving up the food he likes.

Start slimming down your figure right now. Get WAFEX today. $3.00 for a month's supply. GUARANTEE if you aren't pleased with the weight you lost after using one bottle of WAFEX you get your money back.

Literacy Tests Begin October 5

Literacy tests for new voters are scheduled at Kingston High School on the days specified for registration in this city.

According to Arthur J. Laidlaw, superintendent of schools, the tests will be held as follows:

Friday, Oct. 5 and 6 between 10 a. m. and 10 p. m.

Friday, Oct. 12, from 10 a. m. to 10 p. m.

Saturday, Oct. 13, from 7 a. m. to 10 p. m.

During school hours on Friday, the tests will be held in room 156, which will be marked by a sign.

After school, in the evenings and on Saturdays they will be given inside the front entrance to the school.

The tests are held under direction of the New York State Board of Regents in preparation for the election to be held November 6.

These tests are for "new voters"; those who are voting in New York state for the first time. Those eligible to take the test are both foreign and native-born persons who will be entitled to vote in New York state for the first time.

Certificates of literacy are issued to "new voters" as follows:

To applicants whose credentials show that they have successfully completed the work prescribed for the sixth grade of the public day schools of the state.

To applicants whose credentials show that they have completed a course in reading and writing English equivalent to that required of sixth grade pupils in the public elementary schools of the state.

To all applicants who have passed an examination or test authorized by the commissioner. This test will be known as the New York State Regents literacy test.

To applicants who because of physical disability are unable to pass the New York State Regents literacy tests but who can satisfy the examiner that they could pass the test if it were not for such disability. (Applicants in this group should bring a certificate from an authority qualified to judge the nature and extent of the disability.)

The following persons are classed as "new voters" and must present evidence of literacy to the election inspectors:

All men and women born in the United States who became qualified to vote in New York state

All men and women of foreign birth who became qualified to vote in New York state after January 1, 1922.

All persons who have previously voted in one or more other states, but who become qualified to vote in New York state for the first time after January 1, 1922.

All "new voters" must present to the election inspectors either a certificate of literacy issued under the regulations of the Regents through the school authorities or a diploma from the eighth grade of an elementary school or from a higher school where English has been the language of instruction.

Pressure Regulation

When you're using a pressure cooker, after the desired pressure is reached, hold it steady by regulating the heat; avoid having the pressure fluctuate.

Registration Days

Friday and Saturday of this week are the first two days of registration in the City of Kingston. Polls will be open from 10 in the morning until 10 in the evening. If you do not register, you cannot vote in the November 6 election. Plan to register Friday or Saturday.

RELIEF FOR ASTHMA SUFFERERS

Quick relief usually comes from the first dose of this new formula which acts to relieve congestion. People who formerly suffered with frightening choking, coughing, wheezing asthma attacks speak of welcome relief after using ASMACOL. ASMACOL costs $2.50, but considering the relief you will experience, the $2.50 it costs amounts to only a few pennies per dose. ASMACOL, (caution, use only as directed) is sold with a money back guarantee if not delighted with results. Sold only by

Anniversary Body To Consider Basic Plans for Program

Plans for a meeting of the full board of directors of Kingston's 300th Anniversary on October 10, were made at a meeting of the executive committee Tuesday night, at which President Stanley J. Matthews presided.

Two major items will appear on the agenda when the directors meet next week. One will be a presentation of the proposed basic plans for the celebration and the other will be the naming of persons to fill important posts on committees, which should start functioning immediately. Matthews pointed out that numerous committees are already functioning and developing plans for the anniversary celebration. Those plans will be presented for the approval of the board of directors at a later date.

The finance committee will be the first new group to be established. At present this committee will have two major sub-committees; one on membership and one on souvenirs.

Matthews was pleased with the excellent attendance at the first meeting of the executive committee. All members were present except one and that member was out of town. Executive committee members in attendance included President Matthews, Mrs. Adam H. Porter, Allan L. Hanstein, Robert R. Rodie, James F. Byrne and Edward M. Huben. Others present included Treasurer Harry duBois Frey; Director of Public Relations Harry Rigby, Jr., and Secretary Albert Kurdt.

Methodists Plan Rhinebeck Tour

An interesting pilgrimage to the former home of the Rev. Freeborn Garretson in Rhinebeck will be held Saturday afternoon by friends and members of the Historical Society of the New York Conference of the Methodist Church.

The announcement was made locally today by Dr. Fred H. Deming of this city who added that others who are interested are requested to join in the pilgrimage. Those attending are requested to bring a basket lunch.

The group will meet Saturday at 10:30 a. m. for an interesting service at the Rhinebeck Methodist Church. The pilgrimage will be conducted in the afternoon.

The late Rev. Mr. Garretson, known to Methodist Church people as the "Father of Methodism," was well-known in the Hudson valley area while working out of the New York conference.

Columbus took samples of rubber from the Americas to Spain.

Madagascar is three times the size of Great Britain.

Winston Churchill's inside story of the war from Sicily to D-Day

Starts Friday, October 5, in

The New York Times

Here, from Churchill's secret files, told as only Churchill can tell it, with typical brilliance and candor, is the hidden story of a fateful year in our history. Read it in 24 weekday installments in The New York Times. It will appear in no other U. S. newspaper. Order your copies from your newsdealer today.

IN COUNTY GRANGES

Winners were reported last week in New York State's 1951 Grange Community Service Contest and found Glenridge Grange (Schenectady county) in top place, with Greene Grange (Chenango county) second and Lowville Grange (Lewis county) in third. Also were listed ten additional prize winners. In addition, there were 23 Granges whose reports showed enough effort and accomplishment to earn an Honorable Mention.

This year five of the state's 53 Deputy State Grange Masters won an award of a $25 U. S. Savings Bond and certificate for having half or more of their county's Granges reporting in the contest. These were: Leonard M. Fuller of St. Lawrence county; Mrs. Leah T. Benjamin of Chemung; Arnold Yaple of Chenango; James Tuggey of Franklin and Lloyd Brinkman of Schenectady.

In checking through the 109 reports of projects entered in the contest, we were surprised at the variety of things which Grange members and fellow-townsmen found that needed to be done in a community. The more worthwhile projects undertaken usually fitted a definite task which, when completed, made the community a better place in which to live.

Crusade for Freedom support is being asked at this time in order to continue the effective efforts of Radio Free Europe (not to be confused with our government Voice of America) to broadcast truth and understanding to the peoples who are held captive in minds and body. This modern "crusade" in the interests of freedom is having a telling effect in encouraging resistance to totalitarianism. This is the free and private citizen telling the world what freedom means. You should help in any way you can.

October with the crisp rustle of leaves, harvest and plowing, planning for a new year, is with us again. Granges everywhere are holding open-house Booster Nites, installing officers for the work that lies ahead, and, appropriately enough, making plans for entry in the 1952 Community Service Contest. Also on the calendar for this month is the 79th Annual State Grange Sessions at Syracuse October 30 to November 2.

Comforter Church May Sell Property

Supreme Court Justice Roscoe V. Elsworth has approved the petition of the Reformed Protestant Dutch Church of the Comforter of Kingston which seeks leave to sell certain property owned by the church.

The consistory of the church on September 26, 1951, gave its consent to sell two parcels of land on Clifton avenue for $750 each. The court approves this action.

Offers of purchase have been made by George C. Heppner and Patricia A. Heppner and Charles M., and Helen K. King. Connelly & Connelly appeared for petitioners.

'COPTER CARRIER IS NOT QUITE A FLAT-TOP—Anchor a few helicopters on the 327-foot-long deck of an LST (Landing Ship, Tank) and you get a new naval vessel—an aircraft carrier for 'copters. It's not quite a flat-top, but the versatile landing craft does yeoman service as a floating air base. Here a veteran 'copter named "Old Dad" revs up its tail rotor preparing to take off. (U. S. A Column of Contrary Opinion

If you will permit me, I should like to point out in this column how it often pays "to be contrary." It is really a good habit to get into—the habit of thinking contrarily on all large economic, national, and international issues.

As you know of course (if you have followed these pieces we have taken a tack opposed to the almost universal idea of continued rapid inflation. Our contrary viewpoints on this vast subject have run along on this opposite tack ever since the end of last year.

We based our contrary discussions chiefly on three approaches:

1. That monetary policies would help to retard inflation.

a. In the forepart of this year this occurred, and we saw government bonds drop sharply in price and interest rates rise. Bonds are again "droopy" and prime commercial rates ("best-name" borrowing rates in the big banks) are likely to rise again shortly.

2. That production for civilian purposes would be far larger than anticipated—and that we would have "both guns and butter."

a. You know what has happened to inventories and consumers' goods. Both in excess supplies at present.

3. That the "unwillingness" to buy, on the part of the public, might show up plainly in the market places, and that retail sales would thus show declines.

Notwithstanding the modest deflation that has occurred in many prices (although not in the food-basket) and the minor recession in production and sales, the predictions have continued that this fall—or this winter—or next spring—goods would be scarce again and prices start up. As the sluggishness continues and public buying does not pick up, the "time" is moved ahead in the predictions.

As this week opened, news was released that will further postpone the time of shortages—and I should suppose also the time when the renewed inflation will commence.

Defense Mobilizer Charles E. Wilson (according to a report in the Wall Street Journal) has let it be known that "cut-backs" in materials will not be as severe as generally expected — and that manufacturers of what is known as "consumers' durable goods" (autos, radios, refrigerators, etc.) will be able to produce about as much in the first quarter of 1952 as in the present quarter of 1951.

What has happened, apparently, is that if industrial plants were to cut back as far as has been expected there would be plant shut-downs and unemployment, because defense orders would take up all the slack. Wilson's report says that "any further heavy cut would force many plants to close completely at a time when the military program does not require the plants nor the manpower."

If you probe beneath the surface you will find other "subsidiary" reasons for this abrupt change in policy. The unions have doubtless been bringing pressure to bear, because of fears of unemployment. Then, too, as one Washington report has it, an election year is coming up and it would be well to keep "everybody" happy, consumer as well as worker.

Regardless of the reasons, the developments to date certainly bear out the argument of looking at these questions contrarily. Time after time, unexpected events happen that completely throw out all predictions and plans. Public psychology is difficult to interpret—and, as a matter of fact, public psychology is seldom given any serious consideration when economic planning is being done. The economists take their charts and their statistics and say that such-and-such a result will accrue because "the figures say so." What is left out of their formulas is what "the feelings have to say."

In sum, it certainly appears that we need not be too frightened about either (1) an immediate burst of renewed inflation, or (2) about immediate shortages of necessary goods.

Refugees Seek Asylum in U. S.

Fort Pierce, Fla., Oct. 4 (AP)—A leaking boat with 11 refugees from behind the "Iron Curtain" made port here yesterday and the passengers asked for asylum in the United States.

The immigration service arranged to place the group—four men, four women and three children—aboard a train to be taken to the detention station on Ellis island in New York harbor.

Their boat, an auxiliary schooner of Swedish registry named the Walprio, had a hole in its side and was leaking badly when it docked.

Their food supply was down to emergency rations.

The refugees reported they left Sweden July 22 and made a brief stop in the Dominican republic. None had travel papers.

Number of other groups have made the hazardous Atlantic crossing in small craft since the Russian move into eastern Europe.

Registration Days

Friday and Saturday of this week are the first two days of registration in the City of Kingston. Polls will be open from 10 in the morning until 10 in the evening. If you do not register, you cannot vote in the November 6 election. Plan to register Friday or Saturday.

Travel Over Three Bridges Higher

Travel over the three Hudson river bridges under control of the New York State Bridge Authority showed a gain of 8.07 per cent in September over that in the same month a year ago, the authority reported today.

The Bear Mountain bridge had the highest gain with a 10.20 per cent increase clocked while the Kingston-Rhinecliff ferry showed a loss in both vehicle and pedestrain traffic.

The total clocked for the three bridges last month was 612,224 as against 566,511 in September, 1950, a gain of 45,713.

The totals with this year's figures are: Rip VanWinkle, 157,338 and 144,195, a gain of 13,143 or 9.11 per cent; Mid-Hudson, 300,144 and 281,891, a gain of 140,418, a gain of 14,324 or 10.20 per cent.

The ferry clocked 8,803 vehicles this year and 9,960 last for a loss of 1,157. It carried 2,849 pedestrians this year as against 3,470 a year ago for a loss of 621.

Wounds Wife, Kills Self

Walden, N. Y., Oct. 4 (AP)—Police reported today that 68-year-old Dominick Crapis shot himself to death today after wounding his wife, Mary, 59, during a family argument in the kitchen of their home. A granddaughter, Shirley Fleischer, 13, who lives with the couple, heard the pistol shots at 4:30 a. m. and aroused neighbors. Mrs. Crapis was wounded in the left cheek and was taken to St. Luke's Hospital, Newburgh, where her condition was said to be good. She will be questioned by Orange County District Attorney Clare J. Hoyt when she is able to talk. Coroner Harvey T. Agnew issued a verdict of suicide and attempted murder.

Need Crane for Salvage

Salvage operations on the tug, Penn No. 2, in the Hudson river off Malden, have been delayed until a crane barge becomes available to the Tripp Salvage Company of New York, the U. S. Coast Guard has been informed. The tug was located in 60 feet of water by a diver on Tuesday. The tug sank on August 28 with its second engineer, John Robinson, 33, of Dundee, aboard, state police reported. Robinson's body has not been recovered.

New York to Escape

New York, Oct. 4 (AP)—The Weather Bureau said today that New York city would escape the force of a hurricane moving up the coast, but there may be off shore winds of more than 35 miles an hour. Northeast storm warnings were displayed as far as Block Island.

Settlement Is Reached

Settlement was reached just before noon today in the action for personal injuries brought by Benjamin Castellano against John Castellano of town of Lloyd. R. L. Featherstone appeared for plaintiff and A. R. MacKennan for defendant. Justice Hamm adjourned court until Monday at 10 o'clock.

Registration Days

Friday and Saturday of this week are the first two days of registration in the City of Kingston. Polls will be open from 10 in the morning until 10 in the evening. If you do not register, you cannot vote in the November 6 election. Plan to register Friday or Saturday.

The British legation in Washington was raised to the rank of embassy in 1893.

UN Forces Stopped

ly from their deeply dug in positions — they've been digging in since truce talks started three months ago — they had to be burned out by flame throwers or blasted by hand grenades.

Canadian troops fighting west of Yonchon, seven miles north of the 38th Parallel, made the four-mile advance. Fifty-seven ton Centurion tanks supported their savage hand-to-hand attacks.

Puerto Ricans of the U. S. Third Division plunged a mile ahead northwest of Chorwon in the only noteworthy U.N. advance reported Thursday. The rapid American advance apparently caught the Reds by surprise. The five hour push ran into only moderate resistance. Chorwon is 17 miles north of the parallel.

Other Third Division troops attacked a hill mass west of Chorwon for the fifth straight day. They reached the crest twice, only to be pushed off each time.

Surround Top

One unit attacking from the south reached Red trenches surrounding the top, then fought off a counterattack in a half hour battle. A second Chinese assault shoved the Americans off.

Between the Third Division and the Canadians, Red counterattacks forced small withdrawals along a ten mile sector. U. S. First Division cavalrymen and supporting Greek troops made limited gains against heavy Red mortar and artillery fire in this sector northwest of Yonchon.

An Eighth Army briefing officer said the Reds "threw a number of counterattacks" against the cavalrymen, "forcing slight withdrawals in one area."

Took It in Sanskrit

New York, Oct. 4 (AP)—To be graduated from Barnard College, Miss Neera Karve had to pass a written examination in a foreign language. But the 20-year-old junior from Poona, India, didn't know any modern foreign languages. The faculty waived regulations and let her take the test in Sanskrit, the ancient Aryan language of the Hindus that goes back into the dim centuries before Christ. She is the first student in Barnard's 63-year history to have done so. She translated a classical epic into English for a grade of A minus.

Vote Is Put Off

Washington, Oct. 4 (AP)—The House today put off until tomorrow a final vote on a bill authorizing a $7,483,400,000 program of military and economic aid to foreign nations. Speaker Rayburn said the delay was caused by the inability of some members of the banking committee to attend today's session. The banking committee members are concerned over a provision in the bill affecting the export-import bank. The provision was added by the Senate.

The first paper mill in the United States is believed to have been built in Germantown, Pa., in 1690.

Theft, Mischief Cases Reported

A petty theft, an apparent attempted theft and more mischief was reported to police yesterday.

Officer George Loughran reported to police headquarters at 10:45 p. m., that he had found a window in a door at the Taiclet box factory, 483 Hasbrouck avenue broken, and it "appears to have been broken to gain entrance." Emile Taiclet was contacted and he reported the window intact when he closed.

A report from the Leon Wilber & Son coal yard, Tremper avenue, earlier yesterday said that someone had sawed open gates to the yard "and threw stuff all over the yard." A report earlier this week said that damage had been done to machinery, and coal was dumped from a silo at the McGill coal yard.

James Rapp, 68 Green street, reported to the police at 2 p. m., that his daughter's red and white tricycle was missing.

Pepper Blanching

To blanch green peppers before stuffing them for the main course for lunch or supper, cook the peppers five minutes in boiling salted water. Spanish rice, with small pieces of crisp bacon, makes a good filling for the peppers.

CORN MARKS THE SPOT—Carl D. Snider, a farmer near Olney, Ill., holds his hand over the spot in his corn field named by the U. S. Census Bureau as the exact center of population of the United States. The point is 42 miles west and seven miles south of the 1940 center of population, located near Carlisle, Ind.

SHIFTING CENTER—The Newsmap above shows westward movement of the center of population of the U. S. since 1880, according to the U. S. Census Bureau. The 1950 center is located in a corn field near Olney, Ill.

GARDINER

Gardiner, Oct. 3—Mr. and Mrs. Tracy Munson of Lake Katrine were Sunday afternoon guests of Mrs. Munson's aunt, Mrs. Stella Woolsey.

Miss Nellie Clinton of New Paltz spent the weekend with Mrs. Mary Clinton.

Mr. and Mrs. Fred Petersen who have been here completing the sale of their home to Carl Dommries left for their home in Vera Beach, Fla., Tuesday.

Mrs. Fred Franks and daughter are visiting her parents, Mr. and Mrs. Loretta Spiney of Gloucester, Mass.

Miss Mary Wieder is visiting relatives in Forest Hills.

Mr. and Mrs. Isaac Williamson, Sr., and three grandchildren, Ruth Ann, Sharon Williamson and Margaret Austey were supper guests of their son-in-law and daughter, Mr. and Mrs. Frank Boland Wednesday night.

Mr. and Mrs. Edwin Jayne and son, Billy of Schenectady, were Monday afternoon guests of Mr. Jayne's parents, Mr. and Mrs. Lewis Jayne.

Mr. and Mrs. John Lyons and son, James of Mt. Vernon, spent the weekend at the Lucy home.

Linard Dewyea has had a well driven on his property.

Mr. and Mrs. Lee Barclay announce the birth of a daughter at the Kingston Hospital on Sept. 29.

The Forest Glen Home Bureau unit met at the home of Mrs. Edna Brannigan of New Paltz on Wednesday night. Three new members were received. Classes in the making of stuffed animals under the direction of the local leader, Mrs. Brannigan, and in the making of fabric gloves with Mrs. David DuBois as leader, were formed. The next meeting for making animals will be held at Mrs. Brannigan's Wednesday, Oct. 17, at 8 p. m. The next glove-making meeting will be announced.

World-Wide Communion will be observed at the Reformed Church next Sunday morning. The rally day service held Sunday by the Sunday school proved to be an inspiring service. Promotions were made and pins awarded for perfect attendance during the past year. The memorial flowers in the church were in memory of Miss Laura Borcherding given by her mother, Mrs. Esther Borcherding. The annual turkey dinner will be held at the church hall Thursday, Oct. 11. Servings will begin at 5:30 p. m. and continue until all are served. Tickets may be procured from members of the Dutch Circle. The Dutch Circle will meet at the home of Mrs. Joseph McAnlis. Mrs. Clifford Hoppenstedt will be the assistant hostess.

Registration day will be Saturday, Oct. 6, from 7 a. m. until 10 p. m. and on Saturday, Oct. 13, from 1 p. m. until 10 p. m. at the fire house.

GALLBLADDER HURTS?

BEGIN THIS NEW TREATMENT TODAY

Relief at last for sufferers from gall bladder, stomach and colic distress due to lack of healthy bile. This new prepasation called MAGNACOL acts with remarkable effect to stimulate the flow of healthy bile. Be fair to yourself and begin fighting distress at once with MAGNACOL. MAGNACOL may appear to be an expensive medicine, but considering the relief you will experience, the $2.50 it costs amounts to only a few cents per dose. Theft, Mischief Cases Reported

A petty theft, an apparent attempted theft and more mischief was reported to police yesterday.

Officer George Loughran reported to police headquarters at 10:45 p. m., that he had found a window in a door at the Taiclet box factory, 483 Hasbrouck avenue broken, and it "appears to have been broken to gain entrance." Emile Taiclet was contacted and he reported the window intact when he closed.

A report from the Leon Wilber & Son coal yard, Tremper avenue, earlier yesterday said that someone had sawed open gates to the yard "and threw stuff all over the yard." A report earlier this week said that damage had been done to machinery, and coal was dumped from a silo at the McGill coal yard.

James Rapp, 68 Green street, reported to the police at 2 p. m., that his daughter's red and white tricycle was missing.

Pepper Blanching

To blanch green peppers before stuffing them for the main course for lunch or supper, cook the peppers five minutes in boiling salted water. Spanish rice, with small pieces of crisp bacon, makes a good filling for the peppers.

CORN MARKS THE SPOT—Carl D. Snider, a farmer near Olney, Ill., holds his hand over the spot in his corn field named by the U. S. Census Bureau as the exact center of population of the United States. The point is 42 miles west and seven miles south of the 1940 center of population, located near Carlisle, Ind.

Kingston Teacher Is Praised for Service

Mrs. M. Carolynn Walker of School No. 2, this city was praised Saturday at the third annual meeting of the Special Education Teachers' Association for her years of service, coupled with her foresight and efforts in organizing the association. The meeting was held at the Academy avenue school, Middletown.

Principal speaker at the meeting was Miss Katherine Lynch of the New York City Bureau for Children of Retarded Mental Development. In her address she suggested ways of teaching retarded children in regular classes on the elementary, junior and senior high school levels. She emphasized the need for feelings of success and security at all levels, as well as the necessity for a secure relationship between normal and slower children.

"There is no shame in failing if one doesn't stay at that point or keep failing," she pointed out. "The attitude of the special class teacher, other teachers, and the principal can do much to prevent any form of stigma. To insure success," she added, "different and flexible grouping is necessary in every subject."

Other Speakers

Other speakers at the conference were Miss Eleanor McCoach, special class teacher at Middletown; Mrs. Bess Criswold, principal of the Academy avenue school; Dr. Helen Braem, special class supervisor in northern Westchester county; Dr. Charles Becker, supervisor of education for handicapped children, New York State Education Department.

Officers for the year, elected at Saturday's meeting, are: Dr. Braem, northern Westchester county, president; Miss Lucy Dow, Poughkeepsie, vice-president; Mrs. Grace Snyder, Saugerties, secretary; Mrs. Florence Ost, Beacon, treasurer.

Attending the conference from this city were Mrs. Dorothy Buehring, School No. 4, and Mrs. Frieda Dingee, principal, School No. 7.

Scout Uniforms Needed

Girl Scouts at the Childrens' Home, 77 East Chestnut street, are in need of uniforms, it was announced today. Girl Scouts who have outgrown uniforms are asked to either send or take them to the home. All sizes can be used as children there vary from Brownies through Senior Scouts. Outgrown Halloween costumes for either boys or girls will also be appreciated.

Hebrew School to Open

Sunday school classes will open this Sunday at the Hebrew School building, 48 Post street. The program this year will include Jewish history, Jewish music, holiday projects and the Hebrew language. Classes begin at 10 a. m. and continue until noon. Parents are asked to register their children immediately so they will not miss the High Holydays unit of the program.

Game-Social Planned

The Missionary Society of the Ponckhockie Congregational Church will hold a game-social in the church parlor Friday at 7:30 p. m. There will be special attractions for the children, and refreshments on sale. Proceeds will be used for the support of a Moslem child in a Christian school.

Gladys Edna Briggs, Hurley, Is Married To Victor Osborn, Jr.

The Clinton Avenue Methodist Church was the scene Saturday, Sept. 22, at 2 p. m. of the marriage of Miss Gladys Edna Briggs, daughter of Mr. and Mrs. Harry Briggs of Hurley, and Victor Osborn, Jr., son of Mr. and Mrs. Osborn, Nicholas street, Lincoln Park. The Rev. Dr. Clyde Herbert Snell, pastor of that congregation, officiated.

Mrs. Raymond Ingersoll, organist, played the traditional wedding marches. Miss Dayle Auchmoody, cousin of the groom, sang Because and The Lord's Prayer during the ceremony.

Mr. Briggs gave his daughter in marriage. She wore an ankle-length gown of white net and lace over satin, and a white fingertip tulle veil secured by a tiara of lace and rhinestones. Her bridal bouquet was of white pompons.

Mrs. Edith Terwilliger Hull of Port Ewen, cousin of the groom, was matron of honor. Mrs. Hull was dressed in a cocktail gown of navy blue net over taffeta, a pink, Juliet-type cap and pink accessories. She carried a bouquet of pink pompons.

Raymond Hull was best man.

A reception followed for the immediate families and close friends in the patio at the home of Mr. and Mrs. Dale Auchmoody, 40 Vincent street, where a buffet luncheon was served. The couple then left for a wedding trip through the Berkshires. The bride's traveling ensemble included a navy blue and white jacket dress ensemble, navy blue accessories and a corsage of peach-colored gladioli. Upon their return they will make their temporary home at Nicholas street and Hurley.

Personal Notes

Mr. and Mrs. Sidney Lane of 8 Barmann avenue have returned from a nine-weeks tour of New England. Mr. Lane, who was on a color assignment, photographed most of the sector's principal cities.

Miss Constance Reppert, daughter of Mr. and Mrs. Harry W. Reppert, 169 Manor avenue, whose sister, Miss Allison Reppert is a graduate of Stephens College, Columbia, Mo., was honored at a tea Sunday afternoon given on the Stephens' campus for 200 students whose mothers or sisters are graduates of the college.

OBLIGATION OF HIS FAMILY

A mother writes: "My daughter is engaged to a man stationed near here whose family live quite a distance East. This boy is leaving soon for overseas and when he comes back the young people will have a wedding. He said he wrote and told his family about the engagement and plans, and they telephoned they were very happy about it and hoped later to make the trip for the wedding. But we've heard nothing direct from them. Would it be out of place for my daughter to write her fiance's mother, and what would she say in such a letter?"

I'm sorry but the only thing for her to do is to tell her fiance that he must write his mother and tell her that it is her obligation to write you. A girl cannot take the first step.

Invitations From Several Hostesses

Dear Mrs. Post: Don't you think that it might be better, when several hostesses together give a party, if each sends her own invitations without including the names of the other two hostesses? If a name is on two or three lists, then only would the names of the other hostesses be used. If this were done it might save the guest from feeling that she is indebted to all the hostesses.

Answer: It seems to me that the names of all three hostesses must be included at the head of all of the invitations. There would be great confusion otherwise. If formally written, it might perhaps be well to head those by Mrs. Brown: "Mrs. Brown, Mrs. Green and Mrs. Robinson request the pleasure of Mrs. Smith's Company" etc. Then the other two would put their names first on the invitations sent by themselves. If informal they would say: "Mary Green, Alice Robinson, and I are giving a party and hope you can come, etc."

Return Reply

Dear Mrs. Post: If a return card is enclosed with the wedding invitations so that people will be sure to answer, should the envelopes for these also be stamped with the necessary postage?

Answer: No, never!

Fellowship Guild Plans Annual Dinner

At the October meeting of the Fellowship Guild of the First Presbyterian Church, Mrs. Gladys Owens, president, announced that tickets for the group's annual turkey dinner are now on sale.

The dinner will be held Wednesday, Oct. 24, with two servings at 5:30 and 6:45 p. m., in Ramsey Memorial hall.

Mrs. Burton Schwab, who was in charge of the meeting's program, showed several slides of a trip she took through Williamsburg, Va. Refreshments were served by the Mmes. John Henry, Clarence Mullen and Howard Hornbeck.

Friday Nighter Dance

The Friday Nighter Co-ed Club will hold its weekly dance tomorrow at the YMCA Youth Center, with dancing from 7 to 10 p. m. to the music of Harry Freer and his orchestra.

Economical Dish

For an economical supper dish grind the tag ends of a baked ham and mix a little tomato sauce and grated cheese; now fold in cooked egg noodles. Bake the mixture in a moderate oven until thoroughly hot and top is lightly browned.

Kingston Teacher Is Praised for Service

Mrs. M. Carolynn Walker of School No. 2, this city was praised Saturday at the third annual meeting of the Special Education Teachers' Association for her years of service, coupled with her foresight and efforts in organizing the association. The meeting was held at the Academy avenue school, Middletown.

Principal speaker at the meeting was Miss Katherine Lynch of the New York City Bureau for Children of Retarded Mental Development. In her address she suggested ways of teaching retarded children in regular classes on the elementary, junior and senior high school levels. She emphasized the need for feelings of success and security at all levels, as well as the necessity for a secure relationship between normal and slower children.

"There is no shame in failing if one doesn't stay at that point or keep failing," she pointed out. "The attitude of the special class teacher, other teachers, and the principal can do much to prevent any form of stigma. To insure success," she added, "different and flexible grouping is necessary in every subject."

Other Speakers

Other speakers at the conference were Miss Eleanor McCoach, special class teacher at Middletown; Mrs. Bess Criswold, principal of the Academy avenue school; Dr. Helen Braem, special class supervisor in northern Westchester county; Dr. Charles Becker, supervisor of education for handicapped children, New York State Education Department.

Officers for the year, elected at Saturday's meeting, are: Dr. Braem, northern Westchester county, president; Miss Lucy Dow, Poughkeepsie, vice-president; Mrs. Grace Snyder, Saugerties, secretary; Mrs. Florence Ost, Beacon, treasurer.

Attending the conference from this city were Mrs. Dorothy Buehring, School No. 4, and Mrs. Frieda Dingee, principal, School No. 7.

Scout Uniforms Needed

Girl Scouts at the Childrens' Home, 77 East Chestnut street, are in need of uniforms, it was announced today. Girl Scouts who have outgrown uniforms are asked to either send or take them to the home. All sizes can be used as children there vary from Brownies through Senior Scouts. Outgrown Halloween costumes for either boys or girls will also be appreciated.

Hebrew School to Open

Sunday school classes will open this Sunday at the Hebrew School building, 48 Post street. The program this year will include Jewish history, Jewish music, holiday projects and the Hebrew language. Classes begin at 10 a. m. and continue until noon. Parents are asked to register their children immediately so they will not miss the High Holydays unit of the program.

Game-Social Planned

The Missionary Society of the Ponckhockie Congregational Church will hold a game-social in the church parlor Friday at 7:30 p. m. There will be special attractions for the children, and refreshments on sale. Proceeds will be used for the support of a Moslem child in a Christian school.

Gladys Edna Briggs, Hurley, Is Married To Victor Osborn, Jr.

The Clinton Avenue Methodist Church was the scene Saturday, Sept. 22, at 2 p. m. of the marriage of Miss Gladys Edna Briggs, daughter of Mr. and Mrs. Harry Briggs of Hurley, and Victor Osborn, Jr., son of Mr. and Mrs. Osborn, Nicholas street, Lincoln Park. The Rev. Dr. Clyde Herbert Snell, pastor of that congregation, officiated.

Mrs. Raymond Ingersoll, organist, played the traditional wedding marches. Miss Dayle Auchmoody, cousin of the groom, sang Because and The Lord's Prayer during the ceremony.

Mr. Briggs gave his daughter in marriage. She wore an ankle-length gown of white net and lace over satin, and a white fingertip tulle veil secured by a tiara of lace and rhinestones. Her bridal bouquet was of white pompons.

Mrs. Edith Terwilliger Hull of Port Ewen, cousin of the groom, was matron of honor. Mrs. Hull was dressed in a cocktail gown of navy blue net over taffeta, a pink, Juliet-type cap and pink accessories. She carried a bouquet of pink pompons.

Raymond Hull was best man.

A reception followed for the immediate families and close friends in the patio at the home of Mr. and Mrs. Dale Auchmoody, 40 Vincent street, where a buffet luncheon was served. The couple then left for a wedding trip through the Berkshires. The bride's traveling ensemble included a navy blue and white jacket dress ensemble, navy blue accessories and a corsage of peach-colored gladioli. Upon their return they will make their temporary home at Nicholas street and Hurley.

Personal Notes

Mr. and Mrs. Sidney Lane of 8 Barmann avenue have returned from a nine-weeks tour of New England. Mr. Lane, who was on a color assignment, photographed most of the sector's principal cities.

Miss Constance Reppert, daughter of Mr. and Mrs. Harry W. Reppert, 169 Manor avenue, whose sister, Miss Allison Reppert is a graduate of Stephens College, Columbia, Mo., was honored at a tea Sunday afternoon given on the Stephens' campus for 200 students whose mothers or sisters are graduates of the college.

Good Taste Today

OBLIGATION OF HIS FAMILY

A mother writes: "My daughter is engaged to a man stationed near here whose family live quite a distance East. This boy is leaving soon for overseas and when he comes back the young people will have a wedding. He said he wrote and told his family about the engagement and plans, and they telephoned they were very happy about it and hoped later to make the trip for the wedding. But we've heard nothing direct from them. Would it be out of place for my daughter to write her fiance's mother, and what would she say in such a letter?"

I'm sorry but the only thing for her to do is to tell her fiance that he must write his mother and tell her that it is her obligation to write you. A girl cannot take the first step.

Invitations From Several Hostesses

Dear Mrs. Post: Don't you think that it might be better, when several hostesses together give a party, if each sends her own invitations without including the names of the other two hostesses? If a name is on two or three lists, then only would the names of the other hostesses be used. If this were done it might save the guest from feeling that she is indebted to all the hostesses.

Answer: It seems to me that the names of all three hostesses must be included at the head of all of the invitations. There would be great confusion otherwise. If formally written, it might perhaps be well to head those by Mrs. Brown: "Mrs. Brown, Mrs. Green and Mrs. Robinson request the pleasure of Mrs. Smith's Company" etc. Then the other two would put their names first on the invitations sent by themselves. If informal they would say: "Mary Green, Alice Robinson, and I are giving a party and hope you can come, etc."

Return Reply

Dear Mrs. Post: If a return card is enclosed with the wedding invitations so that people will be sure to answer, should the envelopes for these also be stamped with the necessary postage?

Answer: No, never!

Graff Exhibition

Woodstock, Oct. 4—A small group of attractive paintings by Dorothy Graff are now on view at the Village Kitchen. Miss Graff is showing both landscapes and still lifes, vivid in color and clearly defined. One of the most charming is a small intimate landscape containing subtle variations in the green foliage, the small stretch of water and a soft blue-green fence. Her still lifes contain patterns of brilliantly hued vegetable and flower motifs.

Their New Mystery

Woodstock, Oct. 4 — Charles Boswell, noted mystery story author, with his co-author, Lewis Thompson, has just announced publication of their most recent book, "The Girl in the Stateroom," by Gold Medal Books. The book contains the factual story of a single murder case—that of an actress Gay Gibson murdered on an ocean liner off the South African Coast in October 1947.

Craft Shop Schedule

Woodstock, Oct. 4—Crafts Co-operative has announced the following fall shopping hours. The shop will be open daily except Wednesdays from 1:30 to 5:30 p. m., Saturday 9:30 a. m. to 12 noon and 1:30 to 5:30 p. m. The new display of craftwork appeared in the shop window Wednesday.

Trashy Books Condemned

Montreal (AP) — The National Council of Women was told recently that a sharp increase in the number of "highly dramatic crimes" is largely attributable to "the sad plight of the modern, so-called literature." Mrs. C. L. Pearson of Toronto, in her report as chairman of the council's committee on cinema and printed matter, said such crimes usually follow "one or the other of the threadbare patterns of trashy books."

Do Not Wash Grids

Once the grids of your waffle iron are seasoned, don't wash them; brush them clean while still hot, then leave the waffle iron open so the grids can cool. If there's grease or batter around the hinges be sure to wipe off.

Trashy Books Condemned

Montreal (AP) — The National Council of Women was told recently that a sharp increase in the number of "highly dramatic crimes" is largely attributable to "the sad plight of the modern, so-called literature." Mrs. C. L. Pearson of Toronto, in her report as chairman of the council's committee on cinema and printed matter, said such crimes usually follow "one or the other of the threadbare patterns of trashy books."

HOME BUREAU

25 Units Planning Exhibits Oct. 8th

A total of 25 units will have exhibits at the annual fall rally of the Ulster County Home Bureau at the Kingston Municipal Auditorium on Monday, Oct. 8, it was announced today by Miss Everice Parsons, county home demonstration agent.

The exhibits, which will be open to the public from noon on, will include such items as hooked mats, trays, stencilled textile articles, plastic and fabric bags, huck towel bags, gloves, refinished articles, and at least 35 different sewing screens.

Also to be exhibited will be samples of the things that will form this year's projects at Home Bureau unit meetings. They include fabric gloves, stuffed animals, homemade dolls, decorative stitching, cotton dresses, Christmas greens, and hooked rugs.

During the evening, a short speaking session is scheduled. Speakers will be Mrs. Frank Boudreau of New York and Woodstock, and Miss Eulalie Steinmetz, supervisor of storytelling at the New York Public Library. Mrs. William Powers, county Home Bureau chairman, will preside.

Both the afternoon inspection of exhibits and the evening session are open to the public. There will be no admission charge.

Saxton Unit

The Saxton unit of the Ulster County Home Bureau will hold its second meeting of the season Thursday, Oct. 11, in the Saxton Fire House. An all-day meeting is planned beginning at 10 a. m. The subject under consideration will be How to Get the Most for Your Food Dollar with Mrs. Percy Mower, vice-chairman of the unit, in charge of the discussion. Mrs. Mower will give a practical demonstration using certain foods as the basis of her talk. All members are urged to be present and take an active part in the discussion.

Businesses Lighten Load

Chicago (AP) — Suburban home owners can lighten their tax loads by encouraging, rather than opposing the establishment of desirable businesses in their communities. This is the contention of Stephen Porter, writing in Review, the publication of the Society of Residential Appraisers. A director of the Westchester County (N.Y.) Realty Board, Porter explains that in suburban communities without industry, practically the entire tax burden falls on home owners.

Plank Road Unit

Plank Road Unit, Home Bureau, will meet Tuesday, Oct. 9, at 7:45 p. m., at Boice's hall. All members are asked to attend as important business will be discussed. Refreshments will be served.

Golden Wedding

Mr. and Mrs. Edward Elmendorf of 11 Otis street celebrated their 50th wedding anniversary Thursday, Sept. 27 with a supper party at their home. They left the next day for New York where they spent the weekend with their son-in-law and daughter, Mr. and Mrs. F. Roth.

Russian Guns in China

Hong Kong (AP) — The Bocca Tigris forts, at the mouth of the Pearl river approaches to Canton, are reportedly strengthened with Russian-made long range coastal guns. The independent, but pro-Nationalist newspaper, Kung Sheung, said the forts had been placed under the command of Gen. Lin Ping, former commander of the Kwangtung - Hunan - Kwangsi defense force. Last year unconfirmed reports were that Lin was in command of a new Sixth Field Army based in the South China area.

Mr. and Mrs. Edward Elmendorf of 11 Otis street celebrated their 50th wedding anniversary Thursday, Sept. 27 with a supper party at their home. They left the next day for New York where they spent the weekend with their son-in-law and daughter, Mr. and Mrs. F. Roth.

Russian Guns in China

Hong Kong (AP) — The Bocca Tigris forts, at the mouth of the Pearl river approaches to Canton, are reportedly strengthened with Russian-made long range coastal guns. The independent, but pro-Nationalist newspaper, Kung Sheung, said the forts had been placed under the command of Gen. Lin Ping, former commander of the Kwangtung - Hunan - Kwangsi defense force. Last year unconfirmed reports were that Lin was in command of a new Sixth Field Army based in the South China area.

Must Allow Chance

Washington, Oct. 4 (AP) — Employers must allow workers a chance to reply on company time to any anti-union speech made on company time. The National Labor Relations Board (NLRB) so ruled yesterday in a case brought against Bonwit-Teller, Inc., New York city department store, by AFL retail clerks. The board said the department store unlawfully interfered in labor activities when it refused to allow the union a chance to speak to employes prior to an election. As a result, it set aside an election held after company speeches. The retail clerks had received 225 votes to 668 against representation.

BOOK REVIEW

To further increase interest in the Kingston Library the following review by Mrs. G. Cramer Dodge is published.

A KING'S STORY

Memoirs of the Duke of Windsor

Here is the long postponed story of the man who was Edward VIII of England; and it is well worth waiting for. This is the inside story of English Royalty, told in a most interesting manner, and with extreme good taste by one who was born heir apparent to the British throne, and for a short time occupied it.

The first five chapters concern his early childhood, the rigid training, the stern discipline of his father, anecdotes about his grandfather and grandmother, King Edward VII and Queen Alexandra. Their life at Sandringham, King George V's devotion to his mother, shown in one instance by his allowing her to remain at Sandringham for 15 years after the death of her husband, while he and his family occupied crowded York Cottage.

The young Prince's life in the Navy School, terminated by the death of his grandfather, his impressive investiture as Prince of Wales. Days at Oxford; Years at war are described in detail. The story of his travels as first Ambassador of Good Will for the Empire is an amazing chronicle. Although advised by his father before he started to always remember who he was and to act accordingly, he managed to have quite a good time, especially in America. "Papa" read newspaper accounts of his activities there, and was not pleased.

Many New Yorkers have been thrilled as they watched visiting celebrities being escorted up the "Grand Canon of Lower Broadway" amid a storm of ticker tape. From the Duke we learn how he, at least, was impressed by his reception by warm-hearted, boisterous Americans. He liked it immensely after the first gasp of surprise. These travels were ended by the Prince's recall from Africa by his father's serious illness. After that he shouldered an increasingly large share of the King's duties.

A light is thrown upon the home-loving characteristic of the Prince's nature when he tells of the granting of his wish to have for his own, Fort Belvedere. The incentive and industry with which he applied himself (and week-end guests) to the business of reconditioning and redecorating it and transforming it into a home of charm and distinction gave great joy and satisfaction to himself and to his guests. That experience inspired him to try his hand at improving gloomy old York House. His pleasure in having his brother, George (Duke of York), there for several years before he was married was a happy remembrance after the Duke's untimely death in an airplane accident. Another fact learned from his decorating activities was a new appreciation of the great beauty of Windsor Castle and the discovery of the complete knowledge which his mother had about the history and treasures of all the British royal residences. She applied herself untiringly to the self-appointed task of bringing together the various parts of the many sets of silver, paintings, furniture, etc. from widely separated places so that at last she had the British Royal Collection as nearly complete as possible.

The pageant of his father's state funeral is described reverently. A touching incident was the plan, originated and carried out by the King's four sons, of joining for a few minutes the continuous vigil kept around the coffin at Westminster by the Household Troops and others. In full dress uniform they silently joined the other guardsmen at midnight and stood motionless, with swords reversed, unrecognized by the crowds who streamed past.

Of course the highlight of the book is the author's account of the romance which led to his abdication. He tells of his first meeting with Wallis Simpson in 1931, of his growing interest in her, ripening into love, first on his part and, he says, unsuspected by her for quite a long time. Unsuspected by the public too for a long time. The English press, following its traditional custom of printing nothing which could reflect unfavorably upon the reigning monarch, kept the situation dark until the name of Mrs. Simpson was recorded in the Court Circular among house party guests at Balmoral in 1936. Soon after that Wallis' divorce petition was filed and then the news was out. The prime minister, greatly perturbed, called upon the King and asked bluntly, "must this case go on?"

Then events moved swiftly. Directly after Mr. Baldwin's call the King told each member of his family—his mother first—of his intention to marry Mrs. Simpson. He then retired to Fort Belvedere, releasing his family from any complication in the matter, and fought it out with the government alone.

First he sent Wallis secretly to France to avoid any unpleasant publicity.

He then recounts, without rancor and with complete frankness, the stirring struggle with the constitunal crisis leading to the abdication. The King's friends, among them Winston Churchill, rallied to his defense. The prime minister, while wishing fervently to have the King retain his throne was inalterably opposed to his having as Queen a divorced woman; basing his position upon the fact that the King as Defender of the Faith and head of the Church of England, which frowned upon divorce, could not himself break that law. Plans to appease the government were brought forth and abandoned. From France came frantic pleas to dissuade the King from his decision. Finally, realizing that further pressure would split apart his beloved kingdom, the King decided overnight to abdicate.

His transition from King to private subject was swift and dramatic. First a quiet, dignified farewell dinner at Royal Lodge with his family, then the graceful, moving radio address from Windsor Castle and then, at two o'clock on the morning of December, 12, 1936 the H.M.S. "Fury" slid silently out of Portsmouth Harbor with the lonely figure of the Duke of Windsor, aboard watching the shores of England recede. Gallant is the word for Edward.

Austin Can't Attend

Burlington, Vt., Oct. 4 (AP)—A former University of Vermont football star—UN Ambassador Warren R. Austin— will be unable to attend the 50th anniversary of football at the the University of Vermont. The United Nations delegate expressed "regrets" today at his inability to attend the homecoming game Oct. 13 between Vermont and Norwich University. A new lounge in honor of Vermont's alumni, including Austin and philosopher John Dewey, will be opened on that day.

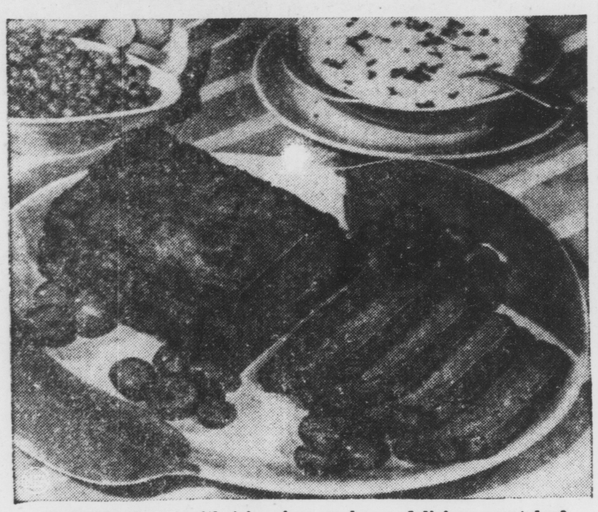
GIVE MEAT LOAF NEW FLAVOR



GROUND BEEF with trimmings makes a delicious meat loaf.

By GAYNOR MADDOX
NEA Food and Markets Editor

For the budget's sake, stretch meat with tender cereal. For appetite's sake, add extra flavors to your meat loaves with mushroom garnish.

Beef Loaf with Mushroom Garnish
(4 servings for 2 meals)

One-half cup granulated rice cereal or fine dry bread crumbs, 1 cup undiluted evaporated milk, 1½ pounds chopped beef, 1 egg, 2 teaspoons salt, ¼ teaspoon pepper, ¼ teaspoon nutmeg, 1/3 cup finely diced onion, 3-ounce can broiled mushrooms.

Place rice cereal in mixing bowl. Add milk and let stand 5 minutes. Add chopped beef, egg, salt, pepper, nutmeg and onion. Mix well, using large kitchen fork. Lightly pack into greased small loaf pan, about 8 x 4 inches.

Bake in moderately hot oven (375 degrees F.) until done, about 45 minutes to 1 hour. Invert on serving platter and surround with mushroom crowns which have been heated in their own broth. Leftover meat loaf can be served cold in slices, makes excellent sandwich meat.

Squash and Meat Pie
(4 generous servings)

One-half pound chopped beef, 3 tablespoons granulated rice cereal, 3-ounce can chopped broiled mushrooms, ¼ cup finely diced onion, 1 teaspoon salt, ⅛ teaspoon nutmeg, I pound package quick-frozen squash, about 2 cups; 1 egg, beaten; 2 tablespoons butter, melted; ½ teaspoon salt, ⅛ teaspoon pepper.

Blend chopped beef, rice cereal, broth drained from can of mushrooms, onion, salt and nutmeg thoroughly together. Pack evenly over the bottom and sides of a greased 8-inch pie plate. Combine squash with egg, drained mushrooms, butter, salt and pepper, whipping well with fork.

Pile lightly over the meat lining the pie plate, spreading fairly evenly. Bake in moderately hot oven (375 degrees F.) until meat is done and squash is thoroughly hot, about 45 minutes. Serve hot cut in wedges like a pie.

TOMORROW'S MENU

BREAKFAST: Orange juice, codfish cakes, whole wheat toast, butter or fortified margarine, tart jelly, coffee, milk.

LUNCHEON: Creamed mixed salmon and tuna on toast, enriched rolls, butter or fortified margarine, celery, gingerbread squares, tea, milk.

DINNER: Beef loaf with mushroom garnish, gravy, baked potatoes, buttered summer squash, enriched bread, butter or fortified margarine, sliced tomatoes with chopped chives, prepared chocolate pudding, cream, coffee, milk.

'French Style' Snap Beans

When you see a recipe that calls for "French-style" snap beans, it means that the beans should be cut into long slivers before cooking.

Confessional Service

The confessional service of prayer and meditation, in preparation for the celebration of the sacrament of Holy Communion Sunday morning, will be held this evening in the sanctuary of the Rondout Presbyterian and Wurts Street Baptist Church, it has been announced by Raymond H. Van Valkenburgh, clerk of the session of the local church. The service of worship will be held at 7:30 o'clock. John A. McCullough will sing the communion solo and Dr. Cain will preach. The theme of the evening meditation will be In Preparation Therefore.

'Bandits' Suppressed

Hong Kong (AP) — Communist authorities in South China are boasting that 261,686 bandits or guerrillas were killed or captured during the first six months of 1951. The South China military command's report on Red China's "bandit suppression campaign" said most of the dissidents were "inactivated" in Kwangsi province, which borders northeast Indochina. The report listed the capture of thousands of weapons and even such things as "20 telephone switchboards, 449 telephones, four radiophones and 29 telescopes." It didn't say what the guerrillas would be doing with telephone switchboards in a land noted for the scarcity of such items.

Tasty Casserole

Vary a macaroni and cheese casserole for a family meal by adding chunks of tuna fish and strips of canned pimiento. Serve with buttered snap beans and a green salad.

Registration Days

Friday and Saturday of this week are the first two days of registration in the City of Kingston. Polls will be open from 10 in the morning until 10 in the evening. If you do not register, you cannot vote in the November 6 election. Plan to register Friday or Saturday.

Add crushed pineapple and honeydew melon balls to a lemon-flavored gelatin dessert for a refreshing fruit dessert.

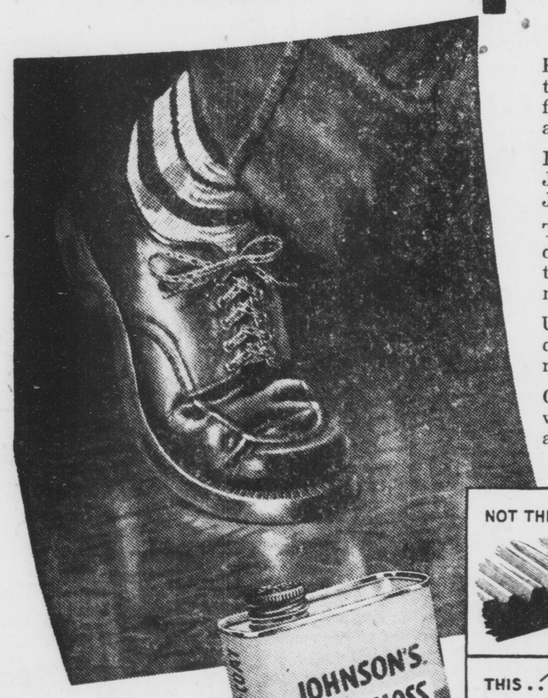
scuffed-up floors!



Here's sensational news about a sensational new kind of no-rubbing polish for linoleum, asphalt tile, rubber tile and finished wood floors!

It's brought to you by the makers of Johnson's Wax...and it's called Johnson's Hard Gloss Glo-Coat!

This new kind of no-rubbing polish dries in a few minutes to leave a shine that is so remarkably hard it doesn't mark up or streak or get sticky!

Under ordinary household traffic, floors don't get a scuffed-up look. They stay mirror-bright for weeks.

Get Johnson's Hard Gloss Glo-Coat, with the green band around the can, at your wax dealer's.

NOT THIS ... When shoes scuff over ordinary floor polishes they pile up little "hills" and dig little "valleys" that look like this under the microscope. They show up as scuff marks.

THIS ... When shoes scuff over Johnson's Hard Gloss Glo-Coat the polish is so hard it stays flat and anchored down like this. The polish doesn't get a scuffed-up look.

For Music Beginners

Peru, Neb., (AP) — For music lovers who can't play a note, Peru State Teachers College provides a special course. At the first session, class members were confronted with a complete array of band and orchestra instruments and were told to try them out. The music staff braved the bedlam to answer questions about the instruments. There's one prerequisite for the music appreciation course—the student must not be able to play an instrument.

Items Show Press Curbs Now Enforced All Over the World

While Americans sit under the banner of freedom and smugly say "It can't happen here," the press is being successfully stifled in many parts of the world.

The fallacy of the "it can't happen" attitude is this: It couldn't happen in Indo-China, Mexico, Columbia, or Argentina, where the Constitution guarantees freedom of the press.

But it is happening in those places—and in many others.

The American Newspaper Publishers Association has compiled a list of significant news items from over the world, entitled "It Can't Happen Here," which points out that it did happen where it couldn't—and that it could happen here, in America.

Here are some of the news items:

Papers Censored in Indo-China

AP dispatch from Hanoi, North Vietnad, in part:

Hanoi's newspapers—one French daily and four Vietnamese language dailies — must submit their copy before publication to Vietnam government censors, who weild a blue pencil with a heavy hand.

Lebanon Newspapers Protest

AP dispatch from Cairo, Egypt, Jan. 11:

An Arab News Agency dispatch from Damascus, Syria, said today that all newspapers in neighboring Lebanon suspended publication yesterday in protest against recent arrests of journalists who criticized the government and against existing government press laws.

Ultimas Noticias Fined

AP dispatch from Caracas, Venezuela, May 12:

The newspaper Ultimas Noticias was fined (about $500) today for publishing political news not previously submitted to authorities for approval. The fine was imposed by the civil and political administration of the Federal District Government. It did not specify the objectional items.

Columbia Censors News

Dispatch in April 6 New York Times from Bogota, Columbia:

The Minister of Mails and Telegraphs cracked down on news stations in a recent degree establishing censorship of all news scripts. Scripts are restricted to facts as determined by the censor, and editorializing and comment are prohibited.

Mexican Radio Censored

Item in New York World-Telegram and Sun May 28:

Mexican radio executives accepted complete censorship of their broadcasts without objection. The government decreed script written for all stations would be examined to "prevent immorality" and "preclude offensive material—religious or political."

Hong Kong Press Curbed

The Hong Kong government has adopted an emergency law which calls for registration of newspapers, printing presses and news agencies, and power to suspend or suppress newspapers considered "prejudicial to public order, safety, health or morals," according to AP dispatch from Hong Kong, May 17.

Press Restricted in India

UP dispatch from New Delhi, India, June 1:

Parliament, by a vote of 228 to 19, gave Prime Minister Jawaharial Nehru today the power to put what he calls "reasonable restrictions" on the freedom of the press. The vote came on a clause of a constitutional amendment which empowers the government to pass laws imposing restrictions on the press in the interests of: security of the state, friendly relations with foreign countries, public order, decency and morality, including especially punishment of such offenses as contempt of court, defamation or incitement to disorder.

Argentine Papers Expropriated

UP dispatch from Salta, Argentina, June 20:

The Salta Province Chamber of Deputies voted today to expropriate the independent newspaper El Intransigente, closed since January, 1950. David Michel Torino, co-publisher of the paper and local leader of the opposition Radical party, and his brother Martin Michel Torino, are at present under arrest, charged with contempt of government officials.

Registration Days

Friday and Saturday of this week are the first two days of registration in the City of Kingston. Polls will be open from 10 in the morning until 10 in the evening. If you do not register, you cannot vote in the November 6 election. Plan to register Friday or Saturday.

KRUMVILLE

Krumville, Oct. 3—The Parent-Teacher Association met last week at the school house and made plans for the annual Halloween party for the children. The next meeting will be held Oct. 25. Hostesses for the afternoon were Mrs. Arne Jacobsen and Mrs. Juan Botella.

Church services will be held in the parsonage Sunday night, Oct. 7. This service will be in connection with World-Wide Communion.

Mrs. Katie Davis and Mrs. Juan Botella visited with Mrs. Bruno Borchardt last Wednesday night.

Mr. and Mrs. Robbins of Woodstock spent Saturday at the home of Mr. and Mrs. Bruno Borchardt.

A ham supper will be held in the parsonage Friday night for the Krumville Cemetery Association.

Mrs. Thomas Pedersen of Stone Ridge entertained several ladies of the community at a coffee party Thursday afternoon.

Mrs. Robert Vollmer and Mrs. Bruno Borchardt and Mrs. Katie Davis were visitors in Woodstock Monday afternoon.

Mr. and Mrs. Theodore Howard of Greenport, L. I., Mrs. John Kelly and Mrs. Charlotte Palmer of Jamaica were weekend guests of Mr. and Mrs. Orville Hansen and family.

Giants Complete Greatest Baseball Miracle to Win NL Flag

Wildest Polo Grounds Crowd Since McGraw's Day Toasts Thomson

34,320 Let Off Steam After Bobby's Hit Wins Playoff

By JACK HAND

New York, Oct. 4 (AP)—The incredible New York Giants miracle men of '51 charge into the World Series today in the familiar but becoming role of 8 to 5 underdogs to the seasoned New York Yankees.

Floating on a pink cloud in a world all their own after the greatest comeback in baseball history, the Giants face the stern reality of Allie (Double No Hit) Reynolds (17-8) in the Yankee Stadium opener at 1 p. m. (E.S.T.).

To meet this challenge of the well-fed Yanks, accustomed to World Series hullabaloo, Manager Leo Durocher has named Dave Koslo (10-9), a journeyman southpaw who hasn't started in two weeks. It's another gamble by Take-a-Chance-Leo in a series of managerial moves.

Noting that lefthanders gave the Yanks fits all season—and Yogi Berra in particular—Leo reached for the only lefty starter on his arm-weary staff. Koslo spends at least half his time in the bullpen, except when his "cousins" from St. Louis are in town.

No matter what Leo does, the Yanks who watched the Giants snatch yesterday's dramatic 5-4 cincher from Brooklyn, will not take his club lightly. The record books show the Giants often are down—but never out.

Bobby Thomson's three-run homer into the lower left field seats in the ninth inning was one of the most dramatic blows ever struck. It rescued the Giants from the brink of disaster and wrenched a pennant from the grip of the desperate Dodgers. In dollars and cents it probably meant about $200,000 to the winning athletes in World Series money.

Came From 13½ Behind

To appreciate the full drama of the occasion you must know the background. How the Giants flopped in a miserable 11-game losing streak in April. How they were given up for dead Aug. 11, trailing the Brooklyn master race by 13½ games. How they clawed back, game by game, until they tied Brooklyn and forced the second National League playoff.

Winning the first playoff game, 3-1, losing the second, 10-0, they were backed up against the wall in the ninth inning of the final game.

After pulling up to tie in the seventh, they saw their hard work go down the drain in the eighth when Sal Maglie wild pitched one run home and the Dodgers hammered home two more with their bats.

Trailing 4-1 in the ninth with big Don Newcombe firing a four-hitter, Al Dark stirred a faint hope with a single off Gil Hodges' glove. When Don Mueller singled, the Polo Grounds settlement of 34,320 began to stir. But Monte Irvin fouled to Hodges for out No. 1.

Whitey Lockman set the joint jumping with a double off the left field wall to score Dark, narrowing the gap to 4-2. Sliding into third on the hit, Mueller twisted his ankle and was carried from the field. On the way he passed Ralph Branca, striding in to replace the weary Newcombe.

Goat, Then Hero

Thomson, the goat on some bonehead base running and inadequate fielding, looked at a called strike. The next pitch was a high fast ball and the Scot from Staten Island slammed a sinking liner that just cleared the high green wall in front of the lower left field seats.

A hoarse roar echoed off Coogan's Bluff as Thomson rounded the bases with a wide grin. Wild-eyed Giants pounded Thomson's back and climbed on his shoulders as they loosened the pent up emotion of weeks of back-bending strain.

The old Polo Grounds which saw the great John McGraw's teams of years ago never saw any wilder victory celebration than it did yesterday afternoon. Thousands grouped on the centerfield grass and raised volleys of cheers toward the clubhouse windows.

They yelled for Thomson. They yelled for Durocher. They yelled for anybody. It didn't make any difference. No pennant had flown from the Polo Grounds flagpole since 1937 and they were making the most of it.

If history repeats itself, this determined Giant club could go on to win the series too.

The 1914 Boston Braves, miracle men of their day when they surged from last to first to win the pennant, swept past the favored A's in four straight.

In 1942 the Cardinals stormed past Brooklyn in the stretch and knocked off the Yankees in a tremendous upset.

Both playoff winners—the Cardinals in 1946 and Cleveland in the American League in 1948—went on to win the series. And the Chicago Cubs of 1908 that beat the Giants in a tie playoff game after the regular season, also won the world championship.

But the cold facts show Casey Stengel's Yanks all set with a solid rested pitching trio of Reynolds, Vic Raschi and Eddie Lopat to throw at the Giants. Durocher must piece together his staff after the terriffic strain of the last seven weeks to face a team that has won three straight American League championships and two series.

The Giant hitting is predominantly righthanded and so are the Yankee pitchers, another factor in favor of the American Leaguers. And the Yanks have solid lefthanded batting power in Berra, Gene Woodling, Mickey Mantle, Johnny Mize and Joe Collins to throw against Giant righthanders like Maglie, Larry Jansen and Jim Hearn.

Intriguing Series

One thing is sure. This will be a more intriguing series in fan interest than a Yank-Dodger set. The fans saw that one in 1947 and 1949. They haven't seen the Giants in any series since 1937.

Since the Yanks found the secret of World Series winning in 1923 they have beaten the Giants three in a row. They lost their first two series to the Giants in 1921 and 1922 in the fabled era of McGraw, Miller Huggins and Babe Ruth.

Because the Yanks have more pitching depth, a steadier infield, better catching and at least an even break in the outfield, the pick here is the American Leaguers in six. But then you never can figure inspiration on paper.

Hank Thompson was slated to replace the injured Mueller in right field for the Giants against the right-handed Reynolds.

Chicago — Dave Sands, 164½, Australia, outpointed Carl "Bobo" Olson, 163½, Honolulu, 10.

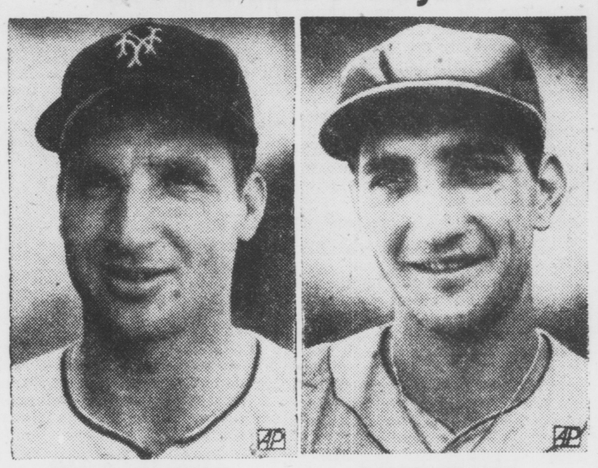
Hero and Goat of Playoffs



BOBBY THOMSON RALPH BRANCA

The Striding Scot from Staten Island, Bobby Thomson, brought the first pennant to the Polo Grounds since 1937 with a three-run homer yesterday off Ralph Branca, right. Branca, who had been clipped for a Thomson homer in the first playoff game Monday, came on to relieve starter Don Newcombe in yesterday's finale and made two pitches, one a strike, the other the "gopher" pitch to the Giant third sacker. Thomson, after a miserable start this year, wound up the campaign with a .294 batting average.

Stoneham Calls Club 'Greatest' He's Ever Owned

New York, Oct. 4 (AP) — Pertinent club house remarks heard yesterday after the New York Giants beat out the Brooklyn Dodgers for the National League pennant with a thrilling ninth-inning 5-4 victory.

Bobby Thomson — "The Good Lord was on my side."

Leo Durocher—"That was the best 25-man team job I've ever seen."

Horace Stoneham — (Giant president)—"This club collectively is the greatest club I've ever owned."

Mel Ott—(Former Giants manager)—"I've never seen anything like it anywhere, any place or anytime. By far, the greatest thing that ever happened in baseball."

Lou Jorda—(Plate umpire)—"It was the greatest thrill I ever had."

Fred Fitzsimmons— (Coach)—"This is a greater club than any I played on." (Was with '33-36-37 Giants, '41 Dodgers and '48 Braves).

Sal Maglie—"I did my best. It almost wasn't enough. But those fellows never let me down."

Convincing Victory

Lexington, Ky., Oct. 4 (AP)—Copping the first heat in season's record time for two-year-old fillies, Silent Waters won a convincing victory in the featured $15,178 Hanover Shoe Filly Stake for juvenile pacers at the Lexington trots yesterday. The daughter of Chief Abbedale-Virginia Grattan, owned by Walter T. Candler of Decature, Ga., and driven by Johnny Simpson, took the first heat in the record time of 2:03.

Approximately 3000 hunters are injured and 500 killed annually in the United States.

Hubbell, Former Giant Mound Ace, Says Win Was 'Greatest Thrill'

(Editor's Note: Carl Hubbell, the great left-hander of the New York Giants in 1928-43, and now a member of baseball's Hall of Fame at Cooperstown, tells in his own words to Joe Reichler, AP baseball writer, his emotions on seeing the Giants of 1951 win the National League pennant in a playoff and go into the World Series. As only Hubbell can do it, he compares the Giant team of today with the fabled Giant teams of yesteryear).

By CARL HUBBELL

(As told to Joe Reichler)

New York, Oct. 4 (AP)—I just don't believe it. I can't believe that we really won.

It is by far the greatest thrill I ever had in baseball—beyond any question of doubt.

Naturally I got a tremendous kick out of the no-hitter I pitched against Pittsburgh back in 1929.

I had a lot of thrills in baseball. Perhaps more than the average player. I'll never forget the World Series opener I won. That was against the Yankees in 1936.

Oh, I had a lot of 'em, I guess. Such as the time I fanned those five American Leaguers (Ruth, Gehrig, Foxx, Simmons and Cronin) in the 1934 All-Star game, and the time I pitched all those consecutive shutout innings (July 13 to Aug. 1, 1933).

But this one today beats them all. This is the greatest day in baseball. Have you ever seen one greater? If a scenario writer had written such a finish, he'd have been tabbed as crazy. And I would be the first one to do it.

Great Opportunists

But that's the kind of a club this Giant team is. It is a bunch of opportunists. The greatest bunch of scrappers you ever saw. They don't know the meaning of the word 'quit.'

It is a different club from the ones on which I played—the championship teams of 1933-36-37. We had methodical teams. We planned our strategy before hand and played it according to the book. Nothing sensational about the way we went about our business.

But these boys are a bunch of opportunists who don't know what they're going to do next. They always come up with the unexpected. They may look bad one day, but they bounce right back and look sensational the next. Until they began their miraculous stretch run, they looked like the worst club in the league.

The wonderful part of this club is that it is a young club. Only Stanky is past 30 among the regulars. It can stay on top for years.

Maybe this isn't the greatest team that ever played baseball, but it certainly is the spunkiest.

O'Malley Hints Dressen Will Be Back Next Season

New York, Oct. 4 (AP) — Did Bobby Thomson's dramatic ninth-inning home run which propelled the Giants into the World Series also strike a knell for Charlie Dressen's job as manager of the Brooklyn Dodgers?

Some baseball men insisted today that it did, but the only man who could say for sure, Brooklyn President Walter O'Malley, hinted broadly the peppery little pilot would be back in 1952.

"When all the furore of the baseball races and World Series has died down we'll make an announcement," O'Malley said.

Asked if the Dodgers' collapse in the final weeks, during which Brooklyn lost a 13½ game lead to the fast-finishing Giants, might militate against Dressen's reemployment chances, O'Malley replied:

"We made up our minds on this matter before we started losing ground. I'll say this and you may draw your own conclusions. We don't feel the Dodgers collapsed. We have to give some credit to the Giants' near-.900 ball the last two months.

"Also, a manager can't hit and can't pitch for his players."

Dressen himself is confident he did a creditable job and is willing to bet he'll be back at Ebbets Field next year.

Fromer Trotter To Race Tonight In Saratoga Event

Emerson Hanover, five-year-old Nibble Hanover gelding owned by C. O. "Bud" Fromer, 188 Albany avenue, this city, will have another opportunity to prove himself in fast company at Saratoga Raceway tonight in the $2,000 Klondike.

A smashing win here can atone in large measure for a disappointing performance in last week's Delmar when Emerson, in the role of a solid favorite, hit the gate and made one of his rare breaks, an occurence that resulted in his finishing fourth to Hanover Sisykiyou.

Tonight, Emerson, Maine Song and Parker all will attempt to redeem themselves in a field that also includes Hanover Siskiyou, Betwyn, Contralto, Miss Key West, True Silver, Noryork and Crossbow.

Giants Complete Greatest Baseball Miracle to Win NL Flag

Wildest Polo Grounds Crowd Since McGraw's Day Toasts Thomson

34,320 Let Off Steam After Bobby's Hit Wins Playoff

By JACK HAND

New York, Oct. 4 (AP)—The incredible New York Giants miracle men of '51 charge into the World Series today in the familiar but becoming role of 8 to 5 underdogs to the seasoned New York Yankees.

Floating on a pink cloud in a world all their own after the greatest comeback in baseball history, the Giants face the stern reality of Allie (Double No Hit) Reynolds (17-8) in the Yankee Stadium opener at 1 p. m. (E.S.T.).

To meet this challenge of the well-fed Yanks, accustomed to World Series hullabaloo, Manager Leo Durocher has named Dave Koslo (10-9), a journeyman southpaw who hasn't started in two weeks. It's another gamble by Take-a-Chance-Leo in a series of managerial moves.

Noting that lefthanders gave the Yanks fits all season—and Yogi Berra in particular—Leo reached for the only lefty starter on his arm-weary staff. Koslo spends at least half his time in the bullpen, except when his "cousins" from St. Louis are in town.

No matter what Leo does, the Yanks who watched the Giants snatch yesterday's dramatic 5-4 cincher from Brooklyn, will not take his club lightly. The record books show the Giants often are down—but never out.

Bobby Thomson's three-run homer into the lower left field seats in the ninth inning was one of the most dramatic blows ever struck. It rescued the Giants from the brink of disaster and wrenched a pennant from the grip of the desperate Dodgers. In dollars and cents it probably meant about $200,000 to the winning athletes in World Series money.

Came From 13½ Behind

To appreciate the full drama of the occasion you must know the background. How the Giants flopped in a miserable 11-game losing streak in April. How they were given up for dead Aug. 11, trailing the Brooklyn master race by 13½ games. How they clawed back, game by game, until they tied Brooklyn and forced the second National League playoff.

Winning the first playoff game, 3-1, losing the second, 10-0, they were backed up against the wall in the ninth inning of the final game.

After pulling up to tie in the seventh, they saw their hard work go down the drain in the eighth when Sal Maglie wild pitched one run home and the Dodgers hammered home two more with their bats.

Trailing 4-1 in the ninth with big Don Newcombe firing a four-hitter, Al Dark stirred a faint hope with a single off Gil Hodges' glove. When Don Mueller singled, the Polo Grounds settlement of 34,320 began to stir. But Monte Irvin fouled to Hodges for out No. 1.

Whitey Lockman set the joint jumping with a double off the left field wall to score Dark, narrowing the gap to 4-2. Sliding into third on the hit, Mueller twisted his ankle and was carried from the field. On the way he passed Ralph Branca, striding in to replace the weary Newcombe.

Goat, Then Hero

Thomson, the goat on some bonehead base running and inadequate fielding, looked at a called strike. The next pitch was a high fast ball and the Scot from Staten Island slammed a sinking liner that just cleared the high green wall in front of the lower left field seats.

A hoarse roar echoed off Coogan's Bluff as Thomson rounded the bases with a wide grin. Wild-eyed Giants pounded Thomson's back and climbed on his shoulders as they loosened the pent up emotion of weeks of back-bending strain.

The old Polo Grounds which saw the great John McGraw's teams of years ago never saw any wilder victory celebration than it did yesterday afternoon. Thousands grouped on the centerfield grass and raised volleys of cheers toward the clubhouse windows.

They yelled for Thomson. They yelled for Durocher. They yelled for anybody. It didn't make any difference. No pennant had flown from the Polo Grounds flagpole since 1937 and they were making the most of it.

If history repeats itself, this determined Giant club could go on to win the series too.

The 1914 Boston Braves, miracle men of their day when they surged from last to first to win the pennant, swept past the favored A's in four straight.

In 1942 the Cardinals stormed past Brooklyn in the stretch and knocked off the Yankees in a tremendous upset.

Both playoff winners—the Cardinals in 1946 and Cleveland in the American League in 1948—went on to win the series. And the Chicago Cubs of 1908 that beat the Giants in a tie playoff game after the regular season, also won the world championship.

But the cold facts show Casey Stengel's Yanks all set with a solid rested pitching trio of Reynolds, Vic Raschi and Eddie Lopat to throw at the Giants. Durocher must piece together his staff after the terriffic strain of the last seven weeks to face a team that has won three straight American League championships and two series.

The Giant hitting is predominantly righthanded and so are the Yankee pitchers, another factor in favor of the American Leaguers. And the Yanks have solid left-handed batting power in Berra, Gene Woodling, Mickey Mantle, Johnny Mize and Joe Collins to throw against Giant righthanders like Maglie, Larry Jansen and Jim Hearn.

Intriguing Series

One thing is sure. This will be a more intriguing series in fan interest than a Yank-Dodger set. The fans saw that one in 1947 and 1949. They haven't seen the Giants in any series since 1937.

Since the Yanks found the secret of World Series winning in 1923 they have beaten the Giants three in a row. They lost their first two series to the Giants in 1921 and 1922 in the fabled era of McGraw, Miller Huggins and Babe Ruth.

Because the Yanks have more pitching depth, a steadier infield, better catching and at least an even break in the outfield, the pick here is the American Leaguers in six. But then you never can figure inspiration on paper.

Hank Thompson was slated to replace the injured Mueller in right field for the Giants against the right-handed Reynolds.

Chicago — Dave Sands, 164½, Australia, outpointed Carl "Bobo" Olson, 163½, Honolulu, 10.

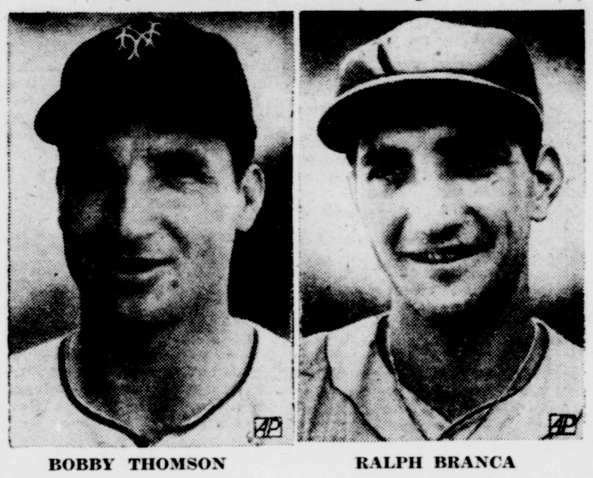
Hero and Goat of Playoffs



BOBBY THOMSON RALPH BRANCA

The Striding Scot from Staten Island, Bobby Thomson, brought the first pennant to the Polo Grounds since 1937 with a three-run homer yesterday off Ralph Branca, right. Branca, who had been clipped for a Thomson homer in the first playoff game Monday, came on to relieve starter Don Newcombe in yesterday's finale and made two pitches, one a strike, the other the "gopher" pitch to the Giant third sacker. Thomson, after a miserable start this year, wound up the campaign with a .294 batting average.

Stoneham Calls Club 'Greatest' He's Ever Owned

New York, Oct. 4 (AP) — Pertinent club house remarks heard yesterday after the New York Giants beat out the Brooklyn Dodgers for the National League pennant with a thrilling ninth-inning 5-4 victory.

Bobby Thomson — "The Good Lord was on my side."

Leo Durocher—"That was the best 25-man team job I've ever seen."

Horace Stoneham — (Giant president)—"This club collectively is the greatest club I've ever owned."

Mel Ott—(Former Giants manager)—"I've never seen anything like it anywhere, any place or anytime. By far, the greatest thing that ever happened in baseball."

Lou Jorda—(Plate umpire)—"It was the greatest thrill I ever had."

Fred Fitzsimmons— (Coach)—"This is a greater club than any I played on." (Was with '33-36-37 Giants, '41 Dodgers and '48 Braves).

Sal Maglie—"I did my best. It almost wasn't enough. But those fellows never let me down."

Convincing Victory

Lexington, Ky., Oct. 4 (AP)—Copping the first heat in season's record time for two-year-old fillies, Silent Waters won a convincing victory in the featured $15,178 Hanover Shoe Filly Stake for juvenile pacers at the Lexington trots yesterday. The daughter of Chief Abbedale-Virginia Grattan, owned by Walter T. Candler of Decature, Ga., and driven by Johnny Simpson, took the first heat in the record time of 2:03.

Approximately 3000 hunters are injured and 500 killed annually in the United States.

Hubbell, Former Giant Mound Ace, Says Win Was 'Greatest Thrill'

(Editor's Note: Carl Hubbell, the great left-hander of the New York Giants in 1928-43, and now a member of baseball's Hall of Fame at Cooperstown, tells in his own words to Joe Reichler, AP baseball writer, his emotions on seeing the Giants of 1951 win the National League pennant in a playoff and go into the World Series. As only Hubbell can do it, he compares the Giant team of today with the fabled Giant teams of yesteryear).

Ohio State Buckeyes Rated Thin Edge Over Michigan State in Big Contest

Irish, Texas A & M Also Picked to Win

By HAROLD CLAASSEN

New York, Oct. 4 (AP)—Here are the gilt-edge winners of this week-end's big football games—if you can see past the World Series.

Ohio State over Michigan State: The big game of the week, possibly the big game of the season. Both teams have hordes and hordes of talent and both have plenty of incentives — Ohio State the Rose Bowl and Michigan State the smacking of another Big Ten team. The home field and Vic Janowicz give Ohio State a thin edge.

Notre Dame over Detroit: A Friday night venture for the Irish. Now that the Notre Dame coaches have found the fullback they needed in Neil Worden, the Irish could make their season at least 8-2.

Texas A & M over Oklahoma: Oklahoma supposedly has some worries about its line. And which team has a better battering ram than Bob Smith of Texas A & M?

Tennessee over Duke: Duke has a new coach, new system, new spirit. But Tennessee has that old Army man, General Neyland, and the old football savvy, experience.

Northwestern over Army: This is the wrong year for the Cadets to be wandering around in Big Ten territory.

Finishing the others in a hurry:

Friday

Auburn over Wofford, Boston University over Louisville, Miami (Fla.) over Florida State, Mississippi over Boston College, Washton State over Oklahoma A&M.

Saturday

East: Pennsylvania over Dartmouth, Columbia over Harvard, Cornell over Colgate, Holy Cross over Fordham, Lehigh over Bucknell, Penn State over Villanova, Princeton over Navy, Rutgers over Temple, Syracuse over Lafayette, Yale over Brown.

South: Texas over North Carolina, Alabama over Vanderbilt, Clemson over North Carolina State, Georgia over Mississippi State, Kentucky over Georgia Tech, Maryland over George Washington, Rice over Louisiana State, South Carolina over Furman, The Citadel over Davidson, Tulane over Baylor, Virginia over Virginia Tech, Wake Forest over Richmond, William & Mary over Virginia Military.

Midwest: Illinois over Wisconsin, Colorado over Kansas, Drake over Iowa State Teachers, Indiana over Pittsburgh, Iowa State over Marquette, Michigan over Stanford, Nebraska over Kansas State, Purdue over Iowa, Southern Methodist over Missouri, Wichita over Bradley.

Southwest: Arkansas over Texas Christian.

Far West: Washington over Southern California, College of Pacific over Oregon, Loyola of Los Angeles over Florida, Montana over Denver, Oregon State over Idaho, UCLA over Santa Clara, Utah over Brigham Young, Wyoming over Utah State.

SPORTS

By CHARLES J. TIANO

Freeman Sports Editor

Coach Bill Burke's five-year record at K.H.S. stands at 29 victories, five defeats and five ties up to the end of the 1950 season.

With Newburgh Academy it's a handsome eight wins, one tie and one defeat in the five years of the double round robin. From the start, Burke's unprecedented success against the Goldbacks has been a source of great satisfaction for Maroon rooters.

Even in his maiden year of 1946, after Kingston had suffered crushing defeats at the hands of Highland and Middletown, Burke was able to rally the Maroons to 6-0 and 13-0 victories over the ancient foe from the Hill City.

In 1947, his worst season, Burke piloted Kingston to victory (12-6) and a scoreless tie with the Academians. The 1948 powerhouse rolled over Newburgh, 32-0 and 26-7. Newburgh finally caught up with Kingston with a 14-0 conquest in their first meeting in 1949 but came Thanksgiving and it was 13-12 Kingston.

1950 was the final year of the DUSO's round-robin and Kingston capitalized on a series of breaks to cop the opener, 20 to 18 and then flattened the Academy, 20-7, in the season's finale.

The storm signals are up in Newburgh this year—higher than at any time in several years. But the Goldbacks must come to Kingston for the traditional Thanksgiving Day battle and they have never found it easy here.

• Flotsam and Jetsam:

Harold M. Haswell, who started as a bookkeeper for the Saratoga Raceway track, was recently named racing secretary, succeeding the late Frank Woodland. Dr. Mahlon Atkinson, Sr., the Greene county coroner, and big Roy Talgo cruised around Wiltwyck in a rowboat last week. One of the top amateurs in the area, the doctor posted a 73. Al Corwin, sensational New York Giant pitching rookie who got his start in the Newburgh-Cornwall area, and Lefty Maury McDermott will be mound rivals in Poughkeepsie on Sunday, Oct. 14, which has been set aside as "Bill Whelan Day". Young Roscoe Lacey pitched a perfect no-hit, no-run game during the Little League season in Catskill. Lacey fanned 11 of the 18 batters who faced him and handled four others on taps to the mound. The Hon. W. J. Bryan Dorn, a member of the House of Representatives from Southern California, had a splendid tribute to the Ken Murray TV show written into the Congressional Record. Murray is that old Ulster county lad, by way of Rosendale, you know.

• Splits and Misses:

The Woman's International Bowling Congress has mushroomed in membership from 8985 bowlers in 110 sanctioned leagues in 1930 to 542,723 keglerettes in 16,515 sanctioned circuits in 1951. For the first time in ABC history every team captain in sanctioned leagues should receive a copy of the American Bowling Congress' book of league rules and regulations. Three rule books have been issued this year. The Master rule book which contains all rules and the ABC's constitution is sent to all ABC officials and to officials of all associations. The tournament rule book is sent to all tournament secretaries and to alley proprietors. The league rule book is sent to the 325,000 team captains in sanctioned leagues.

Walter Hanson, a standout member of the Kingston High School football lines of the past couple of seasons, is on the Gettysburg College football roster. Meb Lynch, the intrepid promoter of the Wilbur Dodgers and other great road outfits in the golden era of local baseball, writes that Bud McLean, his former ace hurler, is fighting a game battle to recover his health. Kiki Smith recently cleaned up the 4-6 split. That is almost as rare as the 7-10. Billy Sinsabaugh led the Bigando Market sluggers with a .362 average. J. Leverenze was top hurler with a record of 6 and 2 and the club won 13 and lost 18. Sinsabaugh and Sam Perry served as coaches for the teen age squad.

The imagination of some of our boxing press agents is fantastic. Here is what one of them said about Sandy Saddler prior to the Willie Pep brawl. "Has gold inlays in his front teeth. Cracked them while trying to eat cranberries off a hard enameled kitchen table. His sister Julie pushed his head." Proving that the female is always the deadlier of the species.

Charlie Grunenwald, Betty Bruck Top Local Keglers With 685-540 Triples

Al Kieffer Hits 246 High Single

Charlie Grunenwald and Betty Bruck featured the pin-busting mark in the various city league action Wednesday night with their respective blasts of 685 and 540.

Grunenwald was as hot as Bobby Thomson and the Giants last night in the Central Rec Major League with a fine string of 233-237-215 for a hefty 685 series while Betty Bruck sandwiched in a neat 234 single around scores of 151 and 155 to lead the Colonial Women's League.

In other league activities last night, W. Sickler topped the Junior Major wheel with 185-165-247 for 597; Jimmy Noble in the CYO Holy Name circuit with 173-159-220; and Dottie LaRocca with 148-151-144 for 443 in the Pioneer Women's League at the Bowlodrome.

Four other 600 series were turned in during the Central Rec Major blasting.

Cliff Quick totaled 238-209 for 640; Frank "Boots" Leskie 232-204-616; George "Curly" Flemings 202-201-211 for 614 and Larry Weishaupt 215-607.

Still others of note were R. Ellis with 211-597; Angie Ferraro 213-594; Lou Straley 202-577; C. Gildersleeve 213-203-574; Lew Hymes 575; Harold Broskie 211-575; Ken Joseph 208-571; and Frank Grimaldi 221-574.

Kieffer Blasts 246

Top single of last night's bowling went to Al Kieffer who polished off a 246 in his final game and finished with a 563 triple in the Central Rec Major.

Following Sickler's 597 in the Junior Major Ernie Bartroff rolled 213-211-563; Ray Otto 222-554; Joe Maurere 208-534; Milt Cole, Jr., 209-526; Tony Albany 524 and Joe Ruzzo 528.

Other top marks in the CYO firing were George Kearney with 550; Ed Lukas 533; John Zeeh 219-524; Dom Clausi 524; J. Fahey 518 and J. Kelly 518.

Rawdings Clips 538

Another two-pin difference separated the two top-keglerettes in the Gold Division of the Colonial Women's League Wednesday night when Dot Rawding finished in the runnerup spot with a neat 538 triple. Her scores were 151-184-203.

Rose Schatzel furnished the only other 500 series with her 517.

Also of note were Mae Martalto with 491; Charlotte Lapine 489; Kay Brodhead 483; Kay Roosa 483; Martha Cole 468; Betty Helmbold 464, and Marge Jansen 464.

Betty Bruck's 234 established a new high single mark for the loop.

Pinfall was heavy in the Silver Division of the Colonial Women's League with Eleanor Dumenigo and Helen Bordenstein finishing one-two. The former rapped 163-145-190 for 498 while the runnerup posted 157-198-141 for 496.

Other top marks in the league were Helen Broskie with 481; Helen McDougall 447; Betty Ann Fynn 442; and M. Bechtold 422.

Eleanor Dumenigo's triple and Helen Bordenstein's single were high new marks for the league.

Marcia Albert Hits 207

Another new single record was turned in by Marcia Albert for the Purple Division of the Colonial Women's League as she finished with a 207 single in her final game. Her other scores were 119 and 131 for 457.

Helen Buchholtz hit 442; Mabel MacAvery 414; Laura LaMay 411; Sue Haley 410; Anna Berardi 403 and Irene Maurer 400.

Other top scores in the Pioneer Women's League were Rita Amarello with 432; Nellie Glennon 420; Carol Marks 420; Doris Strubel 419 and F. Davis 409.

Theresa Fondino of the Avalon squad converted the 7-3-10 split.

In the Chalet Pioneer Women's League this week E. Schoonmaker fired 160-176-169 for 505. J. Van Kleeck rolled 201-471; E. Pratt 443; Kay Houska 428; D. Joyce 428 and Effie Blakely 413.

Schenz to Pitch

New York, Oct. 4 (AP)—Amid the hysteria that reigned yesterday in the New York Giants' winning dressing room, little Hank Schenz, the spare infielder who has become the team's favorite batting practice pitcher, turned to Carl Hubbell and asked the famous lefthander: "Mr. Hubbell, did you ever pitch in the Yankee Stadium?" Before Carl had a chance to answer, Schenz shouted triumphantly: "Well, I'm going to tomorrow."

Futurity Favorite

Lexington, Ky., Oct. 4 (AP)—Bluegrass harness racing fans offered generous support to Ford Hanover to win the rich Kentucky Futurity today and retain his undefeated record. Supporters cited the easy victories in most of the nine starts by the unbeaten son of His Excellency and backed the colt to near even money to capture the $68,019 classic for three-year-old trotters. A straight heat victory would net $36,662.79 to the winner.

Ohio State Buckeyes Rated Thin Edge Over Michigan State in Big Contest

Irish, Texas A & M Also Picked to Win

By HAROLD CLAASSEN

New York, Oct. 4 (AP)—Here are the gilt-edge winners of this week-end's big football games—if you can see past the World Series.

Ohio State over Michigan State: The big game of the week, possibly the big game of the season. Both teams have hordes and hordes of talent and both have plenty of incentives — Ohio State the Rose Bowl and Michigan State the smacking of another Big Ten team. The home field and Vic Janowicz give Ohio State a thin edge.

Notre Dame over Detroit: A Friday night venture for the Irish. Now that the Notre Dame coaches have found the fullback they needed in Neil Worden, the Irish could make their season at least 8-2.

Texas A & M over Oklahoma: Oklahoma supposedly has some worries about its line. And which team has a better battering ram than Bob Smith of Texas A & M?

Tennessee over Duke: Duke has a new coach, new system, new spirit. But Tennessee has that old Army man, General Neyland, and the old football savvy, experience.

Northwestern over Army: This is the wrong year for the Cadets to be wandering around in Big Ten territory.

Finishing the others in a hurry:

Friday

Auburn over Wofford, Boston University over Louisville, Miami (Fla.) over Florida State, Mississippi over Boston College, Washton State over Oklahoma A&M.

Saturday

East: Pennsylvania over Dartmouth, Columbia over Harvard, Cornell over Colgate, Holy Cross over Fordham, Lehigh over Bucknell, Penn State over Villanova, Princeton over Navy, Rutgers over Temple, Syracuse over Lafayette, Yale over Brown.

South: Texas over North Carolina, Alabama over Vanderbilt, Clemson over North Carolina State, Georgia over Mississippi State, Kentucky over Georgia Tech, Maryland over George Washington, Rice over Louisiana State, South Carolina over Furman, The Citadel over Davidson, Tulane over Baylor, Virginia over Virginia Tech, Wake Forest over Richmond, William & Mary over Virginia Military.

Midwest: Illinois over Wisconsin, Colorado over Kansas, Drake over Iowa State Teachers, Indiana over Pittsburgh, Iowa State over Marquette, Michigan over Stanford, Nebraska over Kansas State, Purdue over Iowa, Southern Methodist over Missouri, Wichita over Bradley.

Southwest: Arkansas over Texas Christian.

Far West: Washington over Southern California, College of Pacific over Oregon, Loyola of Los Angeles over Florida, Montana over Denver, Oregon State over Idaho, UCLA over Santa Clara, Utah over Brigham Young, Wyoming over Utah State.

SPORTS

By CHARLES J. TIANO
Freeman Sports Editor

Coach Bill Burke's five-year record at K.H.S. stands at 29 victories, five defeats and five ties up to the end of the 1950 season.

With Newburgh Academy it's a handsome eight wins, one tie and one defeat in the five years of the double round robin. From the start, Burke's unprecedented success against the Goldbacks has been a source of great satisfaction for Maroon rooters.

Even in his maiden year of 1946, after Kingston had suffered crushing defeats at the hands of Highland and Middletown, Burke was able to rally the Maroons to 6-0 and 13-0 victories over the ancient foe from the Hill City.

In 1947, his worst season, Burke piloted Kingston to victory (12-6) and a scoreless tie with the Academians. The 1948 powerhouse rolled over Newburgh, 32-0 and 26-7. Newburgh finally caught up with Kingston with a 14-0 conquest in their first meeting in 1949 but came Thanksgiving and it was 13-12 Kingston.

1950 was the final year of the DUSO's round-robin and Kingston capitalized on a series of breaks to cop the opener, 20 to 18 and then flattened the Academy, 20-7, in the season's finale.

The storm signals are up in Newburgh this year—higher than at any time in several years. But the Goldbacks must come to Kingston for the traditional Thanksgiving Day battle and they have never found it easy here.

• Flotsam and Jetsam:

Harold M. Haswell, who started as a bookkeeper for the Saratoga Raceway track, was recently named racing secretary, succeeding the late Frank Woodland. Dr. Mahlon Atkinson, Sr., the Greene county coroner, and big Roy Talgo cruised around Wiltwyck in a rowboat last week. One of the top amateurs in the area, the doctor posted a 73. Al Corwin, sensational New York Giant pitching rookie who got his start in the Newburgh-Cornwall area, and Lefty Maury McDermott will be mound rivals in Poughkeepsie on Sunday, Oct. 14, which has been set aside as "Bill Whelan Day". Young Roscoe Lacey pitched a perfect no-hit, no-run game during the Little League season in Catskill. Lacey fanned 11 of the 18 batters who faced him and handled four others on taps to the mound. The Hon. W. J. Bryan Dorn, a member of the House of Representatives from Southern California, had a splendid tribute to the Ken Murray TV show written into the Congressional Record. Murray is that old Ulster county lad, by way of Rosendale, you know.

• Splits and Misses:

The Woman's International Bowling Congress has mushroomed in membership from 8985 bowlers in 110 sanctioned leagues in 1930 to 542,723 keglerettes in 16,515 sanctioned circuits in 1951. For the first time in ABC history every team captain in sanctioned leagues should receive a copy of the American Bowling Congress' book of league rules and regulations. Three rule books have been issued this year. The Master rule book which contains all rules and the ABC's constitution is sent to all ABC officials and to officials of all associations. The tournament rule book is sent to all tournament secretaries and to alley proprietors. The league rule book is sent to the 325,000 team captains in sanctioned leagues.

Walter Hanson, a standout member of the Kingston High School football lines of the past couple of seasons, is on the Gettysburg College football roster. Meb Lynch, the intrepid promoter of the Wilbur Dodgers and other great road outfits in the golden era of local baseball, writes that Bud McLean, his former ace hurler, is fighting a game battle to recover his health. Kiki Smith recently cleaned up the 4-6 split. That is almost as rare as the 7-10. Billy Sinsabaugh led the Bigando Market sluggers with a .362 average. J. Leverenze was top hurler with a record of 6 and 2 and the club won 13 and lost 18. Sinsabaugh and Sam Perry served as coaches for the teen age squad.

The imagination of some of our boxing press agents is fantastic. Here is what one of them said about Sandy Saddler prior to the Willie Pep brawl. "Has gold inlays in his front teeth. Cracked them while trying to eat cranberries off a hard enameled kitchen table. His sister Julie pushed his head." Proving that the female is always the deadlier of the species.

Charlie Grunenwald, Betty Bruck Top Local Keglers With 685-540 Triples

Al Kieffer Hits 246 High Single

Charlie Grunenwald and Betty Bruck featured the pin-busting mark in the various city league action Wednesday night with their respective blasts of 685 and 540.

Grunenwald was as hot as Bobby Thomson and the Giants last night in the Central Rec Major League with a fine string of 233-237-215 for a hefty 685 series while Betty Bruck sandwiched in a neat 234 single around scores of 151 and 155 to lead the Colonial Women's League.

In other league activities last night, W. Sickler topped the Junior Major wheel with 185-165-247 for 597; Jimmy Noble in the CYO Holy Name circuit with 173-159-220; and Dottie LaRocca with 148-151-144 for 443 in the Pioneer Women's League at the Bowlodrome.

Four other 600 series were turned in during the Central Rec Major blasting.

Cliff Quick totaled 238-209 for 640; Frank "Boots" Leskie 232-204-616; George "Curly" Flemings 202-201-211 for 614 and Larry Weishaupt 215-607.

Still others of note were R. Ellis with 211-597; Angie Ferraro 213-594; Lou Straley 202-577; C. Gildersleeve 213-203-574; Lew Hymes 575; Harold Broskie 211-575; Ken Joseph 208-571; and Frank Grimaldi 221-574.

Kieffer Blasts 246

Top single of last night's bowling went to Al Kieffer who polished off a 246 in his final game and finished with a 563 triple in the Central Rec Major.

Following Sickler's 597 in the Junior Major Ernie Bartroff rolled 213-211-563; Ray Otto 222-554; Joe Maurere 208-534; Milt Cole, Jr., 209-526; Tony Albany 524 and Joe Ruzzo 528.

Other top marks in the CYO firing were George Kearney with 550; Ed Lukas 533; John Zeeh 219-524; Dom Clausi 524; J. Fahey 518 and J. Kelly 518.

Rawdings Clips 538

Another two-pin difference separated the two top-keglerettes in the Gold Division of the Colonial Women's League Wednesday night when Dot Rawding finished in the runnerup spot with a neat 538 triple. Her scores were 151-184-203.

Rose Schatzel furnished the only other 500 series with her 517.

Also of note were Mae Martalto with 491; Charlotte Lapine 489; Kay Brodhead 483; Kay Roosa 483; Martha Cole 468; Betty Helmbold 464, and Marge Jansen 464.

Betty Bruck's 234 established a new high single mark for the loop.

Pinfall was heavy in the Silver Division of the Colonial Women's League with Eleanor Dumenigo and Helen Bordenstein finishing one-two. The former rapped 163-145-190 for 498 while the runnerup posted 157-198-141 for 496.

Other top marks in the league were Helen Broskie with 481; Helen McDougall 447; Betty Ann Fynn 442; and M. Bechtold 422.

Eleanor Dumenigo's triple and Helen Bordenstein's single were high new marks for the league.

Marcia Albert Hits 207

Another new single record was turned in by Marcia Albert for the Purple Division of the Colonial Women's League as she finished with a 207 single in her final game. Her other scores were 119 and 131 for 457.

Helen Buchholtz hit 442; Mabel MacAvery 414; Laura LaMay 411; Sue Haley 410; Anna Berardi 403 and Irene Maurer 400.

Other top scores in the Pioneer Women's League were Rita Amarello with 432; Nellie Glennon 420; Carol Marks 420; Doris Strubel 419 and F. Davis 409.

Theresa Fondino of the Avalon squad converted the 7-3-10 split.

In the Chalet Pioneer Women's League this week E. Schoonmaker fired 160-176-169 for 505. J. Van Kleeck rolled 201-471; E. Pratt 443; Kay Houska 428; D. Joyce 428 and Effie Blakely 413.

Wiltwyck Auxiliary Elects Mrs. Davis

Mrs. Arthur A. Davis, wife of the club president, was re-elected president of the Wiltwyck Golf Club Ladies' Auxiliary, at the annual elections on Monday. Also named were Mrs. Sylvia Leventhal, vice-president; Mrs. Robert Daley, secretary, and Mrs. James Winters, treasurer. Working committees will be announced later.

Schenz to Pitch

New York, Oct. 4 (AP)—Amid the hysteria that reigned yesterday in the New York Giants' winning dressing room, little Hank Schenz, the spare infielder who has become the team's favorite batting practice pitcher, turned to Carl Hubbell and asked the famous lefthander: "Mr. Hubbell, did you ever pitch in the Yankee Stadium?" Before Carl had a chance to answer, Schenz shouted triumphantly: "Well, I'm going to tomorrow."

Futurity Favorite

Lexington, Ky., Oct. 4 (AP)—Bluegrass harness racing fans offered generous support to Ford Hanover to win the rich Kentucky Futurity today and retain his undefeated record. Supporters cited the easy victories in most of the nine starts by the unbeaten son of His Excellency and backed the colt to near even money to capture the $68,019 classic for three-year-old trotters. A straight heat victory would net $36,662.79 to the winner.

Koenigs Register Win Over Esopus; Hooker Scores 16

Holding a commanding lead throughout, Koenig's Insurance cagers registered a 48 to 25 victory over the Esopus Firemen Wednesday night in the "B" Division of the YMCA Autumn Basketball League.

The winners' shortest edge was in the first period when they finished with an 8-7 bulge. They wound up with a 21-9 edge at halftime.

LeRoy Hooker paced the winners with a total of 16 points. Camp followed with nine. Ferraro was high for the losers with seven.

In the other scheduled game last night, the 156th Headquarters team from the National Guard forfeited to the Accord Chevies. Only four uniformed players took the court for the 156th quintet after a 22-minute delay. A fifth player showed up after 8 o'clock but the game had previously been ruled a forfeit.

Elsworth Denies

fact that such reversal was also predicated upon the proposition that the jurors "were not adequately appraised of the fact that the evidence adduced by The People may, by its very nature, have within it proof that defendant was not responsible for his actions."

Case Is Cited

In an opinion denying the application for a change of venue, Justice Elsworth says in part:

"The right which the defendant seeks to have invoked here must be recognized as a substantial and important one. (People vs. McLaughlin, 150 N. Y. 365; People vs. Sandgren, 190 Misc. 810). To illustrate, the court on the case last cited, said; "The right of a person accused of a crime to have a fair and impartial trial before an unbiased court and an unprejudiced jury as a fundamental principle of criminal jurisprudence." The ground upon which a change of venue is to be granted, however, is, "that a fair and impartial trial cannot be had in the county where the indictment is pending" * * * and before allowance of such fact must be established as probably by clear evidence * * * the conclusion reached is that the defendant has not shown himself entitled to the relief sought."

Justice Elsworth holds that affidavits submitted by four residents of the city of Kingston, fail to show that prospective jurors of the county have a "preconceived prejudice against the defendant" which will deny him a fair trial.

Defends Freeman Stories

Calling attention to the fact that the killing of a human being by another is an "extraordinary occurrence" in any community and by its very nature invites "great public interest and discussion" and that the "community not only expects, but as well demands, full and complete coverage by existing newspaper facilities" Justice Elsworth says in his memorandum, "in short, murder is always attended by a great public curiosity and extensive publicity. Here, no complaint is voiced against the newspaper coverage given generally in the case. The sole issue raised *** is that by reason of three of the submitted articles herein above referred to, and all published following reversal, a prejudice has been created due (1) to the characterization of the "and/or" ground of reversal as a "technicality" therein and (2) to the failure to inform readers of the other and further ground of reversal."

The court does not concur in that opinion of counsel or in a statement that it will be impossible to secure an impartial jury on a new trial.

Justice Elsworth cites figures as to prospective jurors and states that from a check up with the county clerk's records it appears there should be available for the second trial a panel of in excess of 600 new jurors. Since the first trial, 122 new jurors have been added to the list.

On the first trial 386 jurors were drawn, 237 were excused by the court, leaving a balance of 149. Later 46 were excused by consent of attorneys, 22 excused by The People, 28, excused by defendant, five were challenged for cause by The People and one by the defendant, two were excused by the court with consent of attorneys, two were excused being over age and one juror was excused for illness. The panel chosen for the trial was 14, a total of 121 examined and excused or remaining on the trial panel. There were 28 remaining to be examined at completion of the jury out of the 149 available from the 386 summoned.

From the above figures Justice Elsworth holds that "it clearly appears that trial jurors will be available in ample and sufficient number" to permit selection of a second trial jury.

The application for a change of venue is denied.

Wins Third Race

Yonkers, Oct. 4 (AP)—Charlie Barrett paced the fastest mile of the Yonkers Raceway fall season before 13,495 last night in winning the featured $3,000 Ardsley in 2:05.1. Paying $9.70, $4.90 and $3.20, Charlie Barrett hung up his third win of the year in eight starts with Jimmy Jordan in the sulky. Spruce Up was second and Winnie Direct third.

To Finish West Side Excavating

Digging on the west side of the Broadway grade separation project should be finished by the end of next week, weather permitting, Joseph L. Thomas, construction superintendent for Lipsett Inc., the contractor, said today.

The tentative work schedule now also calls for starting pavement on the west side of the crossing as soon as the digging is finished and for start of steel work on the abutments for the bridge that will connect Railroad and Greenkill avenues in about two weeks.

It is planned to finish as much pavement as possible west of the site of the second bridge while construction of the bridge is in progress, and it is expected that considerable concrete on the pavement will be poured before cold weather.

Meanwhile, the pavement on the east side of the railroad bridge has been completed, and it is expected that the sidewalks and "everything on that side of the bridge that we can do," will be finished before the major work is under way on the west side.

The laying of sewer, water and utility lines is nearing completion on the west side of the bridge, and the digging there includes the building of stock pile of dirt for back fill on that end of the underpass.

Progress Made On New Tax Bill

Washington, Oct. 4 (AP)—The Senate-House Conference Committee adjusting differences in a multi-billion dollar tax increase bill chalked up considerable progress yesterday in their first full day of negotiations.

They agreed to:

1. Increase the normal tax rate on corporations from 25 to 30 per cent, and leave the surtax rate unchanged at 22 per cent, as favored by the House. The Senate bill called for boosting the normal rate, which applied to the first $25,000 of a corporation's earnings, to 27 per cent, and tilting the surtax rate to 25. In either case, the combined normal and surtax rate which applies to earnings over $25,000 would be 52 per cent. The decision made it certain that corporations will be tapped for somewhat over $2,000,000,000 in additional taxes.

2. Make the corporate rate increase effective April 1, 1951, as voted by the Senate, rather than Jan. 1, 1951, the date approved by the House.

Would Start in November

3. Start collection of higher individual income taxes Nov. 1, this year. (The committee has not so far decided whether to accept the House rate, which would increase most persons' taxes by 12½ per cent, or the 11 per cent general increase favored by the Senate.)

4. Grant unmarried persons who are the heads of households approximately one-half the tax advantage available to married couples under the income splitting provision of the present law.

5. Extend for two years, until Jan. 1, 1954, the income tax exemption granted members of the armed forces serving in combat zones, and those hospitalized as a result of such service. The exemption applies to all the pay of enlisted men and non-commissioned officers.

West German Population

Bonn, Germany, (AP) — By the end of June this year, 48,030,200 people, of them 25,506,400 women, lived in West Germany, the government's statistical office announced today. In the period from April to June the population grew by 131,003. In the same period 50,000 Germans from Communist East Germany and from Berlin came to West Germany.

Koenigs Register Win Over Esopus; Hooker Scores 16

Holding a commanding lead throughout, Koenig's Insurance cagers registered a 48 to 25 victory over the Esopus Firemen Wednesday night in the "B" Division of the YMCA Autumn Basketball League.

The winners' shortest edge was in the first period when they finished with an 8-7 bulge. They wound up with a 21-9 edge at halftime.

LeRoy Hooker paced the winners with a total of 16 points. Camp followed with nine. Ferraro was high for the losers with seven.

In the other scheduled game last night, the 156th Headquarters team from the National Guard forfeited to the Accord Chevies. Only four uniformed players took the court for the 156th quintet after a 22-minute delay. A fifth player showed up after 8 o'clock but the game had previously been ruled a forfeit.

Elsworth Denies

fact that such reversal was also predicated upon the proposition that the jurors "were not adequately appraised of the fact that the evidence adduced by The People may, by its very nature, have within it proof that defendant was not responsible for his actions."

Case Is Cited

In an opinion denying the application for a change of venue, Justice Elsworth says in part:

"The right which the defendant seeks to have invoked here must be recognized as a substantial and important one. (People vs. McLaughlin, 150 N. Y. 365; People vs. Sandgren, 190 Misc. 810). To illustrate, the court on the case last cited, said; "The right of a person accused of a crime to have a fair and impartial trial before an unbiased court and an unprejudiced jury as a fundamental principle of criminal jurisprudence." The ground upon which a change of venue is to be granted, however, is, "that a fair and impartial trial cannot be had in the county where the indictment is pending" * * * and before allowance of such fact must be established as probably by clear evidence * * * the conclusion reached is that the defendant has not shown himself entitled to the relief sought."

Justice Elsworth holds that affidavits submitted by four residents of the city of Kingston, fail to show that prospective jurors of the county have a "preconceived prejudice against the defendant" which will deny him a fair trial.

Defends Freeman Stories

Calling attention to the fact that the killing of a human being by another is an "extraordinary occurrence" in any community and by its very nature invites "great public interest and discussion" and that the "community not only expects, but as well demands, full and complete coverage by existing newspaper facilities" Justice Elsworth says in his memorandum, "in short, murder is always attended by a great public curiosity and extensive publicity. Here, no complaint is voiced against the newspaper coverage given generally in the case. The sole issue raised *** is that by reason of three of the submitted articles herein above referred to, and all published following reversal, a prejudice has been created due (1) to the characterization of the "and/or" ground of reversal as a "technicality" therein and (2) to the failure to inform readers of the other and further ground of reversal."

The court does not concur in that opinion of counsel or in a statement that it will be impossible to secure an impartial jury on a new trial.

Justice Elsworth cites figures as to prospective jurors and states that from a check up with the county clerk's records it appears there should be available for the second trial a panel of in excess of 600 new jurors. Since the first trial, 122 new jurors have been added to the list.

On the first trial 386 jurors were drawn, 237 were excused by the court, leaving a balance of 149. Later 46 were excused by consent of attorneys, 22 excused by The People, 28, excused by defendant, five were challenged for cause by The People and one by the defendant, two were excused by the court with consent of attorneys, two were excused being over age and one juror was excused for illness. The panel chosen for the trial was 14, a total of 121 examined and excused or remaining on the trial panel. There were 28 remaining to be examined at completion of the jury out of the 149 available from the 386 summoned.

From the above figures Justice Elsworth holds that "it clearly appears that trial jurors will be available in ample and sufficient number" to permit selection of a second trial jury.

The application for a change of venue is denied.

Wins Third Race

Yonkers, Oct. 4 (AP)—Charlie Barrett paced the fastest mile of the Yonkers Raceway fall season before 13,495 last night in winning the featured $3,000 Ardsley in 2:05.1. Paying $9.70, $4.90 and $3.20, Charlie Barrett hung up his third win of the year in eight starts with Jimmy Jordan in the sulky. Spruce Up was second and Winnie Direct third.

To Finish West Side Excavating

Digging on the west side of the Broadway grade separation project should be finished by the end of next week, weather permitting, Joseph L. Thomas, construction superintendent for Lipsett Inc., the contractor, said today.

The tentative work schedule now also calls for starting pavement on the west side of the crossing as soon as the digging is finished and for start of steel work on the abutments for the bridge that will connect Railroad and Greenkill avenues in about two weeks.

It is planned to finish as much pavement as possible west of the site of the second bridge while construction of the bridge is in progress, and it is expected that considerable concrete on the pavement will be poured before cold weather.

Meanwhile, the pavement on the east side of the railroad bridge has been completed, and it is expected that the sidewalks and "everything on that side of the bridge that we can do," will be finished before the major work is under way on the west side.

The laying of sewer, water and utility lines is nearing completion on the west side of the bridge, and the digging there includes the building of stock pile of dirt for back fill on that end of the underpass.

Progress Made On New Tax Bill

Washington, Oct. 4 (AP)—The Senate-House Conference Committee adjusting differences in a multi-billion dollar tax increase bill chalked up considerable progress yesterday in their first full day of negotiations.

They agreed to:

1. Increase the normal tax rate on corporations from 25 to 30 per cent, and leave the surtax rate unchanged at 22 per cent, as favored by the House. The Senate bill called for boosting the normal rate, which applied to the first $25,000 of a corporation's earnings, to 27 per cent, and tilting the surtax rate to 25. In either case, the combined normal and surtax rate which applies to earnings over $25,000 would be 52 per cent. The decision made it certain that corporations will be tapped for somewhat over $2,000,000,000 in additional taxes.

2. Make the corporate rate increase effective April 1, 1951, as voted by the Senate, rather than Jan. 1, 1951, the date approved by the House.

Would Start in November

3. Start collection of higher individual income taxes Nov. 1, this year. (The committee has not so far decided whether to accept the House rate, which would increase most persons' taxes by 12½ per cent, or the 11 per cent general increase favored by the Senate.)

4. Grant unmarried persons who are the heads of households approximately one-half the tax advantage available to married couples under the income splitting provision of the present law.

5. Extend for two years, until Jan. 1, 1954, the income tax exemption granted members of the armed forces serving in combat zones, and those hospitalized as a result of such service. The exemption applies to all the pay of enlisted men and non-commissioned officers.

West German Population

Bonn, Germany, (AP) — By the end of June this year, 48,030,200 people, of them 25,506,400 women, lived in West Germany, the government's statistical office announced today. In the period from April to June the population grew by 131,003. In the same period 50,000 Germans from Communist East Germany and from Berlin came to West Germany.

Boston Gets Teacher

Salzburg (AP) — The Univresity of Boston has invited Hermann Schmeidel, professor at the Salzburg "Mozarteum", to teach at the university's college for music this fall. Schmeidel, who will travel to the U. S. under the sponsorship of the Fulbright Program, is also scheduled to conduct several concerts while visiting the United States.

Garment Union Backs Strikers at 3 Local Theatres

Members of the International Ladies' Garment Workers' Union, AFL, are being asked to support the strikers who are picketing the local Walter Reade theatres.

This was announced today by Jacob Schneider, business agent of ILGWU, who sent letters to shop chairladies in plants where the union has jurisdiction.

Schneider's letter said in part:

"We strongly urge that our membership respect these picket lines and refrain from passing through them.

"These workers are very low paid, they need your support, you can help them by remaining away from shows as long as Mr. Walter Reade insists upon importing scabs and strikebreakers from out of town and until he recognizes a bonafide labor union."

Backing of the ILGWU follows that of Local 186, Amalgamated Clothing Workers, also affiliates of 19 building trades in the Ulster-Sullivan Counties Building Trades Council, who have called upon union members to support the theatrical workers of B-42, IATSE.

The issue of a union election is reported to be the cause of the strike in which are involved cashiers, ushers, candy attendants and porters.

Picketing started September 22, at the Kingston, Broadway and 9W Drive-In theatres.

Striking employes claim membership in Local M-42 IATSE, AFL, according to Phoebe Van Wagenen, president.

Management contends it has no such union in any of its other enterprises and calls for an election first under the supervision of the labor board as required by law.

In a published statement, it added. "This was not acceptable to some of our employes who struck without notice...."

THE TEN COMMANDMENTS of OUR Business

A Customer is the most important person in any business.
A Customer is not dependent on us—we are dependent on him.
A Customer is not an interruption of our work—he is the purpose of it.
A Customer does us a favor when he calls—we are not doing him a favor by serving him.
A Customer is part of our business—he is not an outsider.
A Customer is not a cold statistic — he is a flesh-and-blood human being with feelings and emotions like our own.
A Customer is not someone to argue or match wits with.
A Customer is a person who brings us his wants — it is our job to fill those wants
A Customer is deserving of the most courteous and attentive treatment we can give him.
A Customer is the life blood of this and every other business.

19 Years of Service

You have convinced us that devotion to these ten commandments is good policy. You have given us your confidence and support. This support, in turn, has made possible our outstanding growth during the past 19 years!

proposed higher federal income taxes.

The company said the tax legislation, if approved, would "cut sharply" into the $44,000,000 requested increase.

The commission held 29 public hearings and collected 3,300 pages of testimony in the rate case. The hearings opened March 1 and continued periodically through Sept. 20.

The $57,000,000 boost would have added 75 cents a month to residential phone charges upstate, except in rural areas, where the increase would have been $1.

In the New York metropolitan area, the increase would have been $1 a month for flat-rate service to residences. Business phone rates would have risen a minimum of $1.50 to a maximum of $3 a month.

President Blames

dent expects of them.

Over and over again, the President said 95 per cent of all this country's secret information has been released in the press.

At one point he gave permission for direct quotation when he said it had been published "in the slick magazines and the newspapers."

He did not give the newsmen any specific guidance, however. He suggested that patriotism should govern what they publish regardless of what they receive from government sources.

In a formal statement which preceded the debate with the reporters, the President declared there has been "considerable misrepresentation and misunderstanding" of his executive order requiring civilian agencies of government to classify security information.

He called the order a reasonable approach to a difficult problem, but said he will be glad to change it if experience indicates it should be changed.

Dulles Spurns Post To 'Help' His Party

Washington, Oct. 4 (AP) — President Truman said today John Foster Dulles, turned down appointment as ambassador to Japan in order to help keep the Republican party from going isolationist.

The President told a news conference he offered the GOP foreign policy advisor to the State Department the Tokyo post when Dulles called on him earlier this week.

Mr. Truman said Dulles told him he didn't believe he should take the job, that he thought he should stay in civil life and try to help save the Republican party from going isolationist.

Spotters to Get 'Wings' on Monday

Volunteer spotters registered with the Ground Observers Corps of this city will be awarded their "wings" at a meeting Monday night, Oct. 8, at the Governor Clinton Hotel by William J. McGrath, chief, Aircraft Warning Service Section, New York State Civil Defense Commission.

McGrath will deliver the keynote address during the meeting, at which top city and county defense officials are also expected to be present.

Mrs. George D. Logan, post supervisor, said today that the "wings" will be awarded to all volunteers who have been fingerprinted and who have taken the loyalty oath.

Mrs. Barbara Matthews, chief observer, has notified all registered spotters of the meeting and has requested all officers to be present at the hotel at 7 p. m. The meeting itself will start promptly at 7:30 p. m.

Other persons wishing to volunteer for the spotters' group may register at the meeting, Mrs. Logan announced.

Garment Union Backs Strikers at 3 Local Theatres

Members of the International Ladies' Garment Workers' Union, AFL, are being asked to support the strikers who are picketing the local Walter Reade theatres.

This was announced today by Jacob Schneider, business agent of ILGWU, who sent letters to shop chairladies in plants where the union has jurisdiction.

Schneider's letter said in part:

"We strongly urge that our membership respect these picket lines and refrain from passing through them.

"These workers are very low paid, they need your support, you can help them by remaining away from shows as long as Mr. Walter Reade insists upon importing scabs and strikebreakers from out of town and until he recognizes a bonafide labor union."

Backing of the ILGWU follows that of Local 186, Amalgamated Clothing Workers, also affiliates of 19 building trades in the Ulster-Sullivan Counties Building Trades Council, who have called upon union members to support the theatrical workers of B-42, IATSE.

The issue of a union election is reported to be the cause of the strike in which are involved cashiers, ushers, candy attendants and porters.

Picketing started September 22, at the Kingston, Broadway and 9W Drive-In theatres.

Striking employes claim membership in Local M-42 IATSE, AFL, according to Phoebe Van Wagenen, president.

Management contends it has no such union in any of its other enterprises and calls for an election first under the supervision of the labor board as required by law.

In a published statement, it added. "This was not acceptable to some of our employes who struck without notice...."

He's Had a Lot of Practice

PSC Rejects Bid

proposed higher federal income taxes.

The company said the tax legislation, if approved, would "cut sharply" into the $44,000,000 requested increase.

The commission held 29 public hearings and collected 3,300 pages of testimony in the rate case. The hearings opened March 1 and continued periodically through Sept. 20.

The $57,000,000 boost would have added 75 cents a month to residential phone charges upstate, except in rural areas, where the increase would have been $1.

In the New York metropolitan area, the increase would have been $1 a month for flat-rate service to residences. Business phone rates would have risen a minimum of $1.50 to a maximum of $3 a month.

Registration Days

Friday and Saturday of this week are the first two days of registration in the City of Kingston. Polls will be open from 10 in the morning until 10 in the evening. If you do not register, you cannot vote in the November 6 election. Plan to register Friday or Saturday.

President Blames

dent expects of them.

Over and over again, the President said 95 per cent of all this country's secret information has been released in the press.

At one point he gave permission for direct quotation when he said it had been published "in the slick magazines and the newspapers."

He did not give the newsmen any specific guidance, however. He suggested that patriotism should govern what they publish regardless of what they receive from government sources.

In a formal statement which preceded the debate with the reporters, the President declared there has been "considerable misrepresentation and misunderstanding" of his executive order requiring civilian agencies of government to classify security information.

He called the order a reasonable approach to a difficult problem, but said he will be glad to change it if experience indicates it should be changed.

Dulles Spurns Post To 'Help' His Party

Washington, Oct. 4 (AP) — President Truman said today John Foster Dulles turned down appointment as ambassador to Japan in order to help keep the Republican party from going isolationist.

The President told a news conference he offered the GOP foreign policy advisor to the State Department the Tokyo post when Dulles called on him earlier this week.

Mr. Truman said Dulles told him he didn't believe he should take the job, that he thought he should stay in civil life and try to help save the Republican party from going isolationist.

Spotters to Get 'Wings' on Monday

Volunteer spotters registered with the Ground Observers Corps of this city will be awarded their "wings" at a meeting Monday night, Oct. 8, at the Governor Clinton Hotel by William J. McGrath, chief, Aircraft Warning Service Section, New York State Civil Defense Commission.

McGrath will deliver the keynote address during the meeting, at which top city and county defense officials are also expected to be present.

Mrs. George D. Logan, post supervisor, said today that the "wings" will be awarded to all volunteers who have been fingerprinted and who have taken the loyalty oath.

Mrs. Barbara Matthews, chief observer, has notified all registered spotters of the meeting and has requested all officers to be present at the hotel at 7 p. m. The meeting itself will start promptly at 7:30 p. m.

Other persons wishing to volunteer for the spotters' group may register at the meeting, Mrs. Logan announced.

Record age among birds is 70 years, held by an eagle-owl.

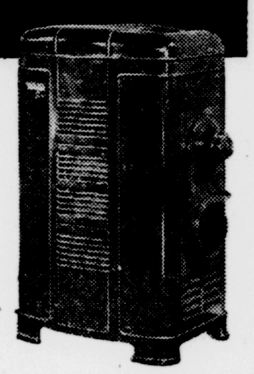
WANT LOW COST HEAT?



Cut Fuel Costs up to 25% with a
DUO-THERM
Royal Heater
with Power-Air Blower

Why track coal and ashes through the house when you can heat without work or dirt, as you cut fuel oil costs up to 25%! Here's how the Duo-Therm Royal Heater does it:

1. **Power-Air Blower** keeps more warm air in circulation—saves up to a full gallon of fuel oil out of every 4 you buy! Only Duo-Therm has Power-Air.
2. **Duo-Therm's Exclusive Burner** mixes air and fuel oil in just the right amounts for clean performance. *You get more heat from every drop of oil.* No moving parts—it's utterly silent!
3. **A Special Waste Stopper** is built right into every Duo-Therm. This fuel saving device helps transfer more heat into your home.
4. **Finger tip control dial** assures you workless, dirtless heat. You just twist the dial and get heat to order. A real money saver in changeable climates.

In addition to the Royal model (shown above) we have a fine line of furniture style cabinet models, made exclusively by Duo-Therm. Drop in. Select the Duo-Therm that will do the *best* job for you.

THE TEN COMMANDMENTS of OUR Business

A Customer is the most important person in any business.
A Customer is not dependent on us—we are dependent on him.
A Customer is not an interruption of our work—he is the purpose of it.
A Customer does us a favor when he calls—we are not doing him a favor by serving him.
A Customer is part of our business—he is not an outsider.
A Customer is not a cold statistic — he is a flesh-and-blood human being with feelings and emotions like our own.
A Customer is not someone to argue or match wits with. . . . .
A Customer is a person who brings us his wants — it is our job to fill those wants
A Customer is deserving of the most courteous and attentive treatment we can give him.
A Customer is the life blood of this and every other business.

19 Years of Service

You have convinced us that devotion to these ten commandments is good policy. You have given us your confidence and support. This support, in turn, has made possible our outstanding growth during the past 19 years!
